

Lister Fellows in Chemistry conduct research under the supervision of a Chemistry, Biochemistry or Forensic Science faculty member during 10 weeks of the summer. Course credit for CHEM151/152, BCHM182/183, or FOR 185 can be assigned during the summer or any future term, with approval of the faculty member. Fellows receive a 50% discount for the Hofstra dormitories and a \$4,000 stipend.

Please submit the completed application to the Chemistry Office no later than February 14, 2020.

Name: _____ HofstraID: _____

Campus Address: _____

Campus Phone: _____ Email: _____

Home Address: _____

Name of your proposed Faculty Research Mentor: _____

Expected date of graduation: May | Aug | Dec 2021 | 2022 | 2023

Cumulative GPA: _____ Chemistry GPA: _____

Please attach:

- 1) A one-page typed research proposal (written under the guidance of your faculty mentor).
- 2) Official transcripts from all baccalaureate institutions you have attended.

Ask your mentor to sign the form below.

Completed applications should be submitted to Winnie Wymes in the Chemistry Office.

“I certify that the above statements are true and that, if selected for this fellowship program, I will arrange with my faculty research mentor a mutually agreeable schedule for the equivalent of 10 weeks of laboratory research during Summer 2020. Furthermore, I will notify the department immediately if I receive an alternative funding source or fellowship to another program.”
