Bio 204

January X Session
1/5/2011 – 1/18/2011

Snorkel part of the largest barrier reef in the Atlantic, day trips to two Mayan ruins (Altun Ha, Lamanai) and a day trip including exploration of local caves. Examine the natural history of marine species from habitats including coral reefs, mangroves, rocky shores, and sandy beaches in the Caribbean.

Instructors:
Dr. Jason Williams: (516) 463-5524, biojdw@hofstra.edu
Dr. Christopher Sanford: (516) 463-5526, biocps@hofstra.edu

Deposit of $1,000
($1,500 for auditing students)

Full Cost - $3,350
excluding tuition

***To secure a spot or learn more about the course, please contact Dr. Williams or Dr. Sanford as soon as possible – Deadline 8 October 2010***
