**JAZZ**– A jazz routine incorporates stylized dance movements and combinations, formation changes, group work, leaps and turns. Emphasis is placed on proper technical execution, extension, control, body placement and team uniformity. Creative choreography will capture an audience and judges attention. Having your own “style” will distinguish your team apart from the rest. No props.

**POM**– Poms must be used at least 80% of the routine. No props. Important characteristics of a pom routine include synchronization and visual effects, along with proper pom placement and dance technique. Motions should be very sharp, clean, and precise. Your team should be synchronized and appear as “one.” A routine that is visually effective is extremely important, including level changes, group work, formation changes, etc. Keep in mind that a pom routines carries a more “traditional” theme, whereas, jazz routines are more stylized.

**HIP HOP**– Routines should include street style movements with an emphasis on execution, style, creativity, body isolations and control. The uniformity of all movement throughout the performance should complement the beats and rhythm of the music. Teams may also put an additional focus on incorporations such as jumps, jump variations, combo jumps, stalls and floor work. No props.

**HIGH KICK**–The emphasis will be on synchronization, choreography and technique. Each routine must have at least 50 kicks. We suggest that your routine have more than fifty kicks to ensure meeting the minimum requirements.
