

HOFSTRA UNIVERSITY[®]

SUMMER CAMPS

READING, WRITING & MATH ASSISTANCE CAMP

Dear Parents:

Please complete the following form and return to the camp office before May 30.

Name: _____

Grade this upcoming September _____ Age _____

Session(s) attending: 1 _____ 2 _____ 3 _____

The Reading, Writing and Math Assistance camp is an excellent way for campers to stay focused on academics during the summer recess or revisit problematic curriculum in a smaller class setting.

Hofstra's Reading, Writing and Assistance Camp objectives are:

1. To reinforce previous learning in small group instruction
2. To develop a sense of self-confidence
3. To assist students in reaching their maximum potential

It would be greatly appreciated if the student's parent or teacher would help us better understand the child's academic needs by filling in the comment space below. In addition, any supportive paperwork such as standardized test scores or IEP's from school would be of great assistance.

Parents/Teachers Comments:

Please return by May 30th in the enclosed return envelope
