

Neighborly Etiquette

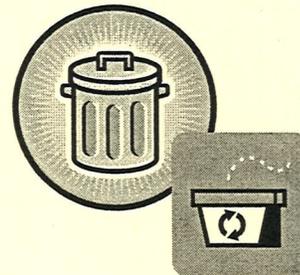

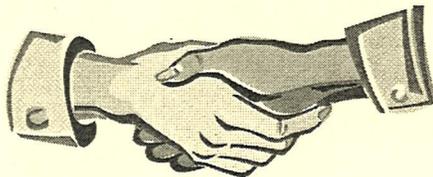

Meet your neighbor - do a favor!

One of the best things you can do when you move into a house or apartment is to get to know your neighbors. Remember to think about how your lifestyle and perspective differs from those around you.

How do you start?

- Introduce yourself. Even if you have lived there for a while, its better late than never!
- Exchange phone and contact information.
- Always share with your neighbor when you will be having people over and ask that they contact you if there are any concerns.
- Some neighbors are long term residents. Ask if they can share tips or information about the area.
- Why not bring over cookies as a welcome gift? Have your neighbors over for dinner at your place.

When you build positive relationships with your neighbors, everybody wins!

KEEP IT CLEAN!

Remember to keep your property, inside & out, free of litter, debris and trash of any kind!

PARK IT!

Remember to keep your cars in an orderly fashion in your driveway or in the street!
