Announcing
Evolutionary Ecology and Geology of the Galápagos Islands and Ecuador

January Session
Jan 03 - Jan. 22, 2018

Bio 110A / 203
Geol 143 / 280

The courses supporting the trip will meet during Fall 2017 - undergraduate students register for BIO110A or GEOL 143, graduate students for BIO 203 or GEOL 280N for Fall Semester, 2015. Courses will meet 4 times during the evening. Undergraduate courses may be taken for variable credits.

Instructors:
Dr. Chris Eliot (Philosophy / Biology)
Dr. Sandra Garren (Geology)

Deposit of $1000 ($1500 for auditing students) must be received before June 1, 2017. Space is limited. The first 14 deposits received will guarantee a place on the trip. Full cost of program (not including tuition / audit fee) is $5000, due by Oct. 1, 2017.

This 20 day adventure includes a 12-day tour of the volcanic islands and unique wildlife that inspired the young Charles Darwin, trips to a stratovolcano and cloud forest in the high Andes, and four days exploring diverse ecosystems in the Amazon rainforest.
