“As we prepare our students for successful careers, we must also instill in them a sense of Pride and Purpose that we hope will guide them throughout their personal and professional lives. ... These principles define us, and they drive us to set the bar higher every year as we strive to be a great university in every sense and respect.”

A Letter from
President Stuart Rabinowitz

Looking back on the past year, I have never been prouder or felt more privileged to be president of this institution, which continues to exceed our best expectations, thanks to the hard work, support and commitment of every member of the Hofstra community.

We are celebrating the incredible growth of our two newest schools, the School of Engineering and Applied Science and the School of Health Sciences and Human Services, which have both seen first-year student enrollment more than double since 2012.

We have invested more than \$11 million in engineering and computer science equipment and facilities, including new robotics and Big Data labs that will open this fall. Also in September, we will launch new programs in health sciences and human services, including programs in nutrition and occupational therapy.

At the Hofstra North Shore-LIJ School of Medicine, three important milestones are coming up in 2015 – the opening of a new addition that will more than double, the graduation of its charter class, and final accreditation by the Liaison Committee on Medical Education. The school also announced its largest individual gift to date – \$10 million for student scholarships from the Louis Feil Charitable Lead Annuity Trust.

The support of benefactors is even more gratifying when it comes from an alumnus. This year, we named our School of Communication to honor one

of our most successful, distinguished and generous graduates, Trustee Emeritus Dr. Lawrence Herbert '51, inventor of the revolutionary Pantone® color matching system.

At Hofstra College of Liberal Arts and Sciences, our science programs were enriched by the creation of a new summer research fellowship for chemistry, biochemistry or forensic science, funded with a gift from longtime Hofstra supporters Dr. Bruce and Doris Lister. The first recipients of the Lister fellowship are conducting their research this summer.

At the School of Education, we launched an innovative master's program in technology for learning, designed to prepare students to use technology to transform teaching, learning and curriculum.

The Frank G. Zarb School of Business created a Dean's Business Scholars program to provide high-achieving first-year students with special opportunities for experiential learning, including special panel discussions and presentations, and trips to local and New York City companies. First-year themed housing for Zarb students proved so popular during the 2013-14 academic year that the option will be extended to all students in the fall.

The Maurice A. Deane School of Law this year focused on combining practical experience and community service in several ways, including pro bono clinics for returning veterans and Hurricane Sandy victims, as well as a

new Access to Justice Incubator that will put recent law graduates to work in the community to provide much-needed legal services to indigent Nassau County residents.

All across our campus, there were programs that integrated volunteerism and experiential learning. Students from the Zarb School taught basic programming to youngsters at a local elementary school, thanks to a grant from OpenLink. And the Center for Civic Engagement launched a partnership with Nassau University Medical Center called HealthLeads, in which student interns help low-income patients access social and other non-medical services.

These types of experiences are an essential part of a Hofstra education. As we prepare our students for successful careers, we must also instill in them a sense of Pride and Purpose that we hope will guide them throughout their personal and professional lives. These are the bedrock values that we all share as members of the Hofstra family. These principles define us, and they drive us to set the bar higher every year as we strive to be a great university in every sense and respect.

With your continued support, I know that there are no limits to what we can achieve.

Sincerely

Stuart Rabinowitz
President

Scholarships

Student Testimonials

"With your help, I am able to continue the pursuit of my academic aspirations. This University is filled with opportunity. I can't thank you enough for giving me the opportunity to pursue my education to its fullest extent."

– Senior, Connecticut

"This scholarship has given me the opportunity to be part of the Hofstra community and discover a new potential in myself. I want to thank you for putting your faith in me and my generation. After seeing how your generosity has opened many doors for me, I am inspired to do the same for others."

– First Year, New York

"I would not have been able to attend Hofstra University and pursue my dreams without the scholarship that you provided. Your generosity has made a tremendous impact on my life."

– Senior, New York

"It is due to your generosity that I am able to continue attending Hofstra University, and I certainly don't take it for granted. Thank you very much for all of your help."

– Junior, New Hampshire

Your investment in a scholarship makes a lasting difference in the life of a young person and ensures that the best and brightest students who wish to attend Hofstra are not denied that opportunity because of economic constraints. For the scholarship recipient, the honor of being recognized for one's academic achievement, coupled with the financial support to make a quality education possible, is a gift that lasts a lifetime.

"You have lightened my financial burden, which allows me to focus more on the most important aspect of school, learning. Your generosity has inspired me to help others and give back to the community. I hope one day I will be able to help students achieve their goals just as you have helped me."

– Senior, New Jersey

Scholarship donors receive the following benefits:

- The satisfaction of helping deserving students pursue their educational goals
- Recognition of your philanthropy and commitment to Hofstra in the *Decades of Pride*
- Annual notification on your scholarship recipient(s)
- An invitation to the annual Scholarship Luncheon and the opportunity to meet your scholarship recipient(s) and other talented Hofstra students
- Invitations to select University events
- Tax benefits to the full extent provided by law

For information about establishing a scholarship at Hofstra, please contact **Margaret Shields** at **516-463-6561** or **margaret.shields@hofstra.edu**.

Walk of Pride

The Hofstra University Alumni Organization thanks you for your support.

Every year thousands of Hofstra alumni, students, and friends visit James M. Shuart Stadium and the adjacent Libby and Joseph G. Shapiro Alumni House. A distinctive feature of the Stadium Plaza is the brick Walk of Pride, where many alumni and friends have left an enduring symbol of their support of Hofstra University.

Join the hundreds of other people who have become a lasting part of a Hofstra tradition by purchasing a brick in the **Walk of Pride**. Take advantage of this exciting opportunity to demonstrate your support for Hofstra University and leave your mark.

By contributing to the Walk of Pride:

- ▶ You will support students and educational programs at Hofstra University.
- ▶ Your brick will be a highly visible and permanent testimony of your devotion to Hofstra.

Through the annual Senior Class Challenge, Hofstra University graduating seniors celebrate their hard work and success by investing in the future of their alma mater and leaving a legacy for those who follow. Parents, friends, faculty and staff members also use the Senior Class Challenge as an opportunity to honor students. These gifts help Hofstra continue its long tradition of serving the community and enriching the lives of students through a quality educational experience. This year, the Senior Class raised more than \$6,000 for Hofstra University.

For more information about making a recurring Gift to Hofstra University, please contact Steven Molberger in the Office for Development at 516-463-5116 or Steven.Molberger@hofstra.edu.

BUILDING A BRIDGE TO THE FUTURE

Support
**The Parent Fund for
Hofstra University**
today and make a difference.

The Parent Fund for Hofstra University is a vital source of unrestricted funds that helps the University attract the best and brightest students through scholarships and financial aid, expanded academic offerings, recruitment and support of accomplished faculty, and classroom and other campus facility enhancements. When parents give to The Parent Fund, they enhance the Hofstra University undergraduate experience for their student and all Hofstra undergraduates.

Your Gift Matters!

Hofstra Parent Fund Committee

In addition to annual gifts, you can support your Hofstra student's experience and enhance your own by taking an active role at the University. Activities include contacting parents of newly accepted or admitted students and being an ambassador for the University; hosting a reception in your home or place of business, providing internships, summer or full-time employment; and sharing career advice.

Here is one parent's message to President Stuart Rabinowitz about why his family gives to Hofstra:

Recently, I was speaking with my daughter, Sarah, who is a freshman. In the course of 4 months, I have noticed remarkable growth and development in her maturity and intellectual curiosity. Each conversation is full of possibility, new ideas and how she can one day apply her course learnings to the career of her choice. She has been able to balance good grades and a social life, making her very happy. One professor in particular, Dr. Robert Brinkmann, has been very supportive in helping her expand interests in science and understanding the range of options available to students today. I believe strongly in the need for educators to encourage women in the fields of math and science. I want to thank you for establishing the type of culture that promotes a challenging academic environment – pushing students to reach their potential – and at the same time encourages direct faculty involvement. Clearly Sarah made the right choice in universities. Given the commitment your school has to student development, I felt compelled to donate to your current fundraising campaign. I hope in some way this helps bring your vision closer to reality.

Regards,
Evan Lippman, Parent '17

Rhayne Marcella Thomas

Kristie Lengel

Brittany DeLillo

Daniel J. Moran

Dr. Jean F. Coppola

November 2012

Rhayne Marcella Thomas (BS, '91) is an author, blues vocalist and humorist who travels the world with the goal of healing hearts through laughter – "nature's medicine." Her books, workshops and speaking engagements are filled with true, but humorous, stories that help individuals understand that life can be full of turns and twists. When surrounded with the right people, places and thoughts, faith will ALWAYS conquer fear, especially when laughter is involved.

Kristie Lengel (BS, '11) opened L.E.A.R.N. (Learn, Exercise, Activity and the Right Nutrition) Fitness, a first-of-its-kind fitness center on Long Island. In an effort to help fight the epidemic of childhood obesity, many of her clients are children. A typical day at L.E.A.R.N. Fitness involves teaching classes in the morning, followed by nutrition consultations and personal training sessions in the afternoon. Kristie holds after-school exercise classes for children and classes for the adult population in the evening. Her facility focuses on producing a "healthy home" for the entire family.

December 2012

Ron Witkowski's (BBA, '06) passion for beer began to blossom while he was obtaining his Bachelor of Business Administration. After identifying several weaknesses in the home brewing industry, Ron decided there was a great opportunity for a large-scale home brew supply distribution company on the East Coast, and love2brew was born.

Brittany DeLillo (BA, '10) spent much of her youth drawing and developing her passion for art. After watching *Breakfast at Tiffany's* when she was a junior in high school, it sparked a special interest in film. Her mind was opened up to the glory of filmmaking as an art form rather than as a source of entertainment. This spurred the decision to attend college for a film degree. One morning while she was working at the Apple Store, Alan Pafenbach, a legend in the advertising industry, walked in looking for a set of headphones and left with a candidate for an editor position at the up-and-coming digital agency SapienNitro. Brittany has worked with a range of clients, including Chrysler, RAM Trucks, Dodge, Fidelity, Bertucci's, Lenscrafters, and Dunkin' Donuts. She has also done freelance projects for New Balance and The Boston Beer Company.

January 2013

Daniel J. Moran, PhD, BCBA-D (MA, '92; PhD, '98) is committed to helping people overcome challenges and achieve their goals. He was the featured psychologist in several episodes of TLC's *Hoarding: Buried Alive* and *Confessions: Animal Hoarding*. He was featured twice on *The Tonight Show with Jay Leno* after those episodes aired. Dr. Moran is also CEO and founder of Pickslyde Consulting, an organization that utilizes evidence-based applications to improve performance and wellness in the workplace; founder of MidAmerican Psychological Institute in Chicago; co-author of the *Psychology Today* blog, "When More Isn't Enough"; and senior vice president of Quality

Larry has particular experience in antitrust, securities, class action defense, commercial, bankruptcy, and First Amendment and media litigation. He also has extensive experience representing clients involved in all types of government and internal investigations, as well as related trial and appellate matters. Larry is a former federal prosecutor who previously served with the U.S. Attorney's Office in Manhattan and the Criminal Division of U.S. Department of Justice in Washington, D.C.

Since his new role began, Aaron has brought in and worked very closely with artists such as Quincy Jones, Paul McCartney, Jennifer Lopez, Kanye West, Maroon 5, Tim McGraw, Tiesto (#1 DJ), and Linkin Park.

Since then, the film has been shown at festivals around the world. His next film, currently in development, was part of the official selection for screenplays at the 2011 La Habana Film Festival. It was also part of BoliviaLab 2012 and Cinefilia Executive Production Course 2012.

April 2013

Sabin Lomac (BA, '03) and his cousin Jim Tselikis launched Cousins Maine Lobster, a gourmet food truck based in Los Angeles, in the spring of 2012. Cousins Maine Lobster became an instant success, delivering Maine lobster to California each day and serving traditional lobster rolls out of their food truck. Within nine months of opening, Cousins Maine Lobster was voted the No. 1 food truck in Los Angeles, has been featured on countless TV shows, and even struck a deal with real estate

mogul Barbara Corcoran on ABC's *Shark Tank*. The cousins opened their first restaurant in September 2012 and went on *Good Morning America* to promote their online shipping business of Maine seafood products.

Jeffrey G. Marsocci (BBA, '92; JD, '94) founded The National Institute for Domestic Partner Estate Planning, an organization devoted to training attorneys, accountants and financial advisors on estate planning techniques for domestic partners and other unmarried couples. In researching different areas of law, he found there was an extreme lack of focus and knowledge in helping members of the LGBT community create the same or similar rights granted to married couples. His law firm took a giant step forward in creating an estate planning system for domestic partners, and carried it further by making the Partner AB-SECURE Trust available.
