## Oxford Language Dictionaries Online

### Translations and More

**Dear Subscriber,**

The Oxford Language Dictionaries Online (OLDO) provide bi-directional translations for 6 languages: Chinese, English, French, German, Italian, and Russian. Additional features greatly enhance this resource. For example, there are click-through explanations of phonetic symbols and mouse-over explanations of parts of speech, language learning and usage tools, and hundreds of correspondence templates including sample letters, emails, and CVs and résumés. Russian words in Cyrillic can be entered using the virtual keyboard and there is a character index to formulate Chinese words.

A complete tour of OLDO is available by following this link: <http://www.oup.com/oldo/about/>

The Oxford Language Dictionaries Online link is available on the Research Databases page of the library's home page (<http://www.hofstra.edu/library>).
