Note: The Chinese Language major requires 24 s.h. of Chinese Language beyond Level 4, and 6 semester hours in Asia Related classes. Study abroad is highly recommended for all students who choose to major in either Chinese Language or Chinese Studies. This will allow for expedited completion of the language sequence. In addition, students who have studied Chinese before entering Hofstra must take a placement test to be placed in the proper level. Please check degree requirements and consult with an advisor.
