and Human Services - Undergraduate

## **Employment Statistics – Health Professions & Human Services Undergraduate**

---

The career outcomes rate of Hofstra’s 2014-2015 job seeking Health Professions & Human Services undergraduates is 100%<sup>1</sup>.

<b>Career Outcomes Rate *</b>	<b>100%</b>
Employment Rate	92%
Graduate School Rate	65%
Employment + Graduate School Rate	58%

*\*Career Outcomes Rate = (employed + graduate school) / (total survey respondents + other reliable data sources – not job seeking)*

**92% of Health Professions & Human Services undergraduate respondents reported being employed** and 39% accepted their position before graduation. Another 46% reported that they were employed within six months after graduation.

**65% of these undergraduate respondents have reported that they are attending another institution or applied for an advanced degree** within the next semester of graduation. Sixty-three percent of these undergraduate students attending graduate school are attending full-time and popular programs include other health professions (43%), medicine (14%), and arts & sciences (14%).

Of the 126 Health Professions & Human Services undergraduate students who graduated between August 2014 and May 2015, data was collected via a survey from 60 students for a 48% response rate. Data was gathered on another 24 students from LinkedIn resulting in knowledge about the outcomes for 67% of the graduates. The data collection period for the 2014-2015 Hofstra graduates was between December 2014 and May 2016.

This report uses the best practices recommended by the National Association of Colleges and Employers’ (NACE) First Destination Survey Standards in January 2014. Many of the tables have been created from different sources, therefore the base size used to calculate percentages is varied. The source for each table is noted throughout. See the notes for further clarification on the methodology.

***The economy is constantly changing, and employment for past classes is not an accurate predictor of employment for future classes. In addition, a degree from Hofstra or any other school is not a guarantee of employment in any field.***

## **NOTES**

Due to the number of resources used to gather outcomes data, many of the tables have been created from different sources, therefore the base size used to calculate percentages is varied. The source for each table is noted throughout. This report is largely based on the responses of graduates completing Hofstra surveys, not the total number of graduates, and may not be representative of the total graduating population. LinkedIn was used to track employment information on survey non-respondents and National Student Clearinghouse and Hofstra enrollment files were used to track graduate school enrollment for all of our students.

This report uses the best practices recommended by NACE in January 2014. In accordance with those practices, this report uses multiple data sources to understand our graduates' outcomes. The sample sizes are detailed in the table below.

Some tables may not sum to 100% due to rounding.

<b>Total Population</b>	<b>126</b>	<b>100%</b>
Survey	60	48%
LinkedIn	24	19%
<b>Total Response Rate</b>	<b>84</b>	<b>67%</b>

## **GLOSSARY OF TERMS**

**Career Outcomes Rate** – calculated as the percentage of students who are employed full or part time or enrolled in another degree program full or part time divided by the total number of graduates for which we have career outcomes information minus students not seeking employment (employed + grad school) / (total survey respondents + other reliable data sources – not job seeking)

**Employed full-time** – employed 35+ hours per week (including freelance work, consulting, performance or other hours worked)

**Employed part-time** – employed less than 35 hours per week (including freelance work, consulting, performance or other hours worked)

**Employment Rate** – employed full or part time (sources: Hofstra surveys, LinkedIn and faculty feedback)

**Graduate School** – students who indicate they are already enrolled in another degree program, been accepted to another degree program, or applied to another degree program for next semester

**Grad School Rate** – enrolled in another degree program full or part time (sources: Hofstra surveys, National Student Clearinghouse and Hofstra enrollment files) + reported planning to start another degree program after graduation (sources: Hofstra surveys)

**Job Seeking** – students who are not employed, but are seeking full-time employment

**Not Job Seeking** – students who are not employed and are not seeking full-time employment

**Knowledge Percentage** – the percentage of students on whom we have information from the Hofstra surveys and other reliable data sources

**National Student Clearinghouse (NSC)** – a service that tracks student enrollment. NSC was used to see if students who graduated from Hofstra were enrolled into another degree program.

**Outcomes** – refers to student placement post-graduation, including employment and further study

**Response Rate** – the percentage of students responding to the Hofstra surveys

**Salary** – annual base salary reported by students employed full or part time
