INTRODUCTION
Introduction

Prof. Eugene T. Maccarrone
Chair, University Senate Executive Committee

This 2016-2017 Annual Report of the Hofstra University Senate is its fifty-second report, and reflects the continuing successful efforts of the dedicated constituents of Hofstra University joint governance. Once again Hofstra’s students, faculty, staff, and administration have come together as a community to enhance Hofstra’s present and future, as well as that of the larger community of which we are a part.

At Hofstra, university governance is at the hub of much of what makes for valuable academic, extracurricular, social, and employment experiences for our community. Governance attends to relevant substantive and procedural policies and procedures, as well environmental, safety, and other “quality of campus life” matters, all intended to foster a culture of mutual respect and inclusion.

To these ends, the initiatives, efforts, accomplishments, and ongoing deliberations summarized in this Report are testimony to the to the caring, commitment, and dedication of our constituents by way of the work undertaken by the University Senate, its Senate Executive Committee (SEC), the SEC’s standing and sub-committees, and, of course, the many students, faculty, staff, and administration they represent. Our community works tirelessly in identifying and meeting the ongoing challenges that help make Hofstra the best it can be.

Thanks to ALL who serve in governance, have served, and are now first entering service.

Special thanks to our Provost, Dr. Gail Simmons and her team, who embrace and help coordinate governance in such dedicated fashion. Also to Prof. Stuart Bass, Speaker of the Faculty, for his leadership, commitment, and hard work in helping set governance initiatives and accomplish our governance goals, as well as his personal guidance and counsel to me in my role as SEC Chair. And, of course, very special thanks to our Senate administrator, Ms. Caroline Schreiner, whose efforts on behalf of governance are indispensable.

As I conclude my term as SEC Chair, I offer my continued support in the Senate to my very capable successor, Dr. George Giuliani and his incoming Senate Executive Committee and it’s sub-committees. Best wishes to George and the SEC going forward. I have every confidence of continued achievement under George’s leadership.

Joint governance at Hofstra continues to be successful and vital, and it is the ongoing efforts of all that make it so. All in governance look forward to another successful year for Hofstra in 2017-18.

Eugene T. Maccarrone, J.D., CPA
Chair, Senate Executive Committee

RESPONSIBILITY, STRUCTURE AND BYLAWS OF THE SENATE
Responsibility and Operation of the Senate

Authority to administer the academic operations of the University is vested by the State of New York in the Board of Trustees and derives from it through the President and the Provost to the deans and departmental chairpersons. Responsibility for shaping academic policies concerning the University as a whole, and for supervising all matters referred by the Board of Trustees, the President, or the Provost, rests in the University Senate, which consists of ex-officio members, elected members, and appointed members who represent all the internal constituencies of the University. Specifically, faculty, students, staff, and chairpersons are represented by elected senators: twenty faculty, three from the adjunct faculty, five students, one staff member, one chairperson. The ex-officio members are the President, the Provost, the Vice President for Enrollment Services, the Vice President for Student Affairs, one academic dean, the President of the Student Government Association, and the President of the Graduate Student Organization. Thus, representation in the policymaking institution of the University is both broad and deep.

The decisions of the University Senate, on all matters save those involving changes in Faculty Statutes or the Faculty Policy Series, are conclusive, subject to the endorsement of the Provost, the President, and, when necessary, the Board of Trustees. In practice, motions passed by the Senate are transmitted to the Provost and, by the Provost, to the President. The responsibility for the implementation of endorsed Senate actions rests with the Office of the President. Changes in Faculty Statutes or in Faculty Policy Series are usually initiated in the Senate or one of its committees, and must be approved at a Full Faculty Meeting before being transmitted to the Provost, the President and the Board of Trustees for approval. Once changes are approved, these shall be incorporated in the Faculty Statutes or Faculty Policy Series by the Senate Office.

The Chairperson of the University Senate Executive Committee is obliged to report at the quarterly faculty meetings. At such time, he or she may present proposed changes in Faculty Statutes or in Faculty Policy Series to the Faculty for its action. Action items will be identified as, changes, deletions, or additions to the Faculty Statutes, Faculty Policy Series, or other. Other Senate business is reported to the Faculty meeting as information. If faculty members wish to contest University Senate actions, Faculty Statutes provide for the petitioning of the President to call a special meeting. The President may call such a meeting, at his/her discretion on the petitioning of any ten members of the faculty. He or she must call such a meeting on the petition of ten members of the faculty in the instances where the contested Senate action has been passed without the affirmative votes of a majority of the faculty constituency of the Senate.

Faculties of the schools, colleges, and other autonomous units of the University develop academic policy for their own units. When policy development involves more than one school, college or unit, or is University-wide, or when external review mandates University governance review, the Senate has the responsibility of review and the authority to veto, subject to the approval of the Provost, the President, and the Board of Trustees. To provide adequate communications, the Chairperson of the Senate Executive Committee receives all the minutes of all the standing committees and faculty meetings of the University and its subunits. Chairpersons of corresponding unit committees receive minutes of the Senate and its committees.

The Chairperson of the Executive Committee and the Chairperson of the Senate Planning and Budget Committee represent the Senate at meetings of the Board of Trustees. The Senate Executive Committee is composed of the Chairpersons of the Standing Senate Committees, the Provost, and its own Chairperson who are elected by the full Senate for a two-year term. The immediate past Chairperson of the Executive Committee shall serve as an ex-officio member, without a vote, for the first semester of the subsequent academic year. The function of the Executive Committee is to route incoming matters to the appropriate standing committees, to
review and prepare for Senate consideration all matters coming to it from the standing committees or elsewhere, to oversee the work of the various committees and subcommittees, to recommend to the Senate changes in its structure, to nominate members of the University community to serve as senators-at-large on the various committees, to nominate elected senators for service on its committees, to maintain liaison with appropriate officials and organizations within the University community, and to prepare the quarterly and annual reports of the University Senate. Individuals or academic units or other organizations within the University community who wish to direct matters to the attention of the Senate should write to the Chairperson of the Executive Committee. Matters coming from the Faculty Meeting to the Senate are also first referred to the Senate Executive Committee.

Meetings of the University Senate are open to all interested members of the Hofstra community, who may also attend meetings of standing committees by notifying appropriate chairpersons. Although non-senators may not vote in the Senate or committee meetings, the Senate traditionally extends speaking privileges to its guests upon request.

FACULTY STATUTE VII - THE UNIVERSITY SENATE

1. There shall be a University Senate, composed of ex-officio members, elected members, and appointed members as provided in the sections which follow.

REPORTS OF THE COMMITTEES OF THE SENATE
NOTE: Rosters for all committees’ 2016-2017 memberships can be found on pages 2, 3, and 4 of this Annual Report.

SENATE EXECUTIVE COMMITTEE
Chairperson: Eugene Maccarrone

Among its responsibilities the Senate Executive Committee (SEC) reviews and considers the activities and proposals of the standing committees and special ad hoc committees and, when appropriate, forwards those measures to the full Senate and the full faculty.

The 2016-17 academic year was another active and productive one, during which the SEC and Senate addressed and advanced many important issues, many of which were forwarded to the full faculty, and beyond for approval by Hofstra’s senior administration. Governance has generally progressed smoothly, and we are proud to report that many matters approved by the Senate were brought to the Speaker of the Faculty. It is once again clear that a healthy and vibrant shared governance structure and its processes are recognized and valued by our university community.

Among the significant measures addressed by the Senate and / or its constituents were the following:

- Passage (and approval by the President) of a Mid-Semester Advisory policy for undergraduate students, to provide students with early notification regarding course performance. It is anticipated that early notification of any academic problems will result in timely remedial action by students. The effectiveness of this policy is to be evaluated after two years.

- Passage (and approval by the President) of the 2017-2018 and 2018-2019 Academic Calendars.

- Passage (and provided as information to the faculty) of a class Audio Recordings Policy for coordination by Hofstra’s Office of Student Access Services, in support of students benefitting from assistance in taking class lecture notes.

- Passage (and provided as information to the faculty) of Revisions to the Grievance Committee Bylaws and population requirements of the committee, to update that committee’s rules to reflect present unit name designations and appropriate unit representation.

- Formation of a new ad-hoc committee to develop Academic Calendar Religious Observance Policy and notification wording and modes of policy notification, in support of Hofstra’s present calendar structure. This committee as presently structured reports directly to the SEC.

- Formation of a new ad-hoc committee to review Governance Documents (By-Laws, Faculty Statutes, Faculty Policy Series, etc.) to determine whether and where recommendations may be made for updating, clarification, and improvement. This committee as presently structured reports directly to the SEC.

- Passage (and approval by the President) of change / clarification pertaining to the Designation of Departmental Honors.
• Passage (and approval by the President) of change / clarification pertaining to limitation of overlapping coursework allowed in Hofstra’s Graduate Degree programs. Also so approved certain revisions to the Basic Regulations governing graduate programs.

• Passage (and approval by the President) of Revisions to Faculty Policy Series #10 - Examinations, Final Grades, and Student Absences to conform the FPS to rules regarding deadlines for submission of final course grades to rules under the present faculty Collective Bargaining Agreement.

• Ongoing participation with the Provost’s Office regarding re-purposing the Third Floor of the Axinn Library, resulting in major updating, renovation, and re-purposing of the Third Floor, providing substantial academic, research, and support benefits for our students and faculty.

• Ongoing coordination between the SEC, largely through its Student Affairs standing committee, with Hofstra’s Office of Public Safety to promote mutual respect and understanding, to better benefit and safeguard all members of the Hofstra community.

• Ongoing consideration with the administration of on and off-campus transportation needs, including regarding the on-campus shuttle, the shuttle to and from the Mineola train station, as well as local bus transportation.

• Further, the Senate leadership, Speaker of the Faculty, and Chair of the Chairs’ Caucus, in collaboration with the Provost, continue to meet regularly or as necessary with the President to further enhance communication and transparency between the President, his administration, and the University community at large.

Many important items are continuing to be addressed in progress, including the Senate’s consideration of expanding its smoking ban to the North Campus (which would make Hofstra’s campus entirely smoking-free); attempting to expand financial resources to help support student internship costs, as just two examples.

UNDERGRADUATE ACADEMIC AFFAIRS COMMITTEE (UAAC)
Chairperson: Marc Silver (Fall 2016); Paul Fritz (Spring 2017)

The Undergraduate Academic Affairs Committee (UAAC) had several issues on its agenda for the Academic Year (AY) 2016-2017. The Committee began the academic year with four issues carried forward from the preceding academic year: 1) the relationship between student acts of academic dishonesty and the repeat course option; 2) the handling of departmental honors on the official transcript; 3) mid-semester assessments; 4) the status of UNIV001 as a requirement for students on academic probation; 5) establishing a policy for use of recording technology in the classroom for students duly registered with SAS. One new issue was brought to the attention of UAAC in the Spring ‘17 semester: the technical matter of revising FPS 10 to bring the timeframe for submitting final grades into alignment with the new collective bargaining agreement. By the end of the academic year, the Committee saw through to passage by the full faculty the handling of departmental honors, a policy establishing midsemester assessments for all regularly scheduled undergraduate courses offered in Fall and Spring semesters, and revision of FPS 10. In addition, the policy on appropriate use of recording technology in classrooms approved by the Committee in Spring 2016 was implemented beginning with the Fall 2016 semester.
Departmental Honors: Issues concerning the administration of Departmental Honors was initially brought to the UAAC in the 2013-14 AY. The Committee continued to work on its recommendation in the Fall 2015 semester. It eventually recommended in the 2014-15 AY that the report form for honors be amended to include an option for “no honors”. It also recommended changes to Bulletin copy in order to clarify the parameters for honors designation. In addition, the UAAC recommended that, in order to ensure an unambiguous transcript, student who do not successfully achieve honors designation have their course reassigned to a non-honors research course. The recommendations were passed by the Senate. Discussion at the Full Faculty meeting resulted in the issue being returned to the UAAC for further consideration (see 2013-14 and 2014-15 Senate Annual Reports for details). The Committee reached agreement on a proposal to resolve the ambiguities with respect to the reporting of the awarding of departmental honors. It was agreed that departmental honors courses be titled, “Departmental Honors Candidacy: [Research, Project, or Essay as appropriate]. Further, the Committee agreed that the notes section of the Official Transcript should contain clarifying language pertaining to the awarding of Departmental Honors. The Committee’s recommendation was passed by the full Senate and Full Faculty in the Spring 2017 semester.

Mid-Semester Advisory: The Committee initially took up the issue in AY 2014-15 to consider the advisability of mandating some form of interim grade reporting to students. The rationale for instituting such a system is to ensure that students have some clear basis for knowing where they stand in each course at a time when they can still make adjustments that improve their chances for success during the semester. The Committee undertook a survey of comparable/competitive/aspirant institutions to assess common best practices. The survey revealed that most all such institutions have some form of interim grade reporting. The Committee voted to endorse the concept of interim grade reporting during the AY 2015-16. Senate passed the recommendation. The proposal was tabled at the Full Faculty meeting in May 2016 (see 2014-15 Senate Annual Report for further details). The matter was referred back to UAAC by the full faculty in the Fall 2016 semester. The Committee engaged in additional outreach to stakeholders (e.g., departmental chairs, students, faculty) and participated in informational meetings organized by the Speaker of the Faculty. In addition, the Committee worked with the Senate Student Affairs Committee to research student experiences and perspectives via a structured online survey instrument. UAAC subsequently made revisions to the original proposal. The Committee’s proposal was vetted and endorsed by the Senate Faculty Affairs Committee. The proposal was subsequently passed by the full Senate. The Full Faculty also passed the proposal at its May 2017 meeting.

Sonocent recording software: It was announced in August of 2015 that SAS would be making available a digital recording and transcription program for qualified SAS students. Representatives of UAAC participated in an ad hoc committee throughout the 2015-16 year to develop guidelines for the use of recording technology in classrooms. That policy was implemented in the beginning of the Fall 2016 semester.

Violations of Academic Honesty and use of the Repeat Course Option: The UAAC received a request by the Honor Board in 2014-15 to review and clarify policy with respect to the relationship between minor and major violations of academic honesty and the availability of the repeat course option for courses in which acts of dishonesty have been reported. The Committee developed a revised policy on the matter that was passed by the SEC, the full Senate and by the faculty in the Fall 2016 semester. Subsequently, the Provost questioned certain provisions of the proposed revision and returned the matter to UAAC. The Committee continued to work on the issue in the Spring 2017 semester. The issue was not resolved and will be carried over to the 2017-18 AY.

UNIV1: UAAC was asked by Academic Review Committee (a subcommittee of UAAC) to assess the efficacy of requiring students on academic probation to successfully complete UNIV1. The committee undertook an analysis of data on the relationship between students’ success in completing UNIV1 and improving their
academic performance to a level that warranted exiting their probationary status. The research indicated that there was little to no evidence that UNIV1 facilitated subsequent improvement in academic performance on the part of students on academic probation. In Spring 2017, the committee invited representatives from the Provost’s Office, the Center for University Advising, the Academic Review Committee (ARC), and the administrator of the course to discuss the efficacy of UNIV1 given the analysis previously completed as well as other issues related to the course. Noting the lack of evidence of the efficacy of UNIV1, the committee agreed to continue discussion options for students on academic probation in AY 2017-2018. For the purposes of the operation of the ARC during Summer 2017, the committee endorsed the practice of the ARC to waive the UNIV1 requirement in appropriate situations until the time the UAAC can complete a full review of the policy.

**SUBCOMMITTEE ON ACADEMIC REVIEW (ARC)**
Chairperson: Neil Donahue

The Academic Review Committee (ARC) enters all decisions in Banner and reports are generated based on that data. Reinstated/continuing students are granted a semester by semester continuance allowing the Committee to review and intervene, if necessary. The New Opportunities at Hofstra Program (NOAH), and the English Language Program (ELP) continue to bring their special population dismissals to ARC.

ARC meets several times throughout the Summer and during January. Ad hoc decisions have also been made via email. The primary goal of each meeting is to review all appeals; consider students who, as per the Dismissal Policy, are brought to ARC out of concern; assess requests from students who were mandated to successfully complete UNIV 001, but did not; and to automatically review students who had been reinstated at prior meetings. Students who reach a 2.0 cumulative GPA are released from the conditions of ARC. Academic Records is notified to release the ARC-related hold on their student accounts, the Registrar, Center for University Advising and Student Financial Services are copied for notification purposes. The Committee discussed the efficacy of the UNIV 001 requirement and asked the UAAC to review.

In the Summer of 2016, ARC met in person on four occasions and conducted reviews via email when necessary. ARC reviewed approximately 87 students during that time; some students having been reviewed more than once. In January 2017, the Committee met three times and reviewed 51 students; some students having been reviewed more than once. At the end of the 2016/2017 academic year, ARC upheld the dismissal of 24 students from the University; a significant decrease from 62 the previous year.

As of July 6, 2017, the Committee has met twice and has reviewed 34 students thus far. We are happy to report that we released 8 students who met or surpassed the 2.0 threshold, which is the goal of the committee: to help students who are struggling find the right balance in order to make progress toward their degree. The Committee anticipates seeing at least another 50-75 appeals over the remainder of the summer.
GRADUATE ACADEMIC AFFAIRS COMMITTEE (GAAC)
Chairperson: Debra Goodman

Committee Actions and Discussion:
Overlapping Coursework in Graduate Programs

The GAAC worked across the year on the following policy that was ultimately approved by Senate and full faculty. The policy is a revision to the Basic Regulations Governing Graduate Programs in the Hofstra Graduate bulletin.

In cases where graduate students have completed a previous graduate degree at Hofstra, there may be an overlap of coursework. Under advisement of the program director, and in accordance with any program regulations or accreditation standards, coursework taken for a prior graduate degree may be applied to additional master’s or certificate degrees. In the case of master’s degrees, at least 50% of coursework must be unique.

Overview of Committee Work on this Issue:
- Evan Koegl (Registrar’s Office) raised this issue in 2015-2016 regarding cases where a Hofstra graduate student in a Masters or Advanced Certificate (AC) program might bring in course work from another Hofstra graduate degree, sometimes referred to as “double dipping.” While programs and schools have a range of practices, there was no university policy regarding overlapping coursework for Hofstra graduate degrees. A policy would provide guidance for program admissions, registrar office, major approvals, etc.
- The committee collected information from graduate directors and deans. School of Education deans Karin Spencer and Stacy Zalewski (Certification) provided the committee with examples of programs and actual case studies of students with overlapping credits in masters and certificate programs. Li-Lian Gao, from the department of Management and Entrepreneurship, raised an issue for MBAs in Finance and Marketing. We examined these degrees and received clarification from Lisa Welch, Assistant Dean of Graduate Advisement. Tatiana Gordon from the department of Teaching, Learning & Technology, shared discrepancies in requirements between Advanced Certificates in Bilingual Education and Teaching English as a second language (TESL).
- Working practices across programs and schools ranged from 50% unique content to 60% unique content. Directors and deans reported difficulties in the case of Advanced Certificates where students were required to take additional coursework although they had met all program requirements. In some cases, students were denied admission to ACs because that had met more than 50% of required coursework, and there were no alternatives or electives available. This prevented Hofstra from awarding Advanced Certificates (often tied to teaching certifications) to students who had completed the requisite coursework.
- The committee looked at sample degree plans of study and student case studies from a range of schools in order to consider implications for an overlapping coursework policy.
- Feedback suggested that the policy should support students in having as multiple degrees and certifications; and gaining these degrees as easily as possible. This is beneficial for job searches and in some cases teaching raises, etc.
- The committee developed a draft that was submitted to the SEC in December. The SEC requested that academic deans be consulted the wording.
- A letter was sent to academic deans in February, 2017. Responses from Dwight Brooks, Vice Dean in the Lawrence Herbert School of Communication who approved the GAAC wording, Janet Lenaghan, Vice Dean in the Frank G. Zarb School of Business, who suggested wording, and Holly Seirup, Dean of the
School of Health Professions & Human Services, who provided a double masters example that would benefit from 50% rather than 40% overlapping coursework being allowed.

- The committee revised the motion wording to incorporate various suggestions. The draft above was approved by SEC, Senate, and Full Faculty.

The Use of Human Subjects in Research – FPS #36
The committee reviewed the changes recommended by the IRB committee for FPS #36 in October. We discussed various aspects of the process and approved the new wording unanimously.

Basic Regulations Governing Graduate Programs
When reviewing the graduate program regulations for the overlapping coursework policy, the committee noted that there were some regulations that were not accurate or in keeping with current practice. The committee spent the final two meetings in Spring, 2017 reviewing this bulletin copy. Revisions to the bulletin copy were drafted by the committee and approved by the Senate and Full Faculty in May, 2017.

Other Discussion Topics
- Graduate Admissions: The committee added Monica Conforti, Graduate Admissions Director, to those administrators participating in GAAC meetings. Monica provided reports on graduate admissions issues.
- Graduate Orientation: Robert Brinkmann, Vice Provost for Scholarship and Engagement and Associate Dean of Graduate Studies, shared plans for a university-wide graduate orientation beginning in Fall, 2017. Monica Conforti and Liudmilla Patokina, graduate senator at-large, volunteered to work with a committee on this project.
- Document Review Committee: Amy Catalano, Library, agreed to represent the GAAC on a committee to review Senate by-laws and policies.
- Student Organizations: Debra Goodman raised the issue of availability of student clubs for graduate programs. Literacy Studies has two groups, Doctoral Society and Literacy Club for master’s/CAS students. Clubs receive funding which can be used for social and professional events, as long as they are not course/credit related. Graduate students pay fees every semester that are included in SGA/student events office. PLANNING & BUDGET COMMITTEE (P & B)
Chairperson: William Caniano

A primary function of the Senate Planning and Budget Committee is to be active in monitoring the Hofstra University’s Budget. To that end, the following Vice Presidents were invited to speak to the committee:
- 20 October 2016 Provost Simmons
- 7 November 2016 Vice President for Information Technology Robert Juckiewicz
- 5 December 2016 Vice President for Facilities and Operation Joseph Barkwill
- 22 February 2017 Vice President for Financial Affairs and Treasurer Catherine Hennessy and Senior Vice President for Legal Affairs and General Counsel Dolores Fredrich
- 15 March 2017 Vice President and Director of Athletics Jeffery Hathaway
- 19 April 2017 Provost Simmons
- 3 May 2017 Vice President for Enrollment Management Jessica Eads

At the 25 April 2017 Town of Hempstead Board meeting the Town of Hempstead raised the legal age to purchase tobacco products to 21. Since it will now be illegal for the majority of Undergraduate to purchase
tobacco product the Planning and Budget Committee is continuing the process of discussing a Full Campus Smoking Ban. At this time, P&B has not made a recommendation.

A University Town Hall Meeting was held on 1 March 2017 sponsored by P&B, SAC and the Student Government Association (SGA). The annual Town Hall Meeting gives students an open forum to discuss their concerns with Senior Administration of the University. Many important issues and concerns were raised from students and referred to the appropriate offices of the University. These issues will be addressed and further investigated as warranted during the next academic year.

It was discussed at that the 3 May 2017 meeting with Vice President Eads ways the Hofstra Faculty can possibly assist in recruiting new students. As it was our final meeting for the year, no recommendations were made. Work on this topic will continue in the 2017-2018 academic year.

**LIBRARY COMMITTEE**
Chairperson: Peter Goodman

The library committee focused several discussions on the possibility of developing an open-access system for textbooks and other learning materials at Hofstra University. Among the systems considered were the OER program (Open Educational Resources) at SUNY, and BCCampus, a similar program in effect in British Columbia.

We also kept track of the conversion of the third floor of Axinn Library into a student resource center, with spaces for tutoring, counseling, writing and other student success initiatives.

**ENVIRONMENTAL PRIORITIES COMMITTEE (EPC)**
Chairperson: Sandra Garren

The 2015-2016 academic year of the Environmental Priorities Committee (EPC) began with Sandra Garren taking over as the new Chair. Over the course of the year, she has worked to grow the committee to its current membership. During the academic year, the EPC worked on revising its mission statement and updating the website. Sandra Garren commissioned a team of researchers in the sustainability department to compile a historical report of the environmental and sustainability measures completed on the Hofstra campus since the 1980s which was presented to the EPC near the end of the year. The report is currently being finalized and will be presented to the Senate in the Fall 2017. Next year, the chair has a goal of preparing a strategic plan based on the historical account and from input from the EPC, faculty, and the student body to advance environmental sustainability initiatives on campus.

**FACULTY AFFAIRS COMMITTEE (FAC)**
Chairperson: George Giuliani

The Faculty Affairs Committee (FAC) met regularly this year. The FAC addressed a number of issues this academic year, including:

1. Approval of updates to FPS #10: Examinations, Final Grades, and Student Absences.
2. Formation of a policy and procedure for Adjunct Teacher of the Year
3. Formation and discussions regarding CTR Evaluation Committee for DL courses
4. Review of FPS #36: The Use of Subjects in Human Research and IRB
5. Special Leaves review of applications and recommendations for the 2017-2018 academic year
6. Emeritus Status review of applications
7. Mid-Semester Advisory proposal from the UAAC (reviewed and recommended to the SEC)

Donna Balson, adjunct senator, was elected Chairperson of the FAC for the 2017-2018 academic year.

**STUDENT AFFAIRS COMMITTEE (SAC)**
Chairperson: Bianca Pickering

This year, the Student Affairs Committee will work on a variety of different projects aimed to resolve issues brought up by students. For the influence of the SAC to be felt and noticed more widespread on campus, the committee should enhance their visibility. This could be done in several ways, which include but not be limited to, creating a social media platform, a logo, and a banner. The projects of which the SAC discussed and took part in this academic year as follows:

**Public Safety Collaboration:**
Chair of SAC met with Karen O’Callaghan to discuss issues students have with Public Safety such as reporting incidents between students and public safety officers or student safety. The first meeting resulted in clarifying the role of public safety officers as being allies to students to ensure their safety. Also, the meeting resulted in the Public Safety page being updated to inform students how to report incidents with public safety. Further, we learned that incidents between students and public safety are investigated by the Human Resources department. On April 20th, a collaborative meeting with a multitude of student leaders on campus met discussed planning an event for Fall 2017 where public safety will interact with students.

**Mid-Semester Advisory Report:**
SAC worked with UAAC to work on the questions used to survey students about their thoughts on mid-semester advising and if it would be important for them. Three SAC representative spoke on behalf of Hofstra students at the last Faculty meeting of the year to highlight the importance for students to receive some form of information about how they are doing academically by the 7th week of the semester. The proposal was passed on May 5th, 2017.

**Pride Unleashed Week:**
SAC provided sweatshirts during the week to be handed out to students in order to encourage students to attend a men’s basketball game. The sweatshirt was part of a prize wheel and since sweatshirts are not usually given out, students were shocked but also elated. In the coming weeks, more students had Hofstra sweatshirts. This was a part of an initiative to build student pride.

**Town Hall:**
Town Hall was pushed up for more issues to be resolved, this year it landed on March 1st, 2017. However, students would like two Town Halls per year, one in the fall and one in the spring. This year’s Town Hall was one of the biggest and most successful as reaffirmed by students and faculty who attended. Several issues were brought up such as the residential side having more green space, more spaces and inclusivity for transfer and commuter students, supporting students of color students and clubs, and reduced priced tickets for students interning in the city. The President promised to work on finding ways to alleviate the cost of transportation for interning students. This issue should be again be discussed with the President next year.
SPECIAL COMMITTEE ON RECRUITMENT, ELECTIONS AND NOMINATIONS (SCREAN)
Chairperson: Caroline Schreiner

In 2016/2017, Special Committee on Recruitment, Elections and Nominations (SCREAN) was comprised of faculty members Eugene Maccarrone (SEC chair), Deborah Elks-Abuhoff, Arulappah Eswarathasan, Pamela Harpel-Burke, Maureen Krause and Brad Phillipi. Caroline Schreiner, who chaired the committee, also represents Hofstra staff. Terri Shapiro served as advisor from the Provost’s Office.

Emails had been sent to all full-time faculty members directing them to a survey on Blackboard which indicated their interest in serving as Senator-at-large on various Senate committees. Eighteen forms were returned. Sixteen appointments were made as well as ten reappointments affecting twelve committees.

Via Blackboard, nominations were solicited and elections were held for:

- The Lawrence Herbert School of Communication
  - Russell Chun was elected for a three-year term
- School of Humanities, Fine and Performing Arts
  - Christopher Dippel was re-elected for a three-year term
- Frank G. Zarb School of Business
  - Anthony Basile was re-elected for a three-year term
- Adjunct Faculty
  - Donna Balson from the School of Humanities, Fine and Performing Arts was re-elected for a three-year term.

The following schools have vacancies; elections will be held in the fall:

- HCLAS, School of Humanities, Fine and Performing Arts

Through the Student Affairs Committee, information went out to the entire student body, via the Hofstra Portal, soliciting nominations for students to serve on the University Senate. Eight undergraduate students and five graduate students applied. As per the Senate bylaws, four undergraduate students and one graduate student were elected. The remaining four undergraduate students and four graduate students will be appointed to one of the Senate standing committees.

SCREAN will continue to monitor committee membership, and solicit interest throughout the 2017/2018 academic year.

SPECIAL COMMITTEE ON ATHLETIC POLICY (APC)
Chairperson: Cliff Jernigan

This report describes the actions taken by the Athletic Policy Committee (APC) during the past academic year. The first section details the committee’s successful completion of the Senate mandate to review and revise our bylaws. This was deemed the most prominent priority. The second section lists, and briefly details, the reviews, as per the revised bylaws, the committee completed. In revising the bylaws, and then reviewing them, the committee was guided by a desire to address matters that contribute to “protecting the health and providing a safe environment” for Hofstra’s student-athletes.

Section One – Bylaws revision
The committee decided:

- To reduce the number of voting committee members from fifteen to thirteen. The committee made certain that seven members, the majority of those eligible to vote, are faculty. The committee also reduced the number of non-voting members from ten to five. The five non-voting members removed from the committee were administrators. This reduction of committee members will allow for discussion of a wider range of topics and also increase flexibility in scheduling meetings.
- To increase the number of meetings from once a semester to twice a semester. This is also designed to allow the committee to take on more issues and effectively follow up on initiatives proposed at the first meeting of each semester.
- To reduce the number of bylaws from eleven to nine. The committee determined that conflating several of the bylaws would not negatively impact the oversight responsibility and would allow for a more efficient review of each bylaw.

Section Two – Bylaws reviewed
The committee reviewed and reported on the following:

- The Director of Athletics, Jeff Hathaway, reported on the Academic Progress Rate (APR) for Hofstra athletics in the 2012-13, 2013-14, 2014-15, and 2015-16 academic years. The National Collegiate Athletic Association (NCAA) considers a score of 930 to be passing. In the 2015-16 reporting year, all 17 of Hofstra’s collegiate sports exceed the passing score with ten sports (women’s soccer, women’s tennis, men’s basketball, men’s cross country, men’s golf, men’s soccer, women’s cross country, field hockey, women’s golf, and volleyball) receiving a perfect score of 1,000. The Director also reported on Hofstra’s outstanding Graduation Success Rate (GSR) of 96 percent. NOTE: Student athletes nationwide are shown to graduate at a higher rate than peers in the general student population. There were no major policy changes from the NCAA covering the past academic year. [Bylaw 3 and bylaw 4].
- Associate Director of Athletics, Ariel Pesante, reported that Hofstra was in compliance and good standing with regard to all NCAA rules, regulations, and compliance policies. [Bylaw 5].
- Assistant Director of Athletics, Rachel August, presented the revised student-athlete handbook. The Director and Assistant Director thanked the committee for the feedback and suggestions that went into the revised version. [Bylaw 8].

Other items – The NCAA randomly selected universities to take part in a survey on athletes and drug and alcohol use. The survey is confidential and results will be reported only in the nationwide aggregate. Faculty Athletic Representative, Cliff Jernigan, administered the survey to members of Hofstra teams as designated by the NCAA. Next academic year the APC will focus closer attention on the different departmental residency requirements as they impact student athletes. In addition to the required continuing review and discussion of the bylaws, next academic year the APC intends to examine the plans of study for student-athletes, invite Julie Yindra (as a representative from the Office of Accommodations) to be involved on the committee dealing with the Health and Safety program, and invite Jen Mone, the University Equal Rights and Opportunities Officer, to address current issues regarding gender equity and representation.

**SPECIAL COMMITTEE ON THE ACADEMIC CALENDAR**
Chairperson: Evan Koegl

The Academic Calendar Committee put forth calendars for both the 2017-2018 and 2018-2019 academic years in an effort to grant earlier access to these calendars for departments that require more advanced planning (ie: Athletics) and also allow for additional consideration and creation time for the calendar in response to issues
brought up during the academic year. The committee will continue to operate in this extended creation period moving forward.

The committee will review the efficacy of the first year of the secular academic calendar which began in 2016-2017 and will seek to address any concerns when generating new calendars and by amendment of established calendars if necessary.

The committee is continuing to work with the Provost’s Office in considering adjustments to Hofstra’s standard time periods. This is in an effort to more efficiently utilize academic spaces and provide better scheduling accommodations for our students.

**SPECIAL COMMITTEE ON ENVIRONMENTAL SAFETY**

Chairperson: Kevin Bisceglia

The ESC held two formal meetings during the 2016-2017. A subset of committee members also met repeatedly during the Fall 2016 semester to interview candidates for the newly created EHSO position. Members also met with the EHSO and other university officials in smaller groups to discuss committee business as needed. Kevin Bisceglia was re-elected as committee chair and secretary, respectively, and will remain so until Fall 2017.

**New Full-time EHS Officer:** The ESC is very pleased to report that, upon its recommendation, Mr. Subin Antony has been hired as the university's new Environmental Health Safety officer (EHSO). This position was newly created to address the university's growing need to ensure lab and classroom safety during research and academic instruction. As EHSO, Mr. Antony reports to the Provost's office, and has assumed the role of CHO in the university's Chemical Hygiene Plan.

**Chemical Hygiene:** As in previous years, the committee updated the university's Chemical Hygiene Plan (CHP) by reviewing standard operating protocols (SOPs) for a variety of chemicals and laboratory practices, including the handling liquid nitrogen, mercury salts, and lasers. The ESC also continued its efforts to codify university policies on chemical hazard identification and control. Importantly, the committee facilitated discussion between the EHSO and faculty members in an effort to revise and clarify the CHP's policy on students working in university laboratories.

**Safety Inspections, Compliance, and Training:** As EHSO, Mr. Antony conducted lab safety inspections on a routine basis and communicated results to the ESC on a semester basis. Committee members accompanied the EHSO, as well as the part-time Chemical Hygiene Officer who served before him, as he conducted visual inspections of all laboratory spaces on campus. The EHSO has shared findings from these inspections with the Provost's office in July, and will do so with the ESC during Fall 2017. The committee is also pleased to report that all science and engineering faculty hired before the 2016-2017 academic year have undergone safety training, as well as training to ensure compliance with OSHA's Globally Harmonized System communicating the safety of hazardous chemicals. Compliance with GHS labeling practices was assessed during lab inspections.

**Recommendation for the Creation of a Biosafety Committee to Operate under the ESC:** Committee members are working with the EHSO to create a new biosafety committee to ensure the safe handling of animal waste, recombinant DNA, and related potential biohazards on campus. This committee will be composed of faculty and staff from relevant departments, and will report to the ESC on a semester basis. In doing so, it will follow the model established by university's subcommittee on radiation safety. Establishing the biosafety committee will be a major goal for the ESC during the 2017-2018 academic year.

Mobile Device Policy

Hofstra University values the security of confidential information maintained on its computer systems. Mobile devices, such as cell phones and computer tablets, are powerful computers capable of storing sensitive data and are often used as an extension of a workplace computer. Using a mobile device, which can be easily lost or stolen, to access University data, including email, increases the risk of unauthorized access to and disclosure of this information. Various New York State and federal laws require the University to protect sensitive information and to notify individuals in certain circumstances where there is a security breach relating to personal information.

Definitions

Mobile Devices (“Devices”) - Small devices easily carried and transported by a single person, which have the capability of storing, processing, and/or transmitting data. This includes but is not limited to laptops, notebooks, tablets, smartphones, personal data assistants (PDAs), flash drives, USB drives, zip drives, and external hard drives.

Sensitive Information – All information protected by all applicable laws, including, but not limited to, the Family Educational Rights and Privacy Act (FERPA), the Gramm-Leach-Bliley Act (GLBA), and the Health Insurance Portability and Accountability Act (HIPAA), as well as information that is considered confidential to the University’s operations.

Scope

This policy describes the minimum security requirements for all Devices used to access University data, regardless of whether the Device is University-issued or personally owned. Specific types of Sensitive Information, such as medical information, may be subject to more stringent requirements than those listed here.

POLICY

Users of Devices should take all reasonable and appropriate measures to protect the Device and Sensitive Information from unauthorized access, such as securing the Device at all times and enabling available security features. All use of Devices on the Hofstra network must conform to the provisions outlined in the Hofstra University Acceptable Use Guidelines found on the Hofstra portal (http://www.hofstra.edu/pdf/StudentAffairs/StudentServices/IT/itscs/ACCEPTABLE_USE_GUIDELINES.pdf).

When university provided devices are utilized, users are required to abide by the following list.

When personal devices are being utilized, the items in the following list are strongly recommended.

1. Have password protection set on the Device. The password must be at least 4 characters in length and have a strong value that is not a common name or easily guessed (e.g. 1234). The password should be regularly changed to protect the Device.

2. For Devices with screens, configure the Device to lock when idle, requiring the user to enter his or her password to unlock the Device. Devices should never be left unattended. Users are encouraged to use the minimum screen lock time setting available for the Device. Devices should lock after no more than
30 minutes of inactivity.

3. Properly secure University data, including Sensitive Information, stored on the Device. Due to increased security concerns, storing Sensitive Information on a Device is strongly discouraged; employees working remotely should store Sensitive Information on the University’s network drive where possible. Encrypt sensitive information when stored.

4. Have the Device’s remote erase feature, if available, enabled. Users should review and familiarize themselves with erase procedures before using a Device. If a Device is lost, immediately take steps to remotely erase the data.

5. Notify their management of the loss or theft of a Device.

6. Ensure all Sensitive Information is removed from the Device before it is returned, exchanged or disposed.

Users who have any questions regarding the use of their Device should contact the Help Desk (516-463-7777). The Help Desk can assist with questions such as how to remotely erase the Device, enable security settings or ensure that encryption is appropriately implemented to protect data on the Device.
Appendix B

Revisions to FPS #10 to Conform to New Contract

Article 6.10 (Faculty Responsibilities – Grades) Section B of new contract states faculty members must:

“submit grades as soon as possible from the time the final examination is given, but in any event, no later than December 29 for the fall semester, and the first Friday after graduation for the spring semester.”

As such, the UAAC proposed revisions to point IV below to reflect these changes.

Faculty Policy Series #10

EXAMINATIONS, FINAL GRADES, AND STUDENT ABSENCES

I. Faculty are strongly encouraged to provide students with graded feedback on their performance as early in the semester as possible and before the deadline for a grade of W. See http://www.hofstra.edu/sfs/sfs_deadlines.html for the grade of W and other deadlines. In general, the final grade should take all work graded by the instructor into account. The faculty member’s policy for establishing the final grade must be clearly stated in the syllabus. Any change in grading policy that occurs during the semester from that established in the syllabus should be communicated in writing to students enrolled in the course (e.g., via email, posting on the Blackboard site, hardcopy hand-out).

II. Final examinations shall normally be given during the time scheduled by the Office of Academic Records. All classes must meet during the scheduled final examination period.

III. Faculty shall grade, as promptly as possible, all student papers and examinations. The final examination shall be retained for one year.

IV. Final grades shall be recorded with the Office of Academic Records no later than December 29 for the fall semester and the first Friday after graduation for the spring semester. Final grades shall be recorded with the Office of Academic Records within six (6) business days from the time the final examination is given.

V. Information regarding student’s grades, courses, GPA, 700 #, and other personal information will not be released without the student’s written consent. The University
will not provide directory information for specific students who formally request that such information be withheld from all third parties, including military recruiters. A form to request nondisclosure of this information must be filed by the student. This form is available at the Office of Academic Records or can be downloaded from Hofstra’s website.

VI. See the current University Bulletin for procedures for handling incomplete grades.

VII. Individual faculty members determine policies regarding missed quizzes and exams. If a student is unable to take a regularly scheduled final examination because of circumstances beyond his or her control, the student must obtain permission from the instructor to take a postponed examination. Such permission should not be unreasonably withheld. Faculty are not required to provide make-up opportunities for students absent from quizzes and/or examinations during regularly scheduled classes. The rules and procedures governing the documentation of excused absences described in FPS#48 are also applicable here.

Proposal Pertaining to the Designation of Departmental Honors

The following proposal is being offered in order to resolve ambiguities and potential misunderstandings concerning the designation of the award of departmental honors. The proposed changes are intended to make clear that the awarding by a department of honors is not contingent solely on the basis of having been enrolled in and having received a passing grade in a departmental course offering designed for students pursuing the award of departmental honors. Towards that end two changes in current University documentation are being proposed:

1. All departmental course offerings designed to allow majors to pursue a project to be considered worthy for the award of departmental honors shall have the title, “Departmental Honors Candidacy: [Research, Project, or Essay as appropriate].”

2. The following section shall be added to the Notes appearing on the reverse side of the Official Transcript immediately following the section headed “Degrees with Distinction (Baccalaureate)”:

Departmental Honors
Requirements: overall GPA 3.4; Major GPA 3.5; at least 60 total credits in residence and 15 credits for the major in residence.
Departmental Honors awarded only if so designated on front side of the Official Transcript.
APPENDIX F

To amend item 19 for Basic Regulations Governing Graduate Programs as follows:

Students studying for master’s degrees must complete at least 24 semester hours of their coursework (not including elementary school student teaching) in-residence at Hofstra. In cases where graduate students have completed a previous graduate degree at Hofstra, there may be an overlap of coursework. Under advisement of the program director, and in accordance with any program regulations or accreditation standards, coursework taken for a prior graduate degree may be applied to additional master’s or certificate degrees. In the case of master’s degrees, at least 50% of coursework must be unique.

http://bulletin.hofstra.edu/content.php?catoid=81&navoid=8824#grad%20programs
Master’s Cases
As following examples show, allowing 50% overlapping coursework for master’s degrees requires graduate students to do significant work and appears to maintain program integrity. In addition, students are afforded additional job opportunities through accredited master’s programs.

MSED in Counseling (42 s.h.) / MA in Mental Health (60 s.h.)
50% overlap would allow 30 s.h. to apply towards the MA.
MSED in Counseling 42 s.h. (School Counselor)
Advanced Cert. in Mental Health Counseling 21 s.h. (Additional)
MA in Mental Health 60 s.h.

MSED + AC 42 s.h. + 21 s.h. Total: 63 s.h.
MSED + MA 42 s.h. + 30 s.h. Total: 70 s.h. (If 50% overlapping credits is allowed.

From Holly Seirup:
With the new policy, the student would have the opportunity to earn a second masters in Mental Health by applying 30 credits from the MSED to the 60 credits for the MA in Mental Health. Although this requires the student to take an additional 7 credits (between the 30 for the MA and the 21 CAS) it could be professionally advantageous. CACREP, the accrediting organization for Counseling, does not accredit Advanced Certificate programs.

MBA:
- **41-48 s.h. degrees** including a 15 s.h. major concentration.
- Students can earn additional concentration areas if they take the 15 s.h. additional coursework. However, additional coursework must be completed within MBA.

I looked at the degrees below based on the following email from Edward Coffield: (12/12)
The Master of Health Administration (MHA) program has had students ask about two degrees previously, where the first/second degree is generally an MPH or MBA. I like the proposal you suggest.

MBA (Business Administration) 41-48 hours / MHA (Health Administration) 45-48 hours
- One concentration areas for the MBA is Health Services Management (15 s.h.)
- Students with an MBA may bring the 15 s.h. into the MHA.
- Students with the MHA, would bring the concentration into the MBA.
- The overlapping coursework of 15 s.h. in 40+ hour degrees is less than 50%

MPH (Public Heath) 42 s.h. / MHA (Health Administration) 45-48 s.h.
- Possible 9-12 hours of overlapping coursework (required + electives) between these degrees.
- There may be other coursework applied to the second degree via waiver.
- The 50% rule would allow for these overlaps. (Up to 21 s.h. could overlap.)
Advanced Certificate Cases:

**Bilingual Education and Teaching English as a Second Language (TESOL) Programs**

Under the “50% or more” requirement for overlapping coursework, Tatiana Gordon shared a discrepancy in the AC degrees described. She says:

- I just feel it’s unfair not to permit students get credit for all the classes that overlap.
- In my opinion, transfer of 9 credits should be okayed in both cases.

MA in Bilingual Education - 31 sh  
MA in Teaching English as a Second Language – 37 s.h.  
CAS in Bilingual Education – 18 s.h.  
CAS in TESOL – 15 s.h.

- There are nine overlapping semester hours between the Bilingual and TESOL degrees.
- MS TESOL students taking CAS in Bilingual (18 sh) after graduation:
  - Permitted to transfer all 9 TESOL sh. (9/18 = 50%)
- MA Bilingual program graduates enroll in the CAS TESOL (15 sh) program.
  - Permitted to transfer only 6 s.h., so must take an additional 3 s.h. elective course. (9/15 < 50%)

**Current semester hour policy: (50% of coursework allowable.)**

**Basic Regulations Governing Graduate Programs**

All graduate students will be governed by the regulations and requirements specified in the *Graduate Studies Bulletin* in effect at the time of first graduate program matriculation at Hofstra. Refer to the major area for specific requirements.

1. Students who wish to study for graduate degrees, certificates or diplomas should apply to the Office of Graduate Admission for acceptance in their major programs before commencing graduate study. Until they have been accepted in their major area, they have no assurance that any credits they receive will apply toward their degree. Nonmatriculated students must make application for acceptance in their major area before they have completed 12 semester hours at the University unless they have written approval from the Office of the Provost or the appropriate graduate program director to continue their studies on a nonmatriculated basis.

2. Grading in graduate courses includes the categories A, B, C, D, F and P/F. Alphabetical grades are further divided into plus and minus levels (see Grades). The alphabetical grades, including plus (+) and minus (−), have the grade point values listed below. No credit will be allowed toward graduate degrees for D grades or lower. Graduate students may repeat courses in which they receive D grades or lower.

3. Graduate students may repeat a course with the approval of their graduate program director or academic adviser. Students also are encouraged to consult with the faculty member who will be teaching the course that they intend to repeat. A faculty member may give preference to first-time takers of the course when enrollment reaches its limit. Students may not repeat a course for credit towards the GPA if that course was a prerequisite for a course that has already been taken. Prior to registering for a repeated course, a graduate student must submit the *Graduate Repeat Course Request Form*, signed by the graduate program director or academic adviser, and by the
chair of the department or program, to the Office of Academic Records. Graduate students may repeat a course only once to receive credit toward their GPA. In addition, students may repeat no more than two courses to receive credit toward their GPA. However, the total number of courses that a graduate student may repeat to fulfill or complete the requirements for a degree will be determined by the graduate program director or academic adviser. Both the grade for the initial course and the grade for the repeated course will be included in the calculation of the GPA. Both grades will appear on the transcript. Credit toward the degree will be awarded only once for this course. Repeating a course more than once may impact a student’s financial aid. Please consult with the Office of Student Financial Services.

4. An Incomplete grade will be given at the discretion of the instructor in a graduate course and only under unusual circumstances. Incomplete work must be completed and submitted to the instructor for a grade by the end of one calendar year from the close of the semester or session in which the course was taken.

5. Students who wish to withdraw from a course must secure the appropriate forms at the Student Financial Services and Registrar Suite located in Memorial Hall or online and return the completed form to the Office by the last day of classes prior to the start of the designated final examination period. The student may withdraw without the approval or agreement of the instructor. If a student withdraws after the first 1/4 of the course a grade of W will appear on the transcript.

6. All credits applied toward the master’s degree must be earned within the period of five years starting from the date of completion of the first course applicable to the degree. Exceptions will be made for any period of intervening military service.

7. As a condition for graduation, the master’s candidate must successfully complete a comprehensive examination, thesis, or other summative/capstone project that is a substantive equivalent in the major area of study. The comprehensive examination grade must be reported by the major department to the Office of Academic Records no later than December 1, May 1, or August 1 in the semester in which the degree will be granted. No advanced degree will be conferred upon a candidate who fails this examination more than once. A request for a review of a comprehensive examination must be made no later than three (3) weeks into the subsequent fall or spring semester following the comprehensive examination. The examination is typically offered twice during the year, in October and March. (Exception: Psychology, see Degree Requirements for each program.) Exact dates are determined at the beginning of each semester. For further information, see the degree requirements for each program. It is the student’s responsibility to be aware of the time and place of the examination.

8. No graduate credit will be granted for courses numbered below 200 in the Hofstra system.

9. Graduate students, with the permission of their graduate adviser, chairperson of the department in which the course is offered, and course instructor, may take up to two 2000-level courses (not to exceed 8 s.h.). 2000-level courses are graduate courses offered in conjunction with 100-level courses, for which graduate students are expected to fulfill substantially enhanced requirements. No student, however, may enroll in a 2000-level course if he/she received undergraduate credit for the equivalent undergraduate course.

10. No credit will be allowed for courses taken at another school while enrolled in a degree program at Hofstra unless they are relevant to the student’s program of study and are approved in
advance on an official form available online and in the Office of Academic Records.

11. Courses numbered 251 and 252 should be devoted to independent readings under the direction of a faculty member assigned to the graduate student applying for such credits. A maximum of six semester hours of credit may be earned toward a graduate degree in 251 and 252 courses.

12. A graduate student who has not completed the work in courses 301 and 302 must maintain matriculation each subsequent semester until the requirements of the course have been completed. This will require paying a matriculation fee if the student is not enrolled in one or more regular credit courses. Students who are enrolled solely in non-credit bearing course work will be registered as Maintaining Matriculation by the Registrar and will be charged the published Maintaining Matriculation fee.

13. Whenever matriculated graduate students wish to transfer candidacy from one major area to another, they must initiate their request on an official form, which is available at the Office of Academic Records.

14. It is the responsibility of all graduate students to monitor their academic progress. A full-time or part-time graduate student will be placed on academic probation at the end of any fall or spring semester in which his/her cumulative grade point average falls below 3.0. For master’s, doctoral, and other graduate programs in which academic performance standards are set either by accrediting bodies or by the programs themselves, those standards will take precedence over this university probation policy. In addition, graduate students who are enrolled in student teaching or an internship/externship must abide by the field experience policies established in their respective graduate programs. Those policies supersede the university probation policy stated here.

15. All students placed on academic probation will be sent a letter by the Office of Academic Records informing them of their probationary status by the third week of January following the fall semester and by the third week of June following the spring semester. A copy of this letter also will be sent by the Office of Academic Records to the student’s program director or adviser. This letter will serve as formal notification by the University that graduate students on academic probation must raise their GPA to 3.0 or higher by the end of the subsequent spring or fall semester to avoid the possibility of dismissal. Graduate students who do not raise their GPA to 3.0 or higher within these stipulated limits may be dropped officially from their program of study. (See Policy for Dismissal and Appeal of Dismissal from a Graduate/Post-Graduate Program.)

16. While on academic probation, a student must receive the approval of his/her program director or adviser to register for further course work. Therefore, all students on probationary status are required to meet with their program director or adviser. The program director or adviser will make a record of this meeting and will place it in the student’s department file. In addition, a student on academic probation will have a hold placed on his/her subsequent course registration by the Office of Academic Records. This hold will be removed, and the probationary status will be cleared, once the student raises his/her GPA to 3.0 or higher.

17. Students who have accumulated 25 percent or more of total attempted semester hours in permanent incompletes (INCs), which have stood longer than the time allowed for completion, and Ws may be placed on probation after due consideration by the program director and the department chairperson. A graduate student with especially serious academic deficiencies is
subject to immediate dismissal when such deficiencies make it apparent that the student’s continuation in the program will not result in his or her successful completion of the program. Dismissed students may petition for readmission no sooner than one full year following the dismissal. However, they may be readmitted only under special circumstances and after a careful review of their case by either the program director, chairperson or dean and the faculty of their major area.

18. Graduate students clearly guilty of gross and unambiguous violations of academic honesty (e.g., cheating on exams or graded projects, quoting a substantial portion of a source verbatim without citation) shall be suspended or dismissed. Graduate students clearly guilty of other forms of academic dishonesty (particularly those concerning a more sophisticated understanding of the use of sources and development of an authorial voice) shall be subject to a range of penalties, including rewriting the assignment, failure of the assignment or of the course, or suspension/dismissal from the University. For further details concerning violations of academic honesty within graduate study as well as procedures for handling such violations and for reviewing and appealing charges of academic dishonesty, see Faculty Policy Series 11G.

19. Students studying for master’s degrees must complete at least 24 semester hours of their coursework in-residence at Hofstra. In cases where graduate students have completed a previous graduate degree at Hofstra, there may be an overlap of coursework. Under advisement of the program director, and in accordance with any program regulations or accreditation standards, coursework taken for a prior graduate degree may be applied to additional master’s or certificate degrees. In the case of master’s degrees, at least 50% of coursework must be unique. (NOTE: Wording for 19 approved by senate in separate motion re: Overlapping coursework 3-13-17.)

**Master’s Essay or Thesis**

For specific thesis subject approval and completion requirements, see individual programs for details. Once the thesis is signed by the appropriate departmental faculty member(s), the manuscript must be submitted to the Axinn Library electronically. Electronic submission is easy and convenient. Complete instructions are available on the Axinn Library website. The thesis must be submitted no later than the last day of classes of the semester or summer session when the degree is expected to be conferred. (For exceptions, see individual programs for details.)

Part-time students should arrange to take not more than three semester hours of coursework in addition to 301 or 302 in each of the semesters during which they are writing their essays. All subjects must be approved by the chairperson of the department in which the work is to be done or the thesis committee.

APPENDIX I

Hofstra University Office of Student Access Services (“SAS”)  
Policy on Audio Recordings of Classes

Hofstra University is committed to providing reasonable accommodations for students with disabilities, in accordance with federal and state law and Hofstra policy. Under the Rehabilitation Act of 1973, audio recording of classes is considered to be a reasonable accommodation that must be permitted where necessary for a student to fully participate in an educational program.

Students who wish to receive this accommodation should follow all regular SAS procedures for registering, providing documentation, and requesting accommodations. As with other accommodations, students will notify professors of their accommodation by providing them with an SAS accommodation letter. Students are encouraged to discuss this accommodation with their professor during the first week of class or within a week of receiving the accommodation, whichever is earlier, in order to facilitate smooth implementation of the accommodation. Any professors with questions or concerns about audio recording of classes are encouraged to contact SAS. SAS is available to educate and support both student and faculty member in understanding and employing the allowed accommodation, and in implementing this Policy.

All students who receive an accommodation of audio recording classes will also be required to sign their agreement to the following terms and conditions. This policy covers all audio recording of classes, including the use of computer software that includes audio recording and related note-taking aids:

1. SAS will determine the length of time for which an audio recording accommodation is awarded, and the student’s agreement to abide by the Policy will cover that full time period. Certain types of software are subject to licenses that must be renewed each semester by contacting SAS.

2. Recording devices and software are solely for the use of the student who received the accommodation. Students may not share recording devices or software, or any electronic files created using those devices or software, with any other person. However, students are permitted to discuss course content or share individually-created study materials (i.e. not files directly generated by note-taking software) with classmates in study groups that would otherwise be permissible.

3. Exporting, uploading, or sharing of any recording software and any files created therewith to any Internet website or service is prohibited.

4. Any audio recordings must be destroyed at the end of the course of study, whether the end of the semester for a single course, or on finishing a sequence of related courses.

5. The faculty member shall have discretion to require that recording during class be terminated during classes or portions of classes which involve personal discussion and self-disclosure, where the professor instructs all students to cease taking notes.

6. Failure of the student to abide by this Policy will be considered a violation of the Code of Community Standards, and the student will be subject to disciplinary action. Any faculty
member may bring a complaint against a student for violation of this policy, to be adjudicated under the Code of Community Standards.

B. Special Committee on Grievances

The Special Committee on Grievances shall consist of twelve tenured members of the Faculty, five from the Hofstra College of Liberal Arts and Sciences, at least one from the School of Natural Sciences and Mathematics, the Peter S. Kalikow School of Government, Public Policy and International Affairs, and the School of Humanities, Fine and Performing Arts, and the School of Education, one each from the Frank G. Zarb School of Business, the Lawrence Herbert School of Communication, the Hofstra Northwell School of Graduate Nursing and Physician Assistant Studies or the School of Health Professions and Human Services, the School of Engineering and Applied Science, the Maurice A. Deane School of Law, the Hofstra Northwell School of Medicine, and the University Library, nominated by the Committee on Faculty Affairs through the Executive Committee for renewable Senate appointment for a three-year term.

The Committee shall, in cases that do not fall under the jurisdiction of the grievance process of the Collective Bargaining Agreement between the University and the AAUP,

1. hear all cases referred by the Chairperson of the Faculty Affairs Committee which involves allegations of either a breach of Faculty Statutes or a violation of standard procedures such as published in the Faculty Policy Series, conciliate and mediate in an effort to achieve amicable resolution of the grievance; failing this, recommend in writing to the Academic Dean of the complainant what it believes to be an equitable disposition of the dispute; submit a written report to the Committee on Faculty Affairs of the nature and outcome of each case it handled;

2. perform, when required, the role stipulated for it under FPS #41 - Policy for Dealing With and Reporting Possible Misconduct in Research;

3. investigate other non-tenure related faculty complaints or charges referred by the Committee on Faculty Affairs;

4. request of the Committee on Faculty Affairs, proposed interpretative rulings on the Faculty Statutes, Faculty Policy Series and other regulations binding on faculty members;

5. a member of the Grievance Committee shall absent himself or herself when the Committee is considering a grievance from his or her school, unit, or (in Hofstra College of Liberal Arts and Sciences) his or her division
At the Full Faculty meeting on February 27, 2017, the following resolution was passed with 17-favor of and 2-opposed.

In light of the executive orders and proposed policies put forth by the Trump Administration pertaining to immigration and deportation; and especially in light of the disruption, fear, insecurity, pain, and loss these actions have already inflicted on people nationally and internationally, the faculty of Hofstra University wish to affirm the following statement:

As members of an institution of higher education we value deeply the principles that provide the foundation for learning, research, and scholarship: inclusion, equality, tolerance, and rationally informed discourse and decision-making. The faculty of Hofstra University thus reject political policies born of prejudice and ideology unsupported by data and cogent analysis, and that appear to be designed to isolate, vilify, and target the weakest and most vulnerable segments of our society. We thereby stand in solidarity with our colleagues, staff, students, and others who have already been adversely affected by the actions of this administration or who may likely be so affected in the future. We reaffirm the stance previously expressed publically by President Rabinowitz that Hofstra needs to be “a safe place for scholarship and tolerance”. Moreover, it is our collective responsibility to ensure that all who work at Hofstra University - its students, faculty, staff, and administrators- can contribute to the goals of higher education in an atmosphere of security, acceptance, and mutual support.
Mid-Semester Advisory for Undergraduate Students

Based upon a survey of similar/competitive/aspirant institutions, as well as a survey of recent literature on student retention and early intervention strategies, it appears that Hofstra is somewhat behind the curve with respect to ensuring that students receive early notification of their course progress. While the specific systems employed by institutions in the survey vary, most all have some form of early assessment report. Similarly, research on retention and academic early warning systems reported in the literature often include an early assessment of student performance as part of a more comprehensive early warning system to identify students at-risk, but early assessment by itself is an insufficient step in maximizing student success and retention. Therefore, the focus is on additional efforts that build upon the baseline provided by early knowledge of student progress in courses.

In light of the above and strong student support, the UAAC proposes the following pertaining to an advisory program.

1. The Committee supports the policy of students receiving early advisory that reflects on their progress in their courses. The mid-semester advisory does not get computed directly into the final grade for the course. The policy would apply to all fall and spring full-term UG courses.

2. The mid-semester advisory is a simple binary indication of student performance to date: “satisfactory” / “reason for concern”.

3. The deadline for submitting the mid-semester advisory will be no later than the 7th week of the semester. Thus, instructors can enter an advisory to the student(s) and to the Center for University Advising (CUA) and other appropriate offices prior to the deadline. Instructors will be able to change the advisory at any point prior to the end of the 7th week point.

4. Upon email notification, students will be able to access the mid-semester advisory report online.

5. The mid-semester advisory reporting screen for instructors will appear and be available online and will be of a format similar to that for posting Last Date of Attendance (LDA) rosters.

6. The Committee intends to review the policy and assess the effectiveness of a mid-semester advisory program after 2 years of the implementation of the program.
