

HOFSTRA UNIVERSITY®

**Sports Journalism
and Broadcasting Institute**
Continuing Education

Student: Alex Mitchell

I attended the Teen Broadcast Institute at Hofstra University this past summer and I had a phenomenal experience! The hands-on training and field experience was amazing. The guest speakers, who are top professionals in the broadcasting field, added so much to each session.

The field trips let us test our skills and we were able to use the studio to broadcast our reports. After the terrific experience I had the first week, I signed up for Backpack Journalism the next week! Ed Ingles and his staff shared their expertise and experience with every student. We learned how to interview, edit, and deliver a broadcast. I can't wait to go back this summer!
