

STUDENT TESTIMONIAL

Julia Nager
Undergraduate *Class of 2022*
Hofstra Northwell School
of Nursing and Physician
Assistant Studies
Class of 2023
Hometown: Freehold, NJ

As an undergraduate student in the dual-degree PA program, I've already had so many amazing experiences to prepare me for my future career in the medical field. One of my favorite classes is PA Seminar, a course taught in each spring semester of the undergraduate portion of the program. The course is taught by professional PAs, and we learn how to interact with patients and also about our role on the healthcare team. Another awesome part of the program is completing healthcare hours. Students independently seek where they will complete their hours and are able to experience different aspects of medicine. I worked at a hospital and chiropractor's office, which were both amazing experiences and have furthered my passion for health care! I love being in the PA program at Hofstra, and I know that I will carry the friendships and connections that I make in this program with me for the rest of my life.

"What puts Hofstra's PA program above the rest is the supportive, positive environment that allows the opportunity for students to succeed while completing a vigorous professional phase curriculum. Faculty members are leaders within the PA profession and focus on mentoring students to become outstanding clinicians and future leaders. Hofstra offers diverse clinical clerkship experiences and has secured outstanding clinical affiliates that offer the hands-on experiences necessary to acquire the skills to work collaboratively to provide patient-centered care as well as an opportunity to network within the field."

Nondiscrimination Policy: Hofstra University is committed to extending equal opportunity to all qualified individuals without regard to race, color, religion, sex, sexual orientation, gender identity or expression, age, national or ethnic origin, physical or mental disability, marital or veteran status (characteristics collectively referred to as "Protected Characteristic") in employment and in the conduct and operation of Hofstra University's educational programs and activities, including admissions, scholarship and loan programs, and athletic and other school-administered programs. This statement of nondiscrimination is in compliance with Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act Amendments Act, the Age Discrimination Act, and other applicable federal, state, and local laws and regulations relating to nondiscrimination ("Equal Opportunity Laws"). The Equal Rights and Opportunity Officer is the University's official responsible for coordinating its overall adherence to Equal Opportunity Laws. Questions or concerns regarding any of these laws, other aspects of Hofstra's Nondiscrimination Policy, or regarding Title IX as it relates to reports against employees or other nonstudents, should be directed to the Equal Rights and Opportunity Officer, who also serves as the Title IX Officer for Employee Matters, at HumanResources@Hofstra.edu, 516-463-6859, 205 Hofstra University, Hempstead, NY 11549. Student-related questions or concerns regarding Title IX should be directed to the Title IX Officer for Student Issues at StudentTitleIX@Hofstra.edu, 516-463-5841, 127 Wellness & Campus Living Center, Hempstead, NY 11549. For additional contacts and related policies and resources, see hofstra.edu/eoe.

 HOFSTRA UNIVERSITY

BS/MS in PHYSICIAN ASSISTANT STUDIES PROGRAM

HOFSTRA NORTHWELL
SCHOOL of NURSING
AND
PHYSICIAN ASSISTANT STUDIES

First-Year Direct-Entry Students: Dual-Degree BS/MS Program

Admission Requirements

Applicants are expected to meet each of the following conditions:

- High school cumulative GPA of 3.5 on a 4.0 scale
- SAT score of 1300 (on the Evidence-Based Reading and Writing plus Math sections) or ACT composite score of 27
- Submission of the BS/MS in Physician Assistant Studies Program Supplemental Application

Students who do not meet all conditions for the first-year direct-entry option may apply to the postbaccalaureate MS program via the CASPA process upon graduation.

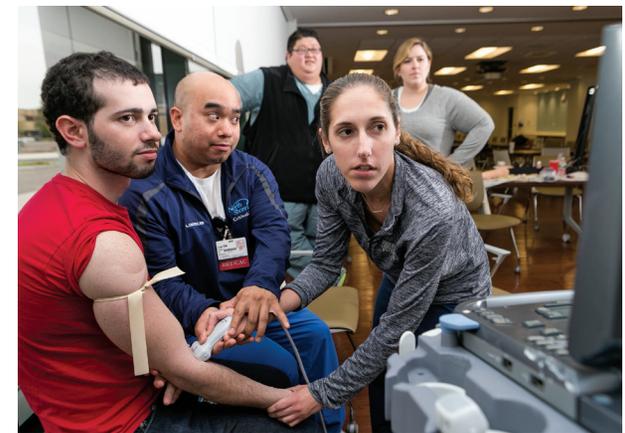

Matriculation to the graduate phase of the PA program is predicated on a number of undergraduate factors. For these requirements and answers to other frequently asked questions, please visit hofstra.edu/directentrypa.

First-Year Student Application Process and Timeline

Prospective students submit the Hofstra application or Common Application during their senior year of high school, available at hofstra.edu/apply. Qualified applicants receive the BS/MS in Physician Assistant Studies Program Supplemental Application following admission, which must be completed to be considered for the dual degree.

- November 15** → We recommend that students apply Early Action to Hofstra University.
December 15 → Apply by November 15 for Early Action 1 or December 15 for Early Action 2.
- December** → Students will receive their admission decision to Hofstra
January → Note that this admission decision will not include a BS/MS Physician Assistant Studies Program decision. Admission decisions to the program are mailed separately at a later date.
- Beginning** → Qualified applicants receive BS/MS in Physician Assistant Studies Program Supplemental Application (via my.hofstra.edu).
January 5
- February 15** → We recommend that students submit the completed BS/MS in Physician Assistant Studies Program Supplemental Application by this date.
- Beginning** → Students receive direct-entry PA program admission decision via mail.
March 15

Physician Assistant Studies Program Highlights

- Hofstra's Physician Assistant National Certifying Examination (PANCE) scores are consistently high. The five-year first-time PANCE test taker average pass rate for Hofstra's program is 99%.
- Learning modalities include case-based learning, dissection in the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell structure lab, and a state-of-the-art simulation lab. All modalities encourage students to integrate basic science with the study and application of clinical medicine.
- Clinical affiliates throughout the Long Island and New York metropolitan areas represent a broad spectrum of facilities and potential employment settings. A list of clinical affiliates can be found at hofstra.edu/papaffiliates.
- Students conduct research at hospitals and community-based organizations across Long Island and New York City on pressing clinical and public health topics. Findings have been published and students have presented research at state and national conferences.
- The highly skilled and qualified faculty members are dedicated to and passionate about the PA profession and the program, and they are focused on student success.
