Overview:

The Leadership Summit is open to any student interested in reflecting on existing skills and engaging in dialogue about further development of your leadership. The Summit is an overnight leadership retreat that offers students the opportunity to briefly escape the challenges and demands of campus-life, and spend time in the company of others reflecting on the pillars and foundations of leadership and building skills for implementation in the future. It’s a unique opportunity for students, regardless of your campus affiliations, who may have not yet experienced the outlet to engage and develop in such an intimate and communal setting. Through team-building, interactive workshops, and experiential learning, students will return to campus more connected, motivated, and prepared to build a legacy of leadership.

The Leadership Summit is scheduled for Saturday March 14-Sunday March 15, 2015. A fee of $25 is required for each participant. Space is limited. Applications are due to the Office of Student Leadership and Activities by Friday February 27th, 2015

To be considered for the Leadership Summit, please submit:

- Completed application (please attach typed open-ended question responses)
- Resume (please attach) * Consider having your resume checked by the Career Center
