Hofstra Continuing Education Offers LEED® Certification Courses

FREE Information Session October 15

Hofstra University, Hempstead, NY - [Hofstra University Continuing Education](http://hofstra.edu/ce), in collaboration with Everblue Training Institute, announces a new series of LEED® (Leadership in Energy and Environmental Design) courses in LEED® Exam Review, LEED® Certification and LEED® Accreditation.

Developed by the U.S. Green Building Council (USGBC), LEED® is the most distinguished and widely accepted environmental design and green building certification.

Hofstra University is the only organization on Long Island to offer a full range of LEED® courses designed to teach you everything you need to know about sustainable, green building practices. As these procedures become more popular—and in some cases mandatory—there isn't a better time to become LEED®-accredited and learn the business of sustainable construction. Whether you're a builder, designer, or CEO, or you're simply interested in helping to preserve our environment, consider Hofstra your LEED® resource!

Join one of today's fastest-growing industries and become a certified LEED®-accredited professional!

Explore the possibilities at a FREE Information Session on October 15 from 6-7:30 p.m. To register or for more information about courses, visit ce.hofstra.edu/LEED or call (516) 463-7800.

[Hofstra University Continuing Education](http://hofstra.edu/ce) offers a broad range of workshops, seminars, conferences, lectures, events and courses in business, technology, personal enrichment, and community learning. [Hofstra University](http://hofstra.edu) is a dynamic private institution where students can choose from more than 145 undergraduate and more than 160 graduate programs in liberal arts and sciences; business; engineering; communication; education, health and human services; and honors studies, as well as a School of Law.
