**Please indicate the buildings, times and days of the week that you would prefer to work during the Fall 2008 semester. Please remember that we CANNOT guarantee you these hours. However, the sooner you get your application in, the better your chance is of getting the hours you request. We will try to accommodate you as best as we can, but shifts are assigned based on seniority, prior record and date of receipt. Please remember that you cannot sign up for a shift within a half hour before or after another obligation.**

**Please select additional hours for us to choose from and indicate the total number of hours you would like to work on the line below. In other words, if you want to work 12 hours next semester, give us 24 to choose from, and write “12 total hours” on the line below. This will increase your chance of getting the amount of hours you request. Mark your primary choices with a \* so we know to assign those shifts first if possible. Please use the back if you need more space.**
