

**Agenda of the 87th Senate
Student Government Association
Hofstra University
October 6th, 2022**

Call to order

Meeting Called to order at 6:36 PM EST

A. Quorum Call

- a. Quorum set at 22
 - i. Comptroller Fountain moves to open the gallery
 - 1. Motion seconded
 - 2. Motion passed

B. New Business

- a. Swearing in Justices
- b. Jess Eads & Jean Peden Christodoulou Visit Senate!
 - i. Jean Peden Christodoulou: I spent 8 years working with students across many organizations on campus that help with students. Kept students compliant with COVID regulations. Moved over to work as Chief advisor on Dr. Poser's staff. Help enact Poser's vision for Hofstra. Bringing past experiences to Hofstra on Poser's board. Work closely with Poser's Cabinet. If anyone ever needs anything please contact me with concerns or questions.
 - ii. Jess Eads: A Hofstra alumni, started working as a research assistant, moved onto admissions. I am the dean of admissions. Wasn't able to continue with promises made to prospective students beyond admission as VP of Enrollment so this created the marriage of Enrollment and Division of Student Affairs and is now known as Division of Student Enrollment Engagement and Success. Helping you from being a prospective student all the way to when you graduate. Find ways to get more students involved. Helping in every aspect of student life outside of the classroom.

Needs students' opinion if we're doing the right thing. Actively listening to what the goals and wants of the student body is.

iii. Questions:

1. Chair Jackson: I'm the equity and inclusion chair. Could you elaborate on the University's policies with religious holidays and how professors can help be more sensitive to their religious observances?
 - a. Jean: Faculty get info from Provost office and asked to make sure activity can be made up. Given a list of observed holidays and told they can have someone cover them on their observed holidays. Work together and be communicative from both students and faculty. Not spelled out word by word exactly what to say.
 - b. Jess Eads: Listened to students express their challenges, put together a project time in Student Affairs. A communication plan to be enacted to remind faculty of religious holidays in a series of emails. Anita Ellis & Gillian Atkinson a part of this. Anita is the "go to" with what reminders we need. Working on student messaging and forwarding to faculty.
2. Senator Siegel: Some religious holidays require no technology and students are still required to turn in assignments, how can we work on this problem?
 - a. Jess Eads: Bring this up to provost and faculty.
 - b. Jean: Connect to the Provost office with personal cases about professors possibly not respecting religious observances. Identify policy issues and personal.
 - c. Senator Siegel: I do believe that this is a policy issue, I have seen and heard quite a few people bring up this issues but don't know how to bring it up.
 - d. Jess: A ton of work can be done wo help this issue. This is definitely something to bring up to Anita. Also Rabbi Dave who is on the committee.
3. Chair Anniballi: I am the Appropriations chair, asked about hours of operations on campus last week. Concerns about length of hours on campus.
 - a. Jess: I already solved that problem! It will be effective Nov 1st. We just approved the gym to be extended to 11 pm during the week, and a little later on the weekend. I am still working on live instructors as well.

4. Senator Papsadero: I sit on the wellness and campus safety committee. Chair Stadaker is working on a free menstrual product proposal in bathrooms on campus. What are your thoughts about this proposal?
 - a. Sev: They are proposing to have free menstrual products in the bathrooms starting in the student center.
 - b. Jess: I am certainly in support of it, I just don't know much yet. It's gotta come to me, but I would like to look into more.
5. Chair Pandit: I have two questions. Club Swim is wondering if it's possible to reserve hours in the swim center?
 - a. Jess: I am not sure. I would need to check more, that's more on the athletic side. It should probably go to Pat first, and then Sev and I can bring it back up to the Swim Club
 - b. Jean: We can certainly connect the question. There is a lot more that goes into that. We need more details but we can certainly bring it up.
 - c. Sev: Definitely doable. Just a matter of connecting to the right person.
6. Chair Pandit: Second question is more related to academic affairs. There is talks of Hofstra becoming a more research based institution, what are the updates on this?
 - a. Jean: I am excited to say that since we had this Hofstra vision project, there was an executive report with some themes that came out of it- we have many aspirations to be more research based. It is really important to President Poser as well as our new Provost. They have also been talking to faculty also very interested in it- there is a committee of faculty in order to brainstorm ideas on what we can do. Stay tuned!
 - b. Jess: It is connected to how we recruit. One of the big things about our school of engineering; our undergraduate students are already doing research, and that is attracting students. As soon as we add layers of research opportunities in other programs, we will definitely be able to showcase that.
7. Senator Siegel: If Hofstra becomes more research based, what will happen to the arts program?
 - a. Jess: There is also a vision and dream to enhance the arts as well. It is near and dear to us all, and we have a really

- incredible program. Of all the students we admit, how many people actually choose us? Our arts and comms department have the highest yields, so it is definitely not going to be forgotten
- b. Jean: Strengthening and defining our core liberal arts programs. It's not just research, but all of it.
8. Senator Genfound: Is there a way to implement better training into mental and physical health for students and sensitivity from professors?
- a. Jess: mental health is another thing that is top on our priority list- how can we set up our students for success and make sure students have what they need to do so. We have a whole wellness area so we can support you outside of the classroom- but in the classroom is also important so we are coming up with ways to inform and train the professors, and looking for the best way to train them.
9. Chair Giovannagelo: One of the biggest things in my committee is the 18th credit and how our tuition only covers 17 credits. Is there any information about this initiative?
- a. Jess: It is something we are looking at and trying to understand. Lots of ways to look at this but it remains a priority.
10. Senator Barone: I was recently put on probation while taking a mental health break. Are there any guidelines professors can follow for the mental health of students?
- a. Jess: We have a lot of work to do regarding this. No college campus really knows what to do. It may on paper seem very simple but it is actually very complex and needs a lot of thinking to find a solution- we need to find one, but it is not that simple. Unintended consequences happen from too quick of action.
 - b. Jean: I do believe in the importance of mental health of students. We need to figure out how to respond to these concerns and have people who are active listeners. Regarding the policy, we want to be able to voice how there is no strong attendance policy in the institution. Flexibility allows for many issues and makes things complicated.
11. Chair Boothe: I'm the programming chair. I'm an RA in Csquare and you worked right away on the hydration station. I appreciate

you taking time out for my concerns. What accomplishments are you most proud of working at Hofstra?

- a. Jean: I'll give just one. I was responsible for a lot that we did around COVID. I got to be a part of the most amazing community organization during the hardest time. I was really proud to be a part of that. Also, a lot of the physical changes to the campus that SGA is a part of. It was really neat to be a part of them, you really have more power than you think and it's rewarding to see the starts of all that.
- b. Jess: That is hard! Two things. Firstly, I admire all of you and every time a student group accomplishes something amazing, I am proud of all of you. We spend a lot of time reading your profiles and admissions, so when we see these students work hard it is great for me. Secondly, I am proud of how long my team has worked for me. You need stability for great things to happen, and people who have been there for a while and recognize issues and concerns. Building loyalty is important and I'm proud of that.

12. Senator Hernandez: Because of these new hours, during the holidays and summers will the times be different as well?

- a. Jess: (checking her phone for the proposal) The actual hours are now 7am-11pm Mon-Fri. Weekends are now 10am-5pm. I will write to them and have them keep in mind Holidays and Summer. We will monitor that. I sent an email out Monday asking for people to get involved and join a group to talk to me and work on different initiatives. Main goal is to gauge what is most important to students.

13. Senator Nogueira: Since there is talk about the fitness centers change of hours, could this extend to the student center and other dining areas on campus?

- a. Jess: I am very much working on that. The eateries and the book store- extending the hours. And the lines! It will take some time, but there needs to be better solutions. We are working with Compass, and are having some meetings to reimagine where things are located, etc.

14. Senator Siegel: On other campuses there are student workers? Would this happen here?

- a. Jess: We are unionized on campus. So sadly that is not something we can do.

15. Senator Genfound: Are there any ways to push hours earlier for fitness for those with early class.
 - a. That will be round two. We wanted to make sure we got this first, but I will definitely keep pushing
 - b. Jean: Because of budgeting, there weren't any ways to have longer hours. Now they will monitor these hours and see if students will use these facilities. Make sure to spread the word about these new hours.
16. Chair Decresenzo moves to close the gallery
 - a. Motion seconded
 - b. Motion passed
17. Comptroller Fountain moves for a five minute recess
 - a. Motion seconded
 - b. Motion passed
- c. Constitutional Benchmark
- d. [S.A.2022.87.007](#)
 - i. Chair DeCrescenzo: This is about the new external advocacy branch of SGA. This will be for organizations who do not feel like they are a club and want to work more closely with advocacy and students. Previously, there was no official rules so the aim was to make simple terms for rules and regulations of advocacy groups. Rules include external advocacy groups must be in full adherence of the SGA policy series, they must be undergraduate students enrolled at Hofstra. Each EAG must appoint a liaison, they will sit on committees and come to Senate monthly, want to have clear communication of SGA and a person on the EAB. Should SGA decide to change any rules or procedures regarding the EAB the representative must attend the Senate meeting. Failure to follow these rules is defined as a misconduct and may result in a suspension of partnership with SGA.
 - ii. Senator Siegel: What is the difference between EAB and EAG?
 - iii. Chair DeCrescenzo: They are two different things. They will not be officially apart of Senate.
 - iv. Comptroller Fountain: Making it so that they are not a member of gallery and can speak freely.
 - v. Chair Anniballi: The EAB is made up of external advocacy groups.
 - vi. Chair Boothe: Why are we linking them to a Senatorial Action instead of the constitution?
 - vii. Chair Anniballi: Since these are policies we decided to put it towards the policy series as a Senatorial Action.
 - viii. Senator Guenford: What is the reason for the EAB's not being on Senate?

- ix. President Germaine: This was something we passed in the 86th senate. Came from administration wanting BLAC to have a place on campus. BLAC does not see themselves as a club so the idea of an EAG came up to help them find a place.
- x. Chair Jackson moves to open the gallery
 - 1. Motion seconded
 - 2. Motion passed
- xi. Chair Boothe: I move to strike subsection B section 2 and add SGA constitution of which it will be linked.
- xii. Chair Jackson moves to pass S.A 007

“I, (name), hereby solemnly swear to faithfully execute the duties of the office of (Justice,) for the Student Government Association of Hofstra University; to obey and enforce the Student Government Association Constitution and Bylaws and such policies, rules, and procedures made pursuant thereof and to fairly and faithfully discharge the duties of the office.”

S.A.2022.87.007

External Advocacy Branch Guidelines

Taken from Section 1 of the Policy Series

- 1. External Advocacy Groups (EAGs) that are a part of the Student Government Association External Advocacy Branch (EAB) are responsible for following the protocols below:**
 - a. EAGs must be in full adherence to the [SGA Policy Series](#).**
 - i. All members must be undergraduate students, currently enrolled at Hofstra University. .**
 - b. Each EAG must appoint a liaison who would be the point of contact for all official SGA-EAG communication. If utilizing an organization email or social media account, the liaison's identity must be clear.**
 - i. The required position of a liaison has no bearing on the group's internal leadership structure; it can be any member and can be changed.**
 - ii. If communication is to be conducted through another EAG member besides the liaison as outlined in Article 502.1 Section B of [S.A.2022.86.005](#), the change must be notified and conferred upon by all parties involved.**
 - c. Should SGA desire to change any rules or procedures regarding the EAB, one representative from each EAG is required to attend the Senate meeting in which the changes will be deliberated and voted on.**
 - i. EAGs will receive the text of any legislation regarding changes to EAB guidelines prior to its review by the Club Resources (CR) committee from the author(s) of the legislation. EABs may respond with any comments prior to its review by the CR committee and Senate body.**
 - 1. The SGA Club Resources Committee and Senate reserve the right to pass any legislation through sole internal deliberation.**
 - ii. The EAG Representative(s) chosen by each respective EAG cannot also be a current member of the SGA Senate or Judicial Panel.**
 - iii. EAG representatives can exercise the right to express the view of their group during Senate debates, but they may not exercise voting power.**
 - 1. During Senate debates on EAB related legislation, EAG representatives will not be considered part of the gallery, allowing for their direct participation through the expression of their views; however, they shall be physically seated in the gallery.**

- 2. An EAG not represented at the Senate meeting on the day of an EAB related legislative vote will have no impact on the procession of its debate and corresponding vote.**
- 2. Failure to adhere to these protocols or any regulations outlined in other legislation pertaining to the EAB is defined as misconduct as mentioned in Article 504.1 of [S.A.2022.86.005](#) and may result in a suspension of partnership with SGA.**
- 3. Upon being recognized as an EAG, all organization members are to receive all relevant EAB information within two days of SGA recognition.**

Senate Quorum

Taken Section XI General Policies, Subsection B of the Policy Series

A. PARLIAMENTARY PROCEDURE

1. QUORUM

- a. In all meetings of Student Government Association organized bodies, except for full Senate, a quorum and/or majority shall be constituted by attendance of ~~half plus one~~ **the majority of the voting members present full membership**. No business shall be entertained unless in the presence of quorum. If any Senator doubts the presence of a quorum, they may order the calling of the roll. If a quorum is not demonstrated at any given time, the only motions that are in order are to recess temporarily, to call for absent members, or to adjourn.

2. SENATE DEBATE

- a. The presiding officer reserves the right in all cases to set regulations for debate and voting, but members of the Senate may, through an appeal from the decision of the Chair, make motions concerning debate and voting which shall supersede such regulation.

3. OBJECTIONS

- a. Senators shall have the right to object to any proceedings.

4. MOTIONS

- a. Senators who make a motion are entitled to the floor to speak on their motion and receive the floor by virtue of their making the motion. If the presiding officer declines to recognize a motion, a Senator who did not originally make or second the motion may raise a point of order that the motion be recognized. If one-third (1/3) the members present second said point of order, the presiding officer shall then put the question to the Senate.
 1. Consideration of Motions: In the absence of objection, motions proposed and entertained shall stand approved.
 2. Objections to Motions: Motions where a contest obviously exists through objection must be put to a vote. The presiding officer may also, at their discretion, put a question to a formal vote even where there is no apparent objection.

 - i. Formal debate:
 - 1. For: Chair Jackson: This does set a clear set of rules and it is important to say that this is at the discretion of the appropriations chair. You do have the ability to reschedule and make sure that you are doing the proper thing for your club.
 - a. Senator Egolf: This ensures that there are multiple opportunities for them to get their budget and it would lead it at the discretion of the chair.
 - 2. Against: Comptroller Fountain: I want to say that I do enjoy the treasure trainings, the only thing that I have an issue with is 1. I would like to change the wording a bit as right now it seems like every treasurer has to come but some have treasurer that are veterans. I also am considering tabling this as we might be joining this with the idea of changing recognition. I don't think it is necessary if it is a veteran treasurer or someone whose budget is perfect.
 - 3. For: Chair Giovangelo: This codifies everything we have been doing previously. Allows the appropriations chair to state that

it is in the policy series. Also it makes it easy to remind treasurers about what are the proper ways to make a budget.

- a. Chair Anniballi: I wanted to be careful with this language and I wanted it to be more so that treasurer training is going to happen semesterly, but I also want to confirm that this is just a base level power for the appropriations chair.

4. Chair Jackson: Is this a normal majority vote?

- a. VP Singh: Yes this is

5. Chair Staderker moves to pass S.A 006

- a. Motion seconded
- b. Motion Passe 10-1-2

d. Public Safety Visits Senate!

i. Gerri Hart and Giovanni Ortiz are here to speak with us!

1. We are going to be introducing HOFSTRA SAFE. This is an app that is going to be an essential tool to enhance safety and campus experience

- a. We have safe walk at public safety when you can walk but the app will serve as a mobile blue light
- b. We also have some general things on there that include events, LIRR, shuttle bus, communication and more

2. We have been doing Heart to Heart meetings, we are planning volleyball games, we are doing a lot to engage and do more outreach in the Hofstra community, we are doing breast cancer awareness

a. 400 followers on social media!

- i. Chair Anniballi: I have noticed that a lot of the blue lights are off and seem very distantly separated
 - 1. Some of the lights are different colors, they have been checked over the summer to make sure they are working

ii. Chair Jackson: Is the painting ongoing?

- 1. It is ongoing

iii. Chair Pandit: I was wondering if the app is able to connect to the students device, such as in an instance of lockdown?

1. There are apps for both major phones and the notifications will be pushed in the app and through a text message
- iv. Senator Perez: How many PSAFE officers do we have?
 1. We have about 60 at the current time and we go through a process of starting as part-time and then if it is a good fit, we move them to a full-time position
- v. Senator Egolf: What buildings are the student safety officers stationed at and what is their role?
 1. They are called Student Safety officers, they help with Safe walk, shuttle dispatch, events at fall fest and HOFUSA. They have gone through a lot of change within their positions. They go on patrols around the library, Student center, and the residence halls.
- vi. Senator Siegel: What is the “HICK”?
 1. It is the PSAFE hub/office
- vii. Chair Atlas: I have class in CV Starr and there was an officer directing traffic once and then another time not. Is there going to become a thing that keeps going?
 1. I'm not sure what was going on at that time- There was a utility pole down that we were assisting with. We step in when we
 2. need to. We will look into this since you found it helpful having someone there.
- viii. Chair Stadeker: I have noticed they have been closing a lot of RSR booths that are now empty, was that a choice you made or through RESLife.
 1. The decision was made in the beginning of the Semester. C-Square was limited to one booth for now. We are pulling down on the coverage in certain areas where RSR's are not technically needed.
- ix. Senator Seigel: I am an RSR and it is difficult because we work late shifts, and there is no out time and there are issues getting their ID's break. There

is also no one to relieve me if I need a bathroom break or food, etc,

1. We have ResLife helping so that the RD's can help relieve our RSRs and hopefully eliminate some of these issues.
- x. Chair Boothe: Hello! I have been sharing the app! I am just wondering about doors that have been locking, and I was wondering how this could be addressed because the mechanism seems to not be working properly- it doesn't lock properly.
1. It may be a number of things. If you call us we were certainly do our best to alleviate the problems
- xi. Chair Atlas: I was wondering about fire safety. I heard a fire alarm go off and no one responded- I was wondering what the criteria is for someone to respond.
1. We are always dispatched along with the fire department when an alarm goes off. We are required to go and turn off the alarm system and do a check. Unless there is a malfunction, there should always be someone responding and checking things out.
- xii. Maxie DiBiso: I have heard rumors of people saying students are going to get charged if they get locked out of their doors and call PSafe to come let them in.
1. I have not heard anything of this, and we do not plan on doing this
- xiii. Shirley: Is there any way you can include GPS services within the app?
1. I don't know the answer, but I will certainly find out if that is an option.
- xiv. Senator Siegel: I have heard some students have been locked out for long periods of time and I was wondering if that is normal or if it is supposed to be a quicker response so people can get back in?
1. These students should not be waiting that long but a lock out is unfortunately pushed

to the bottom of the list depending on what is occurring during the same time period.

xv. VP Singh: Does Public Safety have a dog?

1. No, we do not have a dog.

- Emergency Meeting: Club Roller Hockey
 - Chair Anniballi: We are meeting today because we had an emergency request from roller hockey. They were supposed to be recognized today, but their presentation got pushed. I recommend we vote to not allocate these funds, but I want to leave that to the discretion

of the committee. I receive many emails asking for special circumstances, and it's not fair to give one club this advantage over the other.

- Comptroller Fountain: This is a special circumstance and they need the money for next week, and it's only \$350.
- Comptroller Fountain moves to allocate \$350 for Club Roller Hockey.
 - In favor 2
 - Opposed 1
 - Abstain 1
 - Motion Passes: Y2-N1-A1

Allocations:

Club/Organization	Amount Requested	Amount Allocated	%
Roller Hockey	\$350	\$350	100
