

KANT YEARBOOK

Author Guidelines

The **KANT YEARBOOK** practices double-blind review, i.e. the reviewers are not aware of the identity of a manuscript's author, and the author is not aware of the reviewer's identity. Submitted manuscripts must be anonymous; that is the authors' name and references to their work capable of identifying them are not to appear in the manuscript. Each submitted manuscript must be original, i.e., by submitting a manuscript, the author acknowledges that the work has not appeared in print and is not under consideration elsewhere.

Submissions must be electronic and should include:

1. Contact information in a separate file;
2. The article as MS Word document;
3. The article as PDF document.

Submissions should be emailed to: dietmar.heidemann@hofstra.edu
