

Any device with web-browsing capabilities can be connected to **Hofstra Guest**.

## Connecting to Hofstra Guest on Android OS

1. Go to **Settings**, select **Wi-Fi**, and click on **Hofstra Guest** from the list of wireless networks shown.

You will automatically be prompted to sign into the **Hofstra Guest Portal**.

2. Click on **Don't have an account?** if you are attempting to connect to **Hofstra Guest** for the first time, fill out the form, and click **Register**.

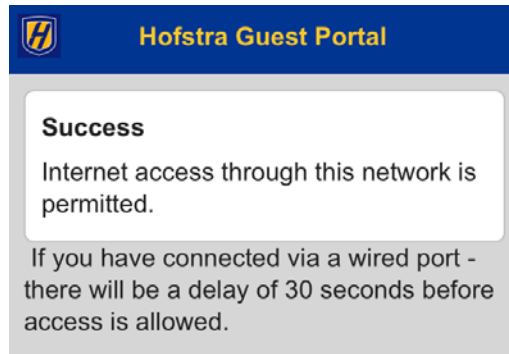

The screenshot shows a mobile application interface for signing into a Wi-Fi network. At the top, there is a blue header with the text "Sign in to Wi-Fi network" and a "MORE" link. Below the header, the section is titled "Create Account" and includes the instruction: "Provide us with some information so we can create an account for you." The form contains four input fields, each with a label and an asterisk: "First name\*", "Last name\*", "Email address\*", and "Phone number\*". At the bottom of the form, there are two blue buttons: "Register" and "Cancel". The status bar at the top of the phone shows a battery level of 56% and the time 3:33 PM.

3. Credentials will be sent from [Guest-Registration@hofstra.edu](mailto:Guest-Registration@hofstra.edu) to the e-mail address and to the cell phone number (via text message) you provided.
4. Refresh your browser and enter the username and password provided to you. You will be prompted to accept the **Acceptable Use Policy**. Click **Accept** to continue.

The screenshot shows a dialog box titled "Hofstra Guest Portal" with the Hofstra University logo. The main heading is "Acceptable Use Policy" and the text reads: "Please read the Acceptable Use Policy". Below this, a text box contains the following policy text: "Please accept the policy: You are responsible for maintaining the confidentiality of the password and all activities that occur under your username and password. Hofstra University offers the Service for activities such as the active use of e-mail, instant messaging, browsing the World Wide Web and accessing corporate intranets. High volume data transfers, especially sustained high volume data transfers, are not permitted. Hosting a web server or any other server by use of our Service is prohibited. Trying to access someone else's account, sending unsolicited bulk e-mail, collection of other people's personal data without their knowledge and interference with other network users are all". At the bottom of the dialog, there are two buttons: a blue "Accept" button and a grey "Decline" button.

5. You have successfully connected to **Hofstra Guest**. Your guest credentials will be valid for 7 days. Please hold on to the e-mail/text message containing your log-in information.

Wi-Fi is available in every building and many outdoor spaces on campus. The University supports Windows Vista and above and Mac OS 10.8+.

If you experience any problems with the Wi-Fi service on campus, please let us know by calling 516-463-7777 or sending an e-mail to [help@hofstra.edu](mailto:help@hofstra.edu).
