

THE

KANT YEARBOOK

is now accepting submissions for its second issue in 2010. The **KANT YEARBOOK** is an international journal that publishes articles on the philosophy of Immanuel Kant. It is the **KANT YEARBOOK**'s goal to intensify innovative research on Kant on the international scale. For that reason the **KANT YEARBOOK** prefers to publish articles in English, however articles in German will also be considered. Each issue will be dedicated to a specific topic. The second issue's topic is

METAPHYSICS

All papers, historical or systematic, related to the problem of **METAPHYSICS** in Kant's philosophy are welcome, though there is a strong preference for papers focusing on the classical theoretical meaning of **METAPHYSICS** like in *metaphysica specialis* (soul, world/universe, God) and *metaphysica generalis* (ontology). However, contemporary approaches to **METAPHYSICS** as they relate to Kantian topics like appearance–thing-in-itself, primary and secondary qualities, substance, causality, freedom, idealism, realism, etc. are also welcome.

The **KANT YEARBOOK** practices double-blind review, i.e. the reviewers are not aware of the identity of a manuscript's author, and the author is not aware of the reviewer's identity. Submitted manuscripts must be anonymous; that is the authors' names and references to their work capable of identifying them are not to appear in the manuscript. Detailed instructions and author guidelines are available at www.hofstra.edu/Academics/Colleges/HCLAS/PHI/phi_Kant_Yearbook.html. For further information contact the editor or the publisher Walter de Gruyter, Berlin/New York (www.degruyter.com). Paper submissions should go to dietmar.heidemann@uni.lu

Deadline for submission is **May 10, 2009**.
