Places of Worship Collection, 2000-2002

12 binders (over 1500 photographs)

This collection contains over 1500 color photographs taken during 2000 and 2001 by photographer and Long Island resident, Robert L. Harrison. These photos document the exterior views of over 715 places of worship in Nassau County. Mr. Harrison, who drove a total of over 2,800 miles to take these photographs, describes the collection as “a snapshot of the diversity of the County in 2001.” The collection documents everything from cathedrals to storefront churches. (Note: Harrison added a small number of photographs to the collection in 2002. Also, the collection does include some photographs of places of worship in Suffolk County.)
