

**Sports Journalism
and Broadcasting Institute**

Continuing Education

Parent: Mr. Jack Hartog

The Sports Journalism and Broadcasting for Teens program was the first time Adam was excited and fully engaged in any academic program. He absolutely thrived.

He developed very close personal relationships with the instructors, who took him under their wing(s). He loved every minute of it and it has given him a confidence and sense of satisfaction that is just wonderful to see.

The exposure the kids get to so many different aspects of the broadcast process is wonderful. It is just fantastic that such a program is offered in our own backyard.

Thank you. Jack
