EDUCATION AT THE MUSEUM

Participants are invited to make meaningful connections with art that enrich their understanding of themselves, their communities, and the world beyond. Dynamic and engaging programs foster visual literacy, critical and creative thinking, and communication skills.

Pre-K-Grade 12 Programs

The Museum offers a variety of programs that engage students in the powerful experience of careful looking at, thinking about, and discussing art from around the world. These programs connect to multiple disciplines and expand students' learning in a collaborative, inquiry-based environment. Schools may choose to participate in a single visit or an in-depth partnership that comprises numerous sessions.

Undergraduate and Graduate Class Sessions

The Museum's rich resources afford unique and varied opportunities for customized sessions across all disciplines. Holding a class in our galleries led by Museum educators supports student-driven learning that engages participants in critical and creative thinking, collaboration, and dialogue.

Family Programs

Look, listen, and create together!

We invite families to Museum programs that offer opportunities to spend time together, including **ARTful Adventures***, **Let's Explore Sculpture Backpacks**, **The Great Art Caper**, and Hofstra's festival days.

Community Group Visits*

We welcome visitors from communities both near and far of all ages. Museum educators are available to lead tours of our galleries and sculpture garden that can include art-making activities.

**All group visits and the ARTful Adventures family program require a reservation.*

Professional Development Programs

As a state-approved provider of Continuing Teacher and Leader Education (CTLE) hours, the Museum offers professional learning opportunities specifically designed to meet the needs of schools, faculty, and students. Discover how to use works of art to enhance teaching in all disciplines for all ages.
