Get out of the cold and stay warm at the W.A.R.M. Winter Session!

W.A.R.M. (Writing, Arithmetic, Reading, and More!) Winter Session

This class is for children who are new to swimming. In groups of two or three, swimmers learn to feel comfortable in the water. They are introduced to elementary aquatic skills, including floating and locomotion. As students progress, they are taught the fundamentals of the beginner stroke.

Minimum 4 years of age; birth certificate required.

This class is for children who can swim 5 yards on their stomach and 5 yards on their back without assistance. In groups of four to seven, swimmers are taught correct breathing as well as proper stroke and kick techniques. Swimmers are taught front crawl, back crawl, and the elementary backstroke. They begin to work on their endurance and build on the skills they were taught in Beginner Swim.

The W.A.R.M. courses are for students who want more extra assistance in writing, arithmetic, and reading. Students are currently at the midpoint of the school year, which is a very important time to keep them focused on and task-conscious in major subject areas. The W.A.R.M. instructors encourage students to continue to develop their academic skills while learning in a fun and comfortable environment on the Hofstra University campus.

Every Saturday, students experience an hour each of writing, arithmetic, and reading at their current grade level. Students are accompanied by a staff member from class to class so that parents may drop off their child at their first class and pick them up at their final class. Please provide your child with a peanut-free snack.
