Hofstra Summer Camps provides campers with an enriching, unique, and customizable summer experience. Our goal is to open the minds of our campers through hands-on, innovative camp offerings such as Cub Camp, Culinary Arts, Robotics, Science Experiment, and more through our partnerships with Game Builders Academy and Nassau BOCES. Each day, we strive for campers to step out of their comfort zones and try a new program or learn a new skill from one of our highly regarded instructors, all of whom are New York state-certified teachers or industry professionals. There is something for everyone at our camp, and we can’t wait to welcome your camper home to Hofstra this summer.

Hofstra Summer Camps Parents Say It Best!

“My child said he liked it and wants to go back next year. We really felt like our child was safe at camp!”

“Coach Gongas and his staff for lacrosse camp were amazing! It was because of them that my son had an amazing experience there. Not only did they help him grow in the sport, but more importantly they helped his self-confidence, which is huge for him. I only wish the camp was longer!”

“I love this camp for my daughter! She has been attending for five years and she loves it each time!”

“My daughter absolutely loved the softball camp. She learned so much and the staff was fantastic!!”

I understand that I will not be entitled to any refund if my child’s participation in Camp is terminated as described in this paragraph.
• I understand that I am solely responsible for all expenses related to injuries and/or loss or damage of personal property incurred in connection with my child’s participation in Camp.
