BENJAMIN FRANKLIN NEWCOMER
1827 · 1961

A detailed engraving of Benjamin Franklin Newcomer, an elderly man with a full white beard and mustache, wearing a dark suit and a bow tie. The portrait is set within an oval frame that is part of a larger, ornate decorative border. The border features intricate scrollwork and floral motifs, including what appear to be corn cobs and leaves. The entire design is framed by a double-line border with a repeating decorative pattern.
