

Going Green at Hofstra University

Look for signs across campus promoting our efforts to create a more sustainable way of life.

- Recyclables are removed from the waste stream by Jamaica Ash.
- China and stainless steel utensils available at key locations.
- Reusable mug program; Offers .05 discount on all fountain and coffee beverage purchases when using the mug.
- New Annual Going Green Event in April.
- Styrofoam free campus.
- Local produce and local vendors.
- Coin return at Dutch Treats.
- All napkins are unbleached.
- Greenback Card: To promote sustainable resources at the Netherlands, we encourage you to use china. Every time you use china, you receive a punch on the card and after 10 times, we will donate \$1 to the American Forest Foundation.

Lackmann Culinary Services takes an aggressive approach toward maintaining an environmentally sound dining program and is constantly seeking out new and improved ways to further develop our environmental plan. We are currently investigating new ways to turn Lackmann Culinary Services into the industry standard for comprehensive environmental preservation initiatives.

Sustainability is a way of life...
Acting Today to Ensure Tomorrow
