

THE TUITION REFUND PLAN

Providing Students Tuition Security Since 1930

PROTECT YOUR TUITION AND FEES WITH THE TUITION REFUND PLAN

The cost of education today is a substantial investment, one which is likely to be your second largest next to a home purchase. If you are hurt or become ill and cannot complete the term, you stand to lose thousands of dollars.

While most universities provide partial refunds for withdrawals, they are limited and usually effective only when you withdraw early in the term. The Tuition Refund Plan dramatically enhances the university refund schedule and provides more generous refunds throughout the entire term.

The Tuition Refund Plan will alleviate a portion of your financial loss. The Plan will return your tuition and allow you to re-enter college when a term must be repeated. It will provide funds which can reduce your loan obligations under government or private loan programs.

The Plan is administered by A.W.G. Dewar, Inc., Quincy, Massachusetts, now in its ninth decade of service to the educational community. Today, over 1,300 leading independent schools and colleges throughout North America offer the Plan. The Plan described below has been specifically designed for the needs of college students and parents. It offers a unique benefit which refunds a portion of term tuition when you are forced to withdraw for medical reasons at any time during the term.

WHAT THE PLAN COVERS

INJURY & SICKNESS WITHDRAWALS

75% of the insured term tuition less any refund or credit due you from the university, will be refunded provided your physical condition is certified by a licensed physician and forces you to completely withdraw from all classes for the balance of the term.

MENTAL HEALTH WITHDRAWALS

60% of the insured term tuition less any refund or credit due you from the university, will be refunded provided your condition is certified by a licensed physician and you have completely withdrawn from all classes for any condition whose diagnosis is found in the DSM-IV Manual.

In both cases above, a "complete withdrawal" from the university is required. This means you have given written notice that because of an injury or sickness you will not be able to complete the term and you will not receive any academic credit. A written statement from your doctor certifying the injury or sickness and college verification will be required.

CONDITIONS OF COVERAGE

Your protection covers a full term from the opening to closing date. Your application must be postmarked before the opening date. This coverage refunds on a term basis only. If you start classes after opening date, you can still enroll in the Plan if your application is postmarked before your first class day. No applications can be accepted after you start classes. Coverage ceases on the last day of formal academic instruction by the university due to any reason.

EXCLUSIONS

- war or any act of war, declared or undeclared
- terrorism
- the use of any drug, narcotic or agent which is similarly classed or has similar effects (except when it is prescribed by a doctor)
- taking part in a riot
- failure to attend classes for any reason other than injury or sickness

- suicide or intentional self-inflicted injury or sickness
- nuclear reaction, nuclear radiation or radioactive contamination

CLAIMS

Claim forms with instructions are available at the university business office or by contacting A.W.G. Dewar, Inc. All Mental Health withdrawals will be classified in accordance with the American Psychiatric Association's Diagnostic and Statistical Manual - DSM-IV.
