Bachelor’s Programs

Hofstra University offers the degrees of Bachelor of Arts, Bachelor of Business Administration, Bachelor of Engineering, Bachelor of Fine Arts, Bachelor of Science and Bachelor of Science in Education.

Students who have not decided on a field of specialization (major) when they enter as freshmen will be advised on programming by the University Advisement Office. Students will choose their field of specialization, usually by the end of either the freshman or sophomore year, and apply to the chairperson of the department of specialization for permission and aid in planning a course of study for the junior and senior years.

For students interested in teaching in elementary and secondary schools, see Undergraduate Preprofessional Programs, page 110. Students who think they may wish to pursue a preprofessional program other than education (premedical, prelaw, etc.) should consult with the preprofessional adviser in the University Advisement Office early in their college career.

Evening students will normally choose their major field after completing 12 semester hours. They will be given an appointment with a divisional adviser at the University Advisement Office.

DUAL MAJORS AND DUAL DEGREES

It may be possible for a student to complete two majors as part of one degree, and in rare instances it may be possible for a student to complete two undergraduate degrees simultaneously. Students interested in either of these options must register with the University Advisement Office where they will be advised and given specific information on dual major or dual degree requirements.

SECOND BACHELOR’S DEGREE

Students who already hold a bachelor’s degree may earn a second one by satisfying the following requirements:

1. The student must apply and be accepted in a program of study toward a second degree by the Office of Admissions;
2. the work for a second degree must be completed in a major or program distinctly different from the one in the first degree;
3. the work in the major area of concentration must be completed in accordance with the requirements listed in the applicable General Bulletin;
4. all university and degree requirements not met on admission must be completed;
5. at least 30 credits over and above any used to satisfy the first bachelor’s degree must be completed at Hofstra. A minimum of 15 of these 30 credits must be in the new major field of concentration;
6. a cumulative grade-point average of at least 2.0 must be earned in the courses taken at Hofstra for the second degree.

DEGREES AND MAJOR FIELDS

Programs are listed under the major department or area. For information on all teaching fields (e.g., elementary or secondary), see page 111.

Undergraduate Grades

Hofstra uses an alphabetical system of grades to describe the quality of the student’s work. The University reserves the right to change this system at any time. The imple-
may, with the permission of the instructor, receive one of the following grades:

INC—The instructor will permit the student to complete and submit the missing work no later than the third week of the following semester. Degree candidates, see Application for Graduation, page 73, for degree requirements completion deadlines.

All undergraduate students may accumulate up to nine credits of INC grades without penalty. Past this nine-credit limit, all subsequent INC grades not made up convert to F’s at the end of the semester following the one in which they were assigned. INC’s that are made up are not counted against the nine-credit limit.

NA—If the column for a student’s grade on the roster is left blank by the instructor because that student has not attended the class, and if “has not attended” is written in the “comments” section of the roster, the student will be assigned a grade of “NA” by the Office of Academic Records. That grade will have no numerical value and will not be figured into the student’s grade-point average.

NC—The student’s course performance is such that no credit is granted, and the instructor’s evaluation will not allow the student to take an INC. NC can only be awarded after at least 60% of the course work has been presented to the student.

NCR—New College only: if the instructor’s evaluation will not allow the student to take an INC because of past performance in the course, the grade given will be either an NGr or an F. An NGr may not be changed to a letter grade, a W or INC and is not counted into the student’s grade-point average.

Students should take careful note of the effects of the NCr and INC grades on their standing in the University. See Dismissal, page 69.

NR—Students grade has not been submitted by the instructor.

W—The student has withdrawn from the course and so notified the Office of Academic Records in writing prior to the last day of the tenth week of the semester. For courses shorter than 15 weeks, the student has sole discretion to withdraw for the first 2/3 of the course; after 2/3 of the course has been completed, and any time before the last day of class, the student must have the instructor’s approval.

If a student withdraws from a course during the first three weeks of the semester; the first week of a summer session; the first three days of the January X Session; the first two weeks of a 10-11 week trimester or the first week of a mini-course, there shall be no record of course(s) on the permanent record. However, the statement “Complete Withdrawal from the University” shall be entered on the permanent record of any student who completely withdraws from the University within the time frame indicated above.

UW—Unofficial Withdrawal. The student has not officially withdrawn. The faculty must indicate the last date of attendance.

PASS/D+/D/Fail Option (P or D+ or D or F): a student may elect courses on a Pass/D+/D/Fail basis during the first five weeks of the semester under the following conditions:

English I-2, core courses, courses taken in fulfillment of any language requirement and those courses required in the major field and any other course specified by course title or number as required for the major may not be taken Pass/D+/D/Fail. (This does not apply to courses given only on this basis.) All other courses may be taken on a Pass/D+/D/Fail basis.

The Pass/D+/D/Fail option is not available for core courses, except for courses given only on that basis. However, upon completion of all core courses required for their degree, students may seek the permission of the dean of their college to enroll in core courses on a Pass/D+/D/Fail basis. (Core courses are those designated on pages 82 and 83 of this Bulletin.)

Departments and/or degrees that are restricted by professional accreditation may, as required, exempt additional courses from the Pass/D+/D/Fail option. In no case may the total number of Pass/D+/D/Fail credits exceed 30 semester hours, nor may any credit for Pass/D+/D/Fail courses be used toward an academic minor, except for those courses given only on this basis.

In HCLAS, and in the School of Communication, the Pass/D+/D/Fail option is restricted to 15 credits.

Students on academic probation may not elect an optional P/D+/D/Fail grade.

Students should obtain necessary forms from the Office of Academic Records and seek faculty advisement on possible effects of Pass/D+/D/Fail grades.

A student transferring to Hofstra with more than 30 credits graded on a Pass/D+/D/Fail basis must have the approval of the Undergraduate Academic Affairs Committee. For these students, courses graded on this basis shall not exceed fifty percent of the total credit hours required for the degree.

(The foregoing does not apply to New College courses.)

For courses shorter than 15 weeks, the student has the sole discretion to elect the Pass/D+/D/Fail option for the first 1/3 of the course.

D+ and D and F grades assigned to students who have elected the Pass/D+/D/Fail option are included in determining the student’s cumulative grade-point average.

CUMULATIVE GRADE POINT AVERAGE

The grade-point average is the index of academic performance used to determine whether the student will be permitted to continue at the University and/or graduate.

The alphabetical grades, including plus (+) and minus (−), have the following grade-point values:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A−</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B−</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C−</td>
<td>1.7</td>
</tr>
<tr>
<td>D+</td>
<td>1.3</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
</tbody>
</table>

F—0 (Only one F grade in any one course will be included in the cumulative grade point average.)
To determine cumulative grade point average, multiply the number of semester hours of each grade earned by the grade-point value for that grade. Then total the products and divide by the total number of semester hours attempted.

To graduate, a student must complete the number of hours required for the particular degree with a cumulative grade-point average of 2.0 (including F’s).

D+ and D and F grades assigned to students who have elected the Pass/D+/D/Fail option are included in determining the student’s cumulative grade point average.

UNIVERSITY TUTORIAL PROGRAM (UTP)

UNIVERSITY PROBATION STANDARDS—UNDERGRADUATE

1. A full-time or part-time student will be placed on probation at the end of any semester in which his or her cumulative grade point average is less than 2.0 but above the University’s minimum retention standards.

2. All students placed on probation will receive a letter from the Office of Academic Records informing them of their probationary status and warning that they must raise their grade point average to 2.0 or above. The letter will explain the consequences of failing to raise the grade-point average to 2.0 or above.

3. Students placed on probation will be required to meet with an adviser in the Advisement Office as soon as possible to discuss their standing. When they meet with the adviser, they will be informed of the support services available and the average they must achieve to raise their grade-point average to at least 2.0. Students will also be reminded that if their grade-point average drops further, they are in danger of being dismissed from the University.

4. Students who fail to meet with an adviser in the Advisement Office will not be allowed to register subsequently until they do.

5. Students will be on academic probation as long as their cumulative grade-point average remains below 2.0 and is above the University’s minimum retention standards. They will continue to be subject to all the requirements of students on academic probation.

6. A full-time student on academic probation may carry no more than 15 semester hours (16 if the student is taking one or more four-credit courses). A part-time student on academic probation may carry no more than 6 semester hours (7 if the student is taking a 4-credit course, or 8 if the student is enrolled in New College).

7. Students on academic probation may not elect an optional Pass/D+/D/Fail grade.

8. When appropriate, students admitted to the University through a special academic program will be exempted from these probation criteria until they are released from the program.

DISMISSAL

Students will be dropped from the rolls of the University after two semesters attendance if they have:

- attempted less than 25 hours and have a cumulative grade point average below 1.3;
- attempted 25-30 hours and have a cumulative grade point average below 1.5;
- attempted 31-57 hours and have a cumulative grade point average below 1.7;
- attempted 58-93 hours and have a cumulative grade point average below 1.9;
- attempted 94 or more hours and have a cumulative grade point average below 1.95.

Note that “attempted hours” include course work taken at all institutions of higher education, but that the cumulative grade point average is based on course work taken only at Hofstra University.

Students will be dropped because of poor scholarship only in May except in special cases (such as the recommendation of the Office of University Advisement, Office of Academic Records or other responsible adviser). However, students may be dropped at any time, whether currently on probation or not, when they show insufficient probability of meeting graduation requirements. All special cases will be acted upon by the Academic Records Committee. For New College dismissal standards, see New College Addendum.

Students who have been dropped may appeal to the Academic Records Committee only through the Office of University Advisement. After the student speaks with a representative of the Advisement Office, the Committee will review the appeal. The Committee will consider a report of the interview, the student’s total academic record, and a letter stating reasons the student believes the appeal merits consideration.

CHANGE OF PROGRAM

Students will be permitted to make program changes in accordance with the procedures set forth in the published Class Schedule.

ATTENDANCE

Although it is the student’s responsibility to attend classes, each department establishes its own policy concerning student absences from class. If for some reason a student will be absent for one continuous week or longer, it is advisable to inform each instructor. For New College attendance standards, see New College Addendum.

PERMISSION TO ATTEND OTHER COLLEGES

During fall and spring semesters, current students may not take courses at other educational institutions within reasonable commuting distance of the campus if the same course is being offered at Hofstra.

Hofstra students wishing to attend another accredited institution as visiting students must have courses approved in advance by the appropriate adviser and the Office of Academic Records. Students pursuing Hofstra degree
programs that have core course requirements should be aware that such requirements cannot be fulfilled by transfer credit for work undertaken elsewhere after their matriculation at Hofstra. The necessary forms can be obtained at The Student Administrative Complex, Memorial Hall. Transfer credit will be granted in accordance with the Advanced Standing Policy set forth in this Bulletin. See p. 63.

Students with junior or senior standing (58 or more hours) are not permitted to enroll for courses at junior or community colleges offering two-year terminal programs. (See Advanced Standing Policy for complete requirements.)

**CLASS STANDING**

An undergraduate student credited with 24 semester hours will be ranked as a sophomore; with 58 semester hours, a junior; and 88 semester hours, a senior. Students will be ranked at the beginning of each regular fall and spring semester.

**GRADUATE COURSES TAKEN BY UNDERGRADUATES**

1. In appropriate cases, undergraduate students within 24 semester hours of graduation may be permitted to enroll in graduate courses for undergraduate credit. Written permission of the adviser and the appropriate deans is required and should be obtained on the substitution/waiver form. Credit earned in this way will count only toward undergraduate degrees.

2. To meet unusual cases, an undergraduate student within 24 semester hours of completing requirements for the baccalaureate degree may earn a maximum of 9 hours of graduate credit. Written permission from the appropriate dean’s office must be obtained on the substitution/waiver form.

3. Visiting undergraduate students shall not be permitted to enroll in graduate courses at Hofstra.

**REPEATED COURSE**

A student may repeat a completed course, regardless of grade, for a better understanding of the subject only with the approval of the major adviser. Such a course will be listed as a Repeated Course, for which a final grade will be given. Both grades will appear on the student’s record, and both grades will count in determining the cumulative grade point average; but semester hour credit toward graduation will be given only once. The number of semester hours repeated is counted in determining the number of semester hours attempted. Degree credit is granted for the same course in physical education skills courses only twice.

However, an undergraduate may repeat a course and request that, as an exception to the rule above, only the later of the two grades be counted towards the grade point average calculation. The student is limited to a maximum of two such requests, which may be used for repeating two different courses or repeating the same course twice. In all cases the original grade(s) will remain on the transcript with a notation that it was not included in the GPA calculation. This GPA exception may only be requested during the student’s tenure as a matriculated, undergraduate student. A form available from the Office of Academic Records, requesting this exception, and signed by the academic adviser, must be handed in to the Office of Academic Records no later than the end of the tenth week, or the equivalent (2/3) for courses that do not follow a regular semester schedule, of the semester or session in which the course is being repeated. The submitted form may be withdrawn up until this deadline. Furthermore, a student may also withdraw from the course up to this deadline. Once this deadline passes, the student has used up one of the two requests. If the course is no longer available when the request is made, no other course may be substituted. GPA exceptions will not be allowed when a grade in that course was given for academic dishonesty.

**WITHDRAWAL FROM A COURSE**

Students should secure the appropriate forms from the Student Administrative Complex and return the forms to that office after notifying the instructor of the course from which they are withdrawing. See W Grade, page 68 and Refund Policy below. Applications for withdrawal must be submitted in writing either in person or by mail.

A student withdrawing without official notification may not have any remission of tuition and shall receive a grade of NC or UW as appropriate. (See grades, page 68.)

**WITHDRAWAL FROM THE UNIVERSITY**

Should students wish to withdraw from the University during a semester or summer session, they should first secure the appropriate forms from the Office of Academic Advisement and complete the withdrawal by the last day of classes prior to the start of the designated final examination period. During the January Session and the Summer Sessions, the designated period is the last day of classes. No student may withdraw from the University during the final examination period.

A student withdrawing in person should see an adviser in the University Advisement Office. Students unable to apply for withdrawal in person may send a letter addressed to the Office of Academic Records, postmarked by the last day of classes. If the student does not plan to register for the following semester an official Leave of Absence form must be filed through the University Advisement Office. (See under Grade W, page 68.)

A student withdrawing without official notification may not have any remission of tuition and shall receive a grade of NC or UW as appropriate. (See grades, page 68.)

**REFUND POLICY**

See Tuition and Fees, page 29.
EXCLUSION FROM THE UNIVERSITY

When students make application for entrance to Hofstra University, they understand and agree that the University reserves the right to exclude any student at any time for conduct or academic standing regarded by the University as undesirable, without assigning any further reason. It is understood and agreed that the University, or any of its officers or faculty, shall not be liable in any way for such exclusion.

To insure the protection of each individual’s rights, procedures for appeal are provided by the University to assure the student fair treatment in cases of disciplinary action.

BULLETIN OF FIRST REGISTRATION

Undergraduate students are expected to satisfy those requirements specified in the Bulletin of their year of first registration at the University. Students who have no record of attendance at Hofstra University for a period of 15 months or more must follow the requirements set forth in the Bulletin in effect when they are readmitted. Any student, however, may elect once during his or her undergraduate studies, to follow all the requirements specified in a subsequent Bulletin, provided the Office of Academic Records is notified prior to the semester of graduation. No exceptions regarding the requirements set forth in any Bulletin may be made by the students or by the faculty without the written approval of the dean of the academic unit or of the Provost. This policy refers to academic requirements such as degree and major requirements. Other procedures and policies, such as the grading system, may be changed through the University’s governance process. However, students will be notified (by placing notices in our student newspapers and by any other methods and media applicable) of any significant change at least a year in advance of its implementation.

UNIVERSITY DEGREE REQUIREMENTS

To obtain a degree, each student successfully completes the following three distinct sets of requirements:

I. The general University requirements, which must be fulfilled by all students working for a baccalaureate degree:
   A. The completion of the total number of semester hours and the specific degree requirements as specified by the major or school;
   B. The completion of the number of semester hours in liberal arts courses as required by the major or school;
   C. At least a 2.0 cumulative grade-point average in work completed at Hofstra;
   D. All students must take and pass the Hofstra English Proficiency Exam as a requirement for graduation. (For the only exceptions, see E. 3. and 5. below.)

E. 1. The satisfactory completion of English 1-2, which includes the English Proficiency Exam. *Passing this exam is a requirement for graduation.*

The English Proficiency Exam is administered at the midpoint of ENGL 2. All students who do not pass the exam are required to take English 2A to receive individualized tutoring; they must retake the English Proficiency Exam at the end of English 2A. Students who fail English 2A must enroll in English 4 and retake the English Proficiency Exam when it is next administered at the beginning of the course. If the exam is passed this time, the
student may withdraw from English 4; if the test is not passed, the student must complete English 4 and retake and pass the English Proficiency Exam in order to receive credit and fulfill the writing requirement for graduation.

2. English 1-2, whether taken at Hofstra or at any other institution, must be completed with a minimum grade of C- in each course. These courses may not be taken on a Pass/D/Fail basis.

3. Students entering Hofstra University with no credit in composition must, under advisement, register for English 1-2 or the appropriate course immediately and continue until the ENGL 1-2 requirement is completed. There is an exception for students with outstanding ability in English (SAT Verbal scores of 660 or above) may qualify for exemption from English 1-2 if they demonstrate exceptional ability in the English Department’s Exemption Exam before the end of their first semester at Hofstra. Students who pass Hofstra’s Exemption Exam are not required to take the English Proficiency Exam.

4. Students entering Hofstra with full credit for English 1-2 must take and pass the Hofstra English Proficiency Exam as a requirement for graduation. Such students are strongly encouraged to take the Hofstra Proficiency Exam during their first semester at Hofstra. Students who do not pass the test in 2A are required to complete ENGL 4 and retake and pass the exam.

New College students follow the procedures stated in the New College Writing Program and Style Manual.

NOTE: transfer students may receive credit for English 1-2 on the basis of equivalent courses taken at other institutions. See page 63 for the criteria for accepting transfer credit.

5. Students entering New College or transferring into it from another Hofstra program or another college or university must satisfy the First and Second Aspects of the New College Writing Requirement. See New College Addendum.

6. The following is for students who transfer from New College to another school/college of the University:
   a) Students who were placed in and successfully completed CSWA 018 have fulfilled the Expository Writing Requirement (the First Aspect—WS 001) and have completed the equivalent of English 1.
   b) Students who have successfully completed WSB 001, WSB 002 or WSG 002 register for English 2 and 2A and the Proficiency Test. When they have successfully completed these, they will receive credit for English 1 and 2.
   c) Students who fulfilled the Scholarly Writing Requirement (the Second Aspect—WS 002A and WS 002B) have completed the equivalent of English 2.
   d) Students who have not completed the Scholarly Writing requirement register for English 2.

7. Students entering with partial credit for English 1-2 (fewer than four semester hours of Advanced Placement, CLEP or transfer credit, see page 63) must complete the requirement and pass the English Proficiency Exam within two semesters after admission.

F. A minimum of 6 semester hours each in humanities, natural science/mathematics and social science. Many particular degree programs require that some or all of the courses in these required areas be core courses; core courses may not be taken on a Pass/D+/D/Fail basis, except for courses given only on that basis. (For the Pass/D+/D/Fail option, see page 68; for core courses, see page 79.)

G. A maximum of 8 credits of physical education skills courses may be applied toward the total number of required degree credits for nonphysical education majors. (For listing of skills courses, see page 256.)

II. In introductory work in any particular subject, the student must have a 2.0 grade-point average (unless a higher average is required by the department).

III. Only grades of C- or better in subjects required in the specialization will count toward the total semester hour credit needed for completion of that specialization unless approved in writing by the chairperson of the major department.

The program of each student must be approved in advance at each registration period by the faculty counselor or major adviser.

Students are advised that permission from the Office of Academic Records is required for any attendance at another institution while the student is enrolled in a degree program at Hofstra.

MAINTAINING MATRICULATION

FINAL SEMESTER REGISTRATION

Students who have been granted permission to complete final semester graduation requirements while not attend-
ing classes will pay the normal $76 Mainte-

nation Fee and file a registration form during the regular
registration period for their final semester.

OFF-CAMPUS STUDY
This fee applies to each Fall or Spring semester of study by
a student at another institution, either within the United
States or elsewhere.

APPLICATION FOR GRADUATION
Every candidate for graduation must file an application
for graduation in the Office of Academic Records by
October 1 for December graduates and March 1 for May
graduates. August candidates must file by June 15 for
Summer Session I, July 15 for Summer Session II, and
August 15 for Summer Session III. There is a fee for late
filing. See Tuition and Fees.

All requirements applicable toward the degree must be
completed and on record in the Office of Academic
Records by the end of the first week of June for May
degrees, the end of the first week of January for December
degrees, the end of the first week of September for August
degrees.

A degree can only be awarded to a student who has
maintained a satisfactory record of conduct and has paid
all University fees.

COMMENCEMENT
Commencement programs are conducted twice each
year, in December and in May. Summer candidates are
invited to the December exercises and are listed in that
program. Information regarding programs is automatically
mailed to candidates about six weeks before com-
mencement.

Academic Honors

DEAN’S LIST
To qualify for the Dean’s List, a student must meet the
following requirements:
1. as a freshman (at least 12 credits per semester), com-
plete a semester with a 3.3 GPA;
2. after the freshman year, have a 3.4 GPA for the
semester (at least 12 credits per semester);
3. a full-time student must complete at least 12 hours per
semester in letter grades other than P and with no grades
of INC;
4. a part-time student must complete at least 12 hours
over his or her two most recent semesters in attend-
dance, must earn letter grades other than P with no
grade of INC, must have a GPA of 3.3 up to 24 credits
total and 3.4 thereafter, and must not have been a
full-time student during the period under consider-
ation;
5. only courses taken in residence at Hofstra may be used
to satisfy the requirements for Dean’s List.

PROVOST’S SCHOLARS
Students who achieve a 4.0 average and complete at least
12 semester hours of A grades in a given semester will be
designated Provost’s Scholars and will be invited to attend
special lectures and discussions. Only courses taken in
residence at Hofstra may be used to satisfy the require-
ments for Provost’s Scholar.

DEAN’S LIST AND PROVOST’S SCHOLARS

ELIGIBILITY FOR STUDENTS ENROLLED IN
MANDATORY PASS/D+/D/F FAIL COURSES

ELIGIBILITY REQUIREMENTS
Students enrolled in mandatory P/D+/D/F courses in any
given semester are eligible for the Dean’s List or designa-
tion as Provost’s Scholars if they meet the following
criteria:
1. Students must attain the GPA required for the Dean’s
List or Provost’s Scholars in the qualifying semester;
2. at least 3 credits in that semester must be completed in
residence at Hofstra for a letter grade;
3. students may not elect the P/D+/D/F option for any
other course in that semester.

GRADE POINT AVERAGE (GPA) CALCULATIONS
The GPA of the immediately preceding full semester(s),
excluding Summer and January sessions, will be used in
place of the mandatory P/D+/D/F course(s) according to
the following criteria:
1. For students taking 6 or fewer mandatory P/D+/D/F
credits, the GPA of at least the last 12 credits taken for
a letter grade will be substituted;
2. for students taking more than 6 mandatory P/D+/D/
F credits, the GPA of the last 24 credits taken for a
letter grade will be substituted;
3. optional or mandatory P/D+/D/F credits may not be
applied toward the required total;
4. any outstanding Incompletes received within the pe-
riod being evaluated, will disqualify students as candi-
dates for the Dean’s List or Provost’s Scholars until the
Incomplete is removed.

UNIVERSITY HONORS PROGRAM (UHP)
The University Honors Program has been replaced by
Hofstra University Honors College (HUHC). Continuing
UHP students are to complete their requirements in
HUHC. Students should consult the HUHC Deans’ Office
for class advisement.

UNIVERSITY HONORS SEMINARS (UHS)
These seminars, dealing with a variety of topics, changing
from year to year, will be broad in their focus and will not
center on any single period in history or any one school of
thought. They are designed for seniors who will be
selected on the basis of a 3.6 grade-point average, the
recommendation of three faculty members and an inter-
view with the coordinating committee. Consideration will
also be given to students in their junior year who have
done distinguished work. Qualified students may apply in
the Provost’s Office. Upon successful completion of the
course, a student will earn 3 credits in liberal arts. Semi-
nars will be graded on a Pass/D+/D/F Fail basis.

1, 2. Seminar 3 s.h. each
The following are examples of seminars that have been offered.
Comparative Civilizations

The distinctive characteristics of western civilization seen in comparative terms with two nonwestern civilizations. To avoid the “survey” approach, two or three major thinkers’ views on the similarities and the individuality of each will be studied through these thinkers’ treatments of the historical “career” of each civilization.

Bioethics

An examination of the legal and medical complications of such controversial issues as euthanasia, patient autonomy, allocation of scarce medical resources, human experimentation. Classroom discussions consider particular legal cases and their outcomes as well as larger, less resolvable problems.

DEAN’S SCHOLARS

Seniors in the Hofstra College of Liberal Arts and Sciences who are nominated by their major department on the basis of their intellectual vitality and academic excellence, meet in a non-credit program of periodic special seminars and discussions under the auspices of the College. The Associate Dean for Academic Affairs in HCLAS is the adviser.

DEPARTMENTAL HONORS PROGRAM

Departmental Honors will be granted to bachelor’s degree candidates who: 1) complete their courses of study with distinctive scholarship; 2) choose one of the departmental honors programs offered and successfully fulfill special requirements supplementing the general degree requirements. The major department will recommend the conferring of departmental honors.

DEGREES OF HONORS

There are two degrees of honors: High Honors and Honors. The degree of honors bestowed upon a graduating student will be based on: 1) achievement in the honors thesis or in the honors seminar, and 2) grades in departmental courses.

ELIGIBILITY REQUIREMENTS

Students entering Hofstra in the fall of 1983 or after, must meet the following requirements:
1. A minimum of 60 semester hours must be completed in residence at Hofstra including at least 15 hours in the student’s major field;
2. A cumulative grade-point average of at least 3.4;
3. A minimum grade-point average of 3.5 in the major field of study.

PROCEDURE

The Office of Academic Records will prepare and send to the appropriate department the names of all eligible students before the end of their sixth semester. These students will be informed of their eligibility by the departmental chairperson and of the nature, purposes and procedures of the program.

Students will undertake a major piece of research, not necessarily original, resulting in an honors thesis, to be completed during their eighth semester under the supervision of a designated member of the department. Weekly conferences between student and adviser are set as a minimum requirement. Students will defend their thesis before their adviser and two other members of the department. This oral examination will constitute the basis for the evaluation of the student and the determination of honors.

BACCALAUREATE DEGREES WITH DISTINCTION

Degrees of distinction are conferred upon candidates for the Bachelor of Arts, Bachelor of Engineering, Bachelor of Fine Arts, Bachelor of Business Administration, Bachelor of Science and Bachelor of Science in Education who have completed at least 82 hours in residence at Hofstra. Candidates with fewer than 82 hours but at least 60 hours in residence at Hofstra who are qualified in terms of their record at the University and in terms of their cumulative record, which shall include work completed at other institutions and at Hofstra, may be graduated with distinction.

These earned distinctions are recognized at the Honors Convocation held during the spring commencement exercises. The Hofstra Teacher of the Year Award is also presented during this ceremony.

Averages for the levels of distinction are:
- summa cum laude: 3.9
- magna cum laude: 3.8
- cum laude: 3.6

HONOR ORGANIZATIONS

Honor organizations sponsor events which include lectures, seminars, workshops, social events, open meetings, department activities, group discussions, field trips, exhibitions and demonstrations. For transfer-student requirements and additional information, contact the society adviser.

ALPHA EPSILON DELTA, the international premedical honor society open to students seeking a career in the health professions. Requirements for membership include a cumulative average of 3.0 and a science grade-point average of 3.0 after completion of at least three semesters at Hofstra. Transfer students, with at least one year completed prior to attendance at Hofstra, must complete at least one semester in residence. Assistant Professor Clendening, Adviser.

ALPHA EPSILON RHO, a national communications honor society affiliated with the National Broadcasting Society (NBS), is open to qualifying communication students. Members must meet the following requirements: active NBS membership, completion of the equivalent of nine (9) semester hours in radio, television, film, cable or electronic media studies, a cumulative grade point of at least 3.25 in all radio, television, film, cable or electronic media studies courses and a cumulative 3.0 minimum in all courses, and must be in the upper 35% of his/her institutional academic class. Instructor Hillebrand, Adviser.
Alpha Kappa Delta, a national sociology honor society recognizing outstanding students. To be eligible for consideration, students must have at least a 3.0 grade point average in sociology courses (with at least 15 s.h. in sociology taken at Hofstra) and a 3.0 cumulative grade point average. Professor Albert, Adviser.

Alpha Mu Alpha is the national honor society in marketing. Students are selected on the basis of academic performance. Professor James, Adviser.

Alpha Psi Omega, a national drama honor organization whose membership is based on scholarship and the accumulation of a satisfactory number of points by service in dramatic activities. The Hofstra chapter has maintained a number of scholarships through operation of a concession during events held in the Playhouse and is the only student honor organization to maintain an endowment fund. D. McGuire, Adviser.

Alpha Sigma Lambda, a national honor society open to part-time students who have completed 30 hours in residence, 15 hours of liberal arts outside of their major field, and have achieved a 3.2 cumulative average. M. Forman, Adviser.

Beta Alpha Psi, a national honorary accounting society is open to students who achieve a 3.2 grade point average in accounting courses and an overall 3.2 cumulative average. The society publishes a journal, Horizons, assists in tax preparation for senior citizens and minority groups and offers free tutoring. Our Delta Pi Chapter is the only chapter on the Island. Only schools accredited by the American Assembly of Collegiate Schools of Business are granted chapters. A number of cash scholarships are awarded to its members, made possible by the major accounting firms in recognition of superior status as an operating chapter by the national office. Assistant Professor Marsicovetere, Adviser.

Beta Beta Beta, a national biology honor society open to students with a 3.4 grade-point average in biology and a 3.1 cumulative average. Active (full), associate and graduate member status available. Assistant Professor Clendening, Adviser.

Beta Gamma Sigma is the only commerce honor society recognized nationally by the American Assembly of Collegiate Schools of Business. Chapters are permitted only in schools which have been accredited by this Assembly. To be considered for membership by the School of Business Dean’s Office, students, as seniors, must have compiled a minimum cumulative average in the highest ten percent of their class; junior students must be in the top seven percent of their class. Associate Professor Lally, Adviser.

English Honor Society, a University society open to junior and senior English majors who have completed at least 12 semester hours of upper-level courses with at least a 3.5 average. Associate Professor Janssen, Adviser.

Eta Sigma Gamma, Gamma Pi Chapter, a national honor society in health education, is open to undergraduate and graduate health education majors who meet the following requirements: undergraduate: juniors or seniors with at least 15 credits in health (taken at Hofstra) and a minimum major g.p.a. of 3.5 and a cumulative of 3.2. Graduate: at least 12 credits in health and a minimum g.p.a. of 3.3. The society’s objectives are the promotion of teaching, research, and service in and for the health education discipline. Eta Sigma Gamma publishes two semiannual journals: The Health Educator, and The Eta Sigma Gamma Monograph Series. Associate Professor Schwartz, Adviser.

Golden Key International Honor Society, a non-profit academic honors organization founded for the purpose of recognizing and encouraging scholastic achievement among students from all academic fields. Life-time membership is by invitation only and is limited to no more than the top 15 percent of the juniors and seniors enrolled at the University. Part-time as well as full-time students qualify; transfer students are eligible when they have established 30 credits at Hofstra. Professor Seagull and Dean Hickling, Co-Adviser.

Kappa Delta Pi, Theta Beta Chapter, an international education honor society open to undergraduate and graduate students. Undergraduate students must have an average of 3.5 or above in the field of education and a cumulative average of 3.2 or above. Graduate students require a 3.5 average. Members receive the Kappa Delta Pi Record, The Educational Forum and other publications. Assistant Professor Toher, Adviser.

Kappa Mu Epsilon, a national mathematics honor organization open to students who, by their senior year, have attained a 3.4 grade-point average in major level mathematics courses as well as 3.3 cumulative. Open to sophomores and juniors who meet more stringent requirements. The organization sponsors events of interest to students of the mathematical sciences. Associate Professor Michaels, Adviser.

Lambda Alpha, a national collegiate honor society open to anthropology majors with a minimum 3.0 grade-point average in anthropology courses (with at least 15 s.h. in anthropology taken at Hofstra), and a 3.0 cumulative average.

Lambda Pi Eta is the official honor society of the National Communication Association (NCA). The goals of Lambda Pi Eta are to recognize, foster, and reward outstanding scholastic achievement; stimulate interest in the field of communication; promote and encourage professional development among communication majors; provide an opportunity for discussion and the exchange of ideas; establish and maintain close relationships and
understanding between faculty and students; and explore options for further graduate studies. To be eligible for membership students must have completed 60 semester hours, have completed 12 semester hours of communication study, have a cumulative GPA of 3.0, have a GPA of 3.25 in the major, be in the upper 35% of their graduating class, be currently enrolled as a full-time student in good standing, and display commitment to the field of communication. To retain membership these grade point averages must be maintained. Associate Professor Gershon, Adviser.

Omicron Delta Epsilon, an international economics honor society open to economics majors who are juniors or seniors. The requirements are at least 15 credits in economics taken at Hofstra including ECO 130 and 132; a 3.5 grade-point average in economics and a 3.0 cumulative average. The society publishes The American Economist, a semi-annual journal. Associate Professor Kozlov, Adviser.

Phi Alpha Theta, an international history honor society open to undergraduate students in any academic major. The requirements are a grade-point average of a minimum 3.1 in at least 12 hours of history courses and a cumulative average of 3.0. The society publishes the Historian. Assistant Professor Doubleday, Adviser.

Phi Beta Kappa, the oldest and most prestigious academic honor society in the United States, is dedicated to the recognition of scholarly excellence in the liberal arts and sciences and attainment of high moral character. The Omega of New York chapter of Phi Beta Kappa at Hofstra University is one of only 262 chapters in the nation. Students inducted as seniors must have completed at least 90 liberal arts credits, demonstrated sufficient breadth in their education, fulfilled the B.A. language requirements, and achieved an outstanding academic record in liberal arts. A small number of juniors with exceptional academic records are also considered for membership. Awards are given annually to sophomores who have attained extraordinary academic performance in their freshman year. Professor Levinthal, Chapter President.

Phi Eta Sigma, a national honor society open to all full-time freshmen achieving a minimum 3.5 average during either the first or second semester of study here at Hofstra. Invitations for life-time membership are sent to students after the second semester of study. Members meet fellow students from all academic disciplines and join them in promoting academic excellence. Members may be eligible for both local and national scholarships. Senior Assistant Dean Marc E. Oppenheim, Adviser.

Pi Delta Phi, a national French honor society, recognizes excellence in the study of language, literature and civilization. It honors as regular members graduate and undergraduate students nominated in recognition of their academic achievement in at least one semester of upper division French, and who have completed at least three semesters of the college course with a minimum GPA of 3.0 on a 4.0 scale in French, and rank in the top 35 percent of their class. Students are invited to join by the French faculty acting through the adviser and president of the society. Rosalba Barth, Chapter President; Professor Schwab, Adviser.

Pi Gamma Mu, an international social science honor society to reward interest and achievement in the college study of the social sciences. Pi Gamma Mu endeavors to inspire social service to humanity and life interest in the study of human association. It seeks also a synthesis of all branches of social science into a philosophy of human society and human welfare.

A junior, senior, or graduate student with an overall grade point average of 3.0 or better with at least 20 semester hours combined in the social sciences is eligible. For additional information, for example about qualifying social science disciplines, please consult the New College Dean’s Office.

Pi Kappa Lambda, a national music honor society recognizing academic excellence and demonstrated musicianship. The faculty committee confers the following awards on selected music majors in the top ten percent of their respective classes: certificates of honor (sophomores) and membership in the society (graduating seniors). Professor Hettrick, Adviser.

Pi Sigma Alpha, a national political science honor society open to junior and senior students of high academic achievement who show promise in the field of political science. Professor Dudek, Adviser.

Psi Chi, a national psychology honor society open to students who have completed nine hours of psychology credit, and at least 45 hours overall, and have achieved the following grade-point averages: a 3.0 cumulative average, and a 3.3 grade-point average in psychology courses. Prospective candidates must also attend 3 meetings before they are eligible for induction. Associate Professor Cox, Adviser.

Sigma Delta Pi, a national Spanish honor society recognizing students who have attained excellence in the study of the language and who have made contributions to the Hispanic world. Students are invited to join by the Spanish faculty and officers of the society. Professors DaSilva, McNair, and Cao, Advisers.

Sigma Pi, an honor society open to matriculated majors or minors in speech-language-hearing science, who have attended Hofstra University for at least one semester. Applicants must have completed 12 semester hours in speech courses and have attained a minimum overall
grade-point average of 3.2 or have a minimum overall grade-point average of 3.0 and a minimum 3.3 average in speech courses. The organization raises funds for the Hofstra University Speech-Language-Hearing Clinic, sponsors related events and coordinates a variety of social activities. Wendy Silverman, Director of the Speech-Language-Hearing Clinic, Adviser.

Sigma Pi Sigma, a national physics honor society open to Hofstra students who have completed 18 hours of physics courses with a 3.5 grade-point average. Students must also be in the upper-third of their graduating class. Associate Professor Garuthara, Adviser.

Society for Collegiate Journalists, Pi Delta Epsilon chapter, a national honor society recognizing meritorious work on campus media. Students interested in applying must have worked in a recognized media for one year and have a cumulative 2.5 grade-point average. Selection to this honor society is based on application and recommendation of current members. Edward Lynch, Adviser.

Upsilon Pi Epsilon, the international computer science honor society open to all undergraduate computer science majors who have achieved cumulative and major grade-point averages of at least 3.3, and have earned a minimum of 64 credits, 24 of which are in residence and a minimum of 18 computer science credits. Assistant Professor Kamberova, Adviser.
