

The Hofstra University Career Center's 2009 Education Recruitment Program

Don't Miss out on a Great Job Search Opportunity!

The Education Recruitment Program is a one-day, on-campus interview event, in which both Long Island and New York City school district representatives will be seeking candidates for a variety of certified teaching and counseling-related positions for the 2009-2010 school year. Another feature of this program is a one-day interview event, where out-of-state and upstate New York district representatives interview candidates at a local Long Island university.

To participate in the program, students must be in their FINAL academic year at Hofstra University and receiving state certification to practice in a public school. This is a benefit of students' FINAL year at Hofstra; December 2008, May 2009 and August 2009 Hofstra graduates are eligible.

Eligible students must attend one of the mandatory Education Recruitment Orientation Sessions listed below, all held at Hofstra's Career Center. Once students attend a session, they are granted access to apply online to a list of participating districts. Districts then select who they want to interview as part of the Hofstra On-Campus Interview Day, scheduled for Tuesday, March 17, 2009, or as part of the Out-of-State/Upstate New York Interview Day, scheduled for Friday, March 13, 2009.
