A. Quorum Call

- a. Quorum set at 24
 - i. Senator Siegel moves to open the gallery
 - 1.
 - 2. Motion seconded
 - 3. Motion passed

B. New Business

- a. End of Semester Reports
- b. Budget Appeals
 - i. [Spring 2023 Budget Appeals \(Fall 2022\)](#)
 - ii. [SGA Appropriations Policy Series](#)
 - 1. Gallery Form Club
 - a. Chair Staderker: Can we fund non SGA clubs?
 - i. Chair Anniballi: Yes, as long as they are OSLE recognized.
 - b. Chair Boothe: Have any of them gone to treasurer training?
 - i. Some did go and some did not, they are noted at the top of the paper.
 - c. Chair Boothe: How do we use receipts as a form of proof for purchase?
 - i. We are able to reimburse as long as they are legible and accurately shows tax that we can subtract from the overall

- d. Senator Egolf: There is a quote that is through the notes app, is this valid?
 - i. No this is not.
 - 2. Chair Jackson: For the train tickets, they showed a screenshot of the MTA app, is that valid?
 - a. Yes this is a valid form of receipt.
 - 3. Senator Katz: Why were their forms not looked over before?
 - a. Because there was no name put down we didn't look at their budget fully, cause we couldn't verify their standing as a club.
 - 4. Senator Egolf: How do we fund for "pay what you wish"
 - a. That is up to the discretion of the Senate, it's up to you how we allocate funds.
 - b. Senator Guenford: They mentioned the pricing of museum tickets and other activities.
 - 5. Senator Egolf: Could we fund fully for everything with the museum tickets?
 - a. No we could not
- iii. American Medical Women's Association
 - 1. Chair Jackson: What is the allocation amount for the American Medical Women's association?
 - a. For the reimbursement, it is a lump sum of all receipts.
 - 2. Senator Guefound: Do we know how many club members would be going?
 - a. That would not be necessary to know as long as they abide by the policy series.
 - 3. Chair Stadeker: If we did not want to fund them, we would move to fund "zero dollars"?
 - a. That is correct
 - 4. Chair Jackson: Can you go through the numbers for items?
 - a. For the museum trip, just counting the train tickets would be \$275.50.
 - 5. Senator Papsadero: Was the money funded only because we didn't know they were recognized?
 - a. That is part of it, and others were because of quotes on their sheet.
 - i. Chair Stadeker moves to allocate 277.50 for line item 2 for Form Club

1. Motion seconded
 2. Motion passed
 3. 17-0-5
6. Senator Egolf: Restocking supplies refers to refunding the previous items and getting them again. Are they allowed to not specify what the items are?
 - a. It would be 198.80 because they did not include the sufficient quotes as it is both reimbursement for a refund and repurchasing.
 - i. Chair Stadeker moves to allocate 0.00 for line item
 1. Motion failed
 - ii. Chair Boothe moves to allocate 33.48 for line item one
 1. Motion failed
 7. Chair Jackson: Does the only thing that does not have accurate quotes is the mini-pumpkins?
 - a. Everything else is a sufficient quote but some can argue that the tote bags are not a sufficient quote. They can always come back in the spring and submit better quotes.
 8. Senator Siegel: What do the dates refer to on the quotes?
 - a. We just do not know from the receipt.
 - b. Chair Giovangelo: On the topic of the tote bags, if it was just henna tubes and paint brushes, it would be 64.47.
 - i. Senator Tauro moves to allocate zero dollars to line item 1
 1. Senator Papadesero objects
 - a. Senate moves in debate
 - i. For; Senator Tauro: It seems that their quotes are disorganized and I think that it is not prudent to allocate for these things when they can come back next semester and

- have accurate numbers for the items.
- ii. Against Chair Jackson; Clubs come to SGA as they are and I don't think we should fault them completely, I do think they have a strong idea of what the funds are going to and it doesn't go against the policy series to my knowledge.
 - iii. Against; Chair Boothe: I think they should be getting something with the quote that is appropriate
 - iv. Against; Chair DeCrescenzo: We should give some sums to try for some funding.
 - v. For; Chair Staderker: There are plenty of clubs that come with organized quotes and sheets. I think if they come back next semester with correct documentation, it would be easier to understand the funds they need.
 - vi. For; Senator Wong: In comparison to other clubs, there is not a lot of

- organization and I think not allocating would help them come better prepared.
- vii. For; Senator Siegel: I want to point out that this is for the fall but we are doing Spring's allocations.
 - viii. Against; Senator Egolf: We can agree these quotes are not great. However, they are not SGA recognized so they were not required to go to treasurer training. It might not be ideal for the future, but we have the receipts and by allocating them they could be more understanding about the whole process and be willing to work with us.
 - ix. Senator Livingston: We shouldn't be compared to other clubs.
 - x. Motion does not pass
 - xi. 5-7-6
- ii. Chair Boothe: Was this a refund?
 - 1. A lot of this is a refund because we are currently working into the spring semester but this is from fall and we need to be looking into the spring. Personally I would fund zero dollars

because again this is a
reimbursement for the fall semester.

iii. Chair Boothe: Does only OSLE deal with reimbursements?

a. A club can request a budget for fall or spring and get the budget. Reimbursements only occur when they were not fully allocated and come to us for the full amount.

iv. Senator Egolf: Since they are not SGA recognized, should they have only come to the fall?

1. All clubs have the same amount of information sent to them about allocations.

2. Senator Greenlaw: We should be keeping precedent here as we have in other years prior.

a. Chair Jackson moves to have a strawpoll on comfortability on funding for 36.37 for line item 1.

i. Motion seconded

ii. Motion passed

iii. Chair Jackson moves to allocate 36.37 for line item 1

iv. Motion

b. Chair Stadeker moves to allocate zero dollars for line item one

i. Motion seconded

ii. Motion passed

iii. 11-3-6

9. Hofstra International Business Association

a. Chair Jackson: I'm seeing issues with quotes provided. Do we fund discounts?

i. We will always go by the list price. For line item one it is 110.72, for line item 2, it is correct as 163.09.

- b. Chair Stadeker: What is the policy for new documents?
 - i. We do not have a policy that says they can not submit new documents.
 - 1. Chair Jackson moves to allocate 110.72 for line item 1
 - a. Motion seconded
 - b. Motion passed
 - c. 18-0-6
 - 2. Chair Stadeker moves to allocate 163.09 for line item 2
 - a. Motion seconded
 - b. Motion passed
 - c. 18-0-6
- c. Chair Staedker: I do not think I am seeing a quote for line item 4.
 - i. Yes you're right. There is no quote.
 - 1. Chair Stadeker moves to allocate zero dollars to line item 4.
 - a. Motion seconded
 - b. Motion passed
 - c. 18-0-6
 - 2. Chair Stadeker: What does the receipt say as I can not see it.
 - a. It says three pepperoni pies.
 - i. Chair Jackson moves to 197.39 for line item 2.
 - ii. Motion seconded
 - iii. Motion passed
 - iv. 18-0-6
 - 3. Chair Stadeker: Are the quotes correct in line item 1?
 - a. We do not do tax at all. So they need to be checked.
 - b. Senator Egolf: If it's a reimbursement will we not fund?

- i. Still up to the Senate how we decide to fund.
- 4. Senator Tauro: Why do we not fund for tax?
 - a. We are tax exempt by the institution.
- 5. Chair Boothe: What is the line item 1 total again?
 - a. It is 87.23
 - i. Chair Staderker moves to allocate 87.23 to line item 1
 - ii. Motion seconded
 - iii. Motion passed
 - iv. 18-0-6
- 6. Senator Tauro: Is line item 3 the correct figure?
 - a. Yes it is.
- 7. Senator Papasadero: The numbers are different between taxed and not.
 - a. I believed this was a reimbursement when I first did the numbers.
 - i. Chair Jackson moves to allocate 26.21 to line item 3
 - ii. Motion seconded
 - iii. Motion passed
 - iv. 18-0-6

10. Club Tennis:

- a. Chair Staderker: For the merch, I know we allocate a certain amount. Are they within that?
 - i. Yes, it is shown in the bottom of the document.
- b. Chair Boothe: What they have written here would still be rounded?
 - i. Yes
- c. Senator Schmidt: Do we fund shipping?

- i. Shipping can be funded by us. However graduation things cannot be funded by us
- d. Chair Jackson: When it comes to funding for coaches what is the cap?
 - i. 1500 can be funded, however there is no quote for the coach.
- e. Chair Atlas: For line item 2, the item “Crowns/tiaras”, they are asking for 15 but the receipt is 12.
 - i. There is a lot of rounding and the numbers account for that as well.
- f. Chair Boothe: For the tennis ball, is that the tennis warehouse one?
 - i. That is what we believe, but it's up to your discretion.
 - 1. Chair Jackson moves to allocate 477.72 for line item 1
 - a. Motion seconded
 - b. Motion passed
 - c. 16-0-8
 - 2. Chair Atlas moves to allocate 152.22 for line item 2
 - a. Motion seconded
 - b. Motion passed
 - c. 18-0-6

11. Her Campus

- a. Senator Livingston: Are there issues with the differences in prices?
 - i. We will always go with the discount.
- b. Chair Atlas moves to allocate 940.25 for line item 1
 - i. Motion seconded
 - ii. Motion passed
 - iii. 18-0-6
- c. Senator Papsadero moves to allocate 0 dollars for line item 2
 - i. Motion seconded
 - ii. Motion passed
 - iii. 17-0-7

12. Muslim Student Association

- a. Senator Livingston: What are the issues with old quotes?
 - i. Compass does make speciality buffets, but the prices have gone up and we would need updated information for the items for Compass.
- b. Senator Schmidt: Line item 3 is scratched out. Do we not allocate for that?
 - i. I am pretty sure it is compass catering, a photo booth, and another catering. It is up to your discretion.
- c. Senator Guenford: Are we able to fully fund them?
 - i. Because of the changes in prices it might not be the best but we can still fund for them.
- d. Chair Boothe: Where did the money in line item 3 and 4 go?
 - i. 450 was the photo booth and the rest was for prayers
- e. Chair Boothe: Do we fund before or after the discounts?
 - i. It is at our discretion
- f. Chair Jackson: What is the math for line item 3?
 - i. Photo booth was 450, the total for campus catering was not funded for nor did we for off campus catering. The catering invoice is from the dinner and the ice cream is also from compass. Past invoices are hard, we do ask for newer invoices as they get updated on the website.
 - 1. Chair Jackson moves to allocate 1180.80 for line item 3
 - a. Motion seconded
 - b. Motion passed
 - c. 11-0-9
- g. Chair Jackson: Line item 1 has a concern about exact numbers?
 - i. What we really need is the menu prices as it changes year to year and we can not always guarantee that the past invoice is correct. If

we to use these prices, we would have to
give them more money if they

- h. Senator Papasedero: They could get a special invoice
 - i. Chair Jackson moves to allocate zero dollars to line item 1
 - 1. Motion seconded
 - 2. Motion passed
 - 3. 11-0-7
 - ii. Senator Papasedero moves to allocate zero dollars to line item 2
 - 1. Motion seconded
 - 2. Motion passed
 - 3. 15-0-8
- i. Chair Jackson: Line item 4 was already fully funded, correct?
 - i. It was yes. Line items 4 through 6 were already allocated through appropriations. We move to allocate when we are changing allocations already made.

13. Hofstra's Men Club Soccer

- a. Chair Anniballi: We have already fully funded for line item 3, 5 and 6.
 - i. Chair Jackson moves to allocate 1500 dollars for line item 1
 - 1. Motion seconded
 - 2. Motion passed
 - 3. 10-0-8
- b. Chair Boothe: Do we fund for fees with trainers/administration?
 - i. Yes, we fund for that.
 - 1. Senator Livingston moves to allocate 620.00 to line item two
 - a. Motion seconded
 - b. Motion passed
 - c. 11-0-7
 - 2. Chair Boothe moves to allocate 14.00 for line item 4
 - a. Motion seconded
 - b. Motion passed

- c. 11-0-7
- c. Chair Giovangelo: I am looking through their packet and there is a quote that is new. Can we see this?
 - i. The league fee is new but the game fees can be changed.
 - 1. Chair Jackson moves to allocate zero dollars for line item 7
 - a. Motion seconded
 - b. Motion passed
 - c. 11-0-7
- d. Senator Livingston: I am unsure of the quotes that are attached for some line items.
 - i. They were asking for 2 assistant refs and one center ref. Their quotes are not added together correctly. We did not allocate for this originally.

14. Hofstra Ski and Snowboard Club

- a. Chair Giovangelo: I have done the math and we only have line item 3 that is included in the quote which is 87/ticket. It would be 2175 in total.
- b. Senator Egolf: In the quote it is saying that there is only one mountain with a whole quote.
 - i. We disregard it because we only look at what they ask in the moment on the document.
 - ii. Senator Barone: From the email quote, it would be a higher price per person but the bus price would stay the same. But we just do from what the quote says.
 - iii. Chair Giovanagelo: I was confused by the difference between the prices.
 - 1. Senator Egolf moves to allocate 2175 to line item 3
 - a. Motion seconded
 - b. Motion passed
 - c. 10-0-8
 - iv. The rest of Senate agreed all other line items should be allocated 0, so the Chair of Senate allowed a no vote

15. Moot Court Club

- a. Chair Anniballi: They were originally not fully funded cause they were missing quotes, now we have an updated one with some quotes.
- b. Chair Jackson: For line item one, minus the food was allocated?
 - i. No there are not. It would still be the same number without the food.
 - 1. Chair Jackson moves to allocate 1692.20 to line item 2
 - a. Motion seconded
 - b. Motion passed
 - c. 9-1-8
- c. Senator Guenfond: For the sweatpants there is a discount and there are some issues with the official price?
 - i. We do a discounted price for bulk ordering. Bulk orders always come with a discount while other orders may not.
 - 1. Senator Papsadero moves to allocate 555 for line item 3
 - a. Motion fails
 - 2. Senator Papsadero moves to allocate 555 for line item 3
 - a. Motion seconded
 - b. Motion passed
 - c. 11-0-7

16. Republicans Club

- a. No representation sent.

17. NAACP

- a. Comptroller Fountain: Line item 3 is finalized as of now.
- b. Chair Jackson: For documents there is a dm on Instagram?
 - i. That is for the contract which will be taken of at a later. date
- c. Senator Siegel: Can we call them back in to further clarify their quotes?
 - i. Yes we can

- d. Chair Anniballi: We just need further clarification on quantities about the items you want?
- e. Chair Jackson: We do not see the prices for some of the items?
 - i. It was an overlooked picture
- f. Chair Anniballi: Can we discuss the prices in the amazon cart photos?
 - i. We wanted 5 bears, 2 baskets, the items with multiples in the pack we would only need one as it comes with multiple. Everything is the quantity of one as there are multiple colors of bears.
- g. Chair Giovanagelo: Line item 4 is 2815+610.55
- h. Chair Jackson: The picture frame for the bears doesn't have prices?
 - i. These are Amazon baskets for hair care products.
 - 1. Senator Egolf moves to allocate 229.77
 - a. Motion seconded
 - b. Motion passed
 - c. 11-0-7
 - 2. Chair Atlas moves to allocate 610.55 to line item 4
 - a. Motion second
 - b. Motion passed
 - c. 18-0-6

c. Club Recognitions

- i. Hofstra Manga and Comic Book Club
 - 1. We were originally the Comic book club, however we did change this. Our Eboard is composed of President, Vice President, Secretary, our newly appointed position Social media manager which has 2 nominations, and treasurer. Our goal and purpose is to educate like minded individuals in similar interests/preference of media. We wanted to create a club that was surrounded by comic book material. We have Kahoot, jeopardy, movie screenings, and more planned for the future. Comic books were originally looked down upon in the previous years and we want to highlight how much it has grown and we want to include people in

this community and grow within our open environment. We have 25-30 members on our roster and we average 15-20 meetings at our weekly meetings on Fridays at 3. Our first official meeting this year went extremely well and we had great turnout. We had a lot of positive reactions to this. We have multiple meetings and events that are in the works currently and they include, creating our own comic, making films, and more. We are looking for funding to supply materials for creating comics, we would like to create merchandise, we are looking to be able to create a lot for our members.

- a. Senator Papasedero: How come your meetings are on Fridays at 5pm?
 - i. A google form was sent out to our members and that time worked the best for everyone who answered.
- b. Chair Jackson: What is the demographic of your members?
 - i. We have a mix of members with different class standings and we strive to be inclusive in who joins the club.
- c. Senator Tauro: What are the years of Eboard?
 - i. We have 3 juniors and one sophomore
 - 1. Chair Jackson: This is just a reminder to be kind and respectful. It is late but that does not mean we get an excuse to be rude.
 - a. Senator Egolf moves to recognize Hofstra Manga and Comic Club
 - i. Motion seconded
 - ii. Motion passed

d. Senatorial Actions

- i. [Senatorial Action/Resolution Voting Power](#)
 - 1. Chair Anniball: This Senatorial Action would allow anyone who wrote the action to also vote on the action as well. I think we should be allowed to do that because it is more fair and representative to allow everyone to vote on an action. Currently anyone who wrote/signed the action has to abstain from voting.

- a. Chair Boothe: So when you say move to vote on it, it just means that they would be included in “the vote”
 - i. We are working on precedent currently instead of having something explicitly written.
 - 1. Chair D moves to pass S.A.2022.87.013
 - a. Motion objected
 - i. For: Chair DeCrescenzo : It is not that you have to vote yes, in congress you are able to vote on it and I do not see that there is an ethical problem.
 - ii. For: Senator Egolf: I think it would be more representative if we would be able to do this, as it is just precedent. For example if there are multiple people signed on, it could turn out that these abstain votes should be counted as a yes.
 - iii. Against: Senator Siegel: I disagree with this SA, if the signers are allowed to vote yes, I think it could skew results and our current voting policy does seem to work well.
 - iv. Against: Chair Jackson: The voting

will be skewed. It is your duty to prove your point to the senate body, if you are able to vote yes then you have not done your duty and then the senate will not be heard as well.

v. For: Senator Tauro: There doesn't seem to be any strong precedent, in CR there have been issues where no one could vote and had long meetings because of this. Also I believe it is more representative especially since you created the SA to have a voice in the voting of the SA.

vi. For Senator Egolf: I don't think it could be skewed.

vii. Against: Comptroller Fountain: I would like to note that you should still be abstaining from the vote as you are trying to prove this to the Senate.

viii. Against: Chair Boothe: I believe that we should have a longer time to take the time to have a conversation about

this. We currently do not have the time in my opinion.

- ix. Motion

 - i. Jose, Jade, and Lexis, and Chef Vince are our representatives for today! Every location has a poster with each of our managers, with their information on the website, and our information for our campus dietitian Lauren Cliuffo. We also have a student wellness intern on our team! We have a few new things reopening and opening on campus that were implemented this year from student feedback! Boost has been expanded to more locations on campus. We have surprise pop up sales, we have international food week and so much more in terms of programming! Our G8 station is Halal and for those with allergies. Eli's has kosher items, we have some in the grab and go fridges, but our main goal is expanding the selection for both options. Also follow all of our social media to keep up with new events and food offerings on campus that we are working on. We also promote "This week at Hofstra", and we are using responses from students on campus from our surveys to improve the food we serve on campus. Feedback is so important and it makes it better for us to communicate. Please reach out to us!

1. Senator Siegel: I'm the vice president of Hillel. Are there training sessions for your staff to make sure they are conscious of religious observations? Are we going to be given more options? Also, how are students who reheat on campus supposed to do it reliably without a kosher kitchen?
 - a. Jose: Yes we make sure that our staff is always aware of students' restrictions whether it's dietary or religious. Yes we have hired a second Rabbi to expand the options. We are hoping with Eli's that we will be able to expand these heating options.
2. Chair Staderker: The prices that are listed online are not the same that it costs at the actual dining area. Will there be anything to help this issue?
 - a. Jade: We will definitely look into this issue. Please bring up these kinds of things to us and we will work on it.
3. Senator Guenfond: Is it possible to have the Starbucks and Dunkins app aside from the boost app?
 - a. We are working on that as a company and as a whole. It is a mandatory thing we have to comply with.
4. Chair Atlas: I met with you earlier this semester about food prices on campus. My committee is working on a food awareness program about these prices. Will you be willing to collaborate with us to provide information about resources on campus? Just for the benefit for senate, how does the consumer price index fit into our pricing?
 - a. Jose: We can work together with you and use people across our team to help you and your committee. CPI comes up with a price every year, and it has risen because of inflation. We are feeling the same things that you are feeling. We have been trying to fix the prices for students in any and every way we can. The CPI also changes monthly.
5. Senator Egolf: This was brought up last semester. How does boost work in terms of menu items and availability?
 - a. We hired our Boost intern for this because it is a huge undertaking. There are instances where we do not see these things but when these things fall off the menu, we need to put them in through the IT department of boost.
6. Chair Jackson: In breslin and netherlands are the farmers markets. I just want more information on it.

- a. That does not fall under our department.
- 7. Senator Siegel: Regarding Boost not having certain options that are in the app that is used by the company. I have noticed also some staff doing all of the dinner rush by themselves and I wanted to know if you were hiring
 - a. We've addressed this recently. We have looked at the biggest rush times and we are ensuring that there are at least two people in stations at these times.
- 8. Chair Stadeker: A group of students are advocating for more vegetable sides and options. Are there options for vegetable meals and sides?
 - a. Students could always go to self-serve for all kinds of vegetables. We're also offering substitutions for more healthier options on campus.
- 9. Chair Pandit: We are happy to see a lot of our concerns coming through firstly. I have a question about sustainable packaging and then I wanted to know what your favorite part of your job is?
 - a. We are really focused on sustainability, some ways we do this by having composted packages, we're working with staff as well for more initiatives and resources. We have loved working with our students in the concession stand, we like talking in front of people and discussing things with students. The interactive levels and events we can do with students are our favorites and make us so happy to be able to do this with you.
- 10. Secretary Campbell: Are there any options or ideas for more secure lids on campus?
 - a. We can talk with the company and our workers!
- 11. Chair Jackson: I love our options but the pasta boxes are very very hot and begin to hurt.
 - a. We haven't found the perfect fit yet currently but we are trying to find the most sustainable option.
- 12. Senator Siegel: I love tortellini and I have not seen it. Where is it?
 - a. We are working on rotating dishes within our kitchen.
