EXTRACURRICULAR ACTIVITIES, VOLUNTEER WORK AND EMPLOYMENT

List school and community extracurricular activities that have been important to you. If you have been involved in journalism, such as a student newspaper or blog, please include clips or other samples of your work.

(You may use a separate sheet of paper.)

WRITING SAMPLE

Please write a 300-word piece about a local issue that you feel to be important to you and to your community. For example, if the housing crisis has meant that there are houses lying vacant in your neighborhood; whether recent development has made significant changes to the character of your community or to its environment; if you wonder whether there will be anything to keep you on Long Island when you reach maturity.

Attach your sample to the application form.
