Hofstra’s Spring Break programs allow kids to have fun while gaining new knowledge and skills — all on our beautiful 244-acre campus with state-of-the-art classrooms, labs, and computer centers.

Our full-day programs are a perfect place for exploring science, technology, engineering, and writing in a fun and supportive environment that promotes creativity, critical thinking, and problem solving.
Fun and Enrichment for Kids
We have a program for everyone!
See full descriptions at ce.hofstra.edu/springbreak.

Game Design/3D Printing Fusion (Grades 6-12)
Kids go home with a PC game, with 3D characters!

Roblox and Minecraft Adventure Week (Grades 4-12)
New and experienced players are welcome!

Pokémon Tech Fusion (Grades 2-5)
Students create a real custom Pokéball!

Digital Arts (Grades 7-12)
Budding designers make self-portraits, collages, and digital paintings!

Fiction Writing for Teens (Grades 6-12)
Young authors take their writing to the next level!

Travel Camp (Grades 2-10)
Kids explore Long Island!

Four-Day Program
April 23-26, 9 a.m.-4 p.m.
Sports Journalism 101 for Teens (Grades 6-11)
Your child could be the next Kenny Albert or Tracy Wolfson!
(Note: Registrants must be at least 12 years old)
