REMAGEN A. RH.,

Jan 8 - 1918

My dear Mother:-

Just a few hurried lines to let you know I am in best of health and having a good time.

Jack came back from the hospital yesterday and you can bet I was glad to see him again. He is feeling fine and as fat as a pig. He wrote home last night so if you see his folks tell them that he is O.K. and wrote last night.

I sure do wish you could tell me when we are coming home. It sure does look as if we would be over here for life. It's sure a getting a rough deal.

I am enclosing the invitation and place card of our dinner also sending you under separate cover our menu card and programme. Kindly save them for me as they are good souvenirs to look at in

years to come, and when I have a
grandchild on my knee, "I can say, Your
old Grandpa was there".

Well, let's hope you this find you in all the
best of health,

Remain

Your loving son.

Robert
