Minutes of 10/9/17 were accepted.

The Committee received a report on admissions and recruitment from Jessica Eads. An extensive discussion followed on those topics.

The Committee then focused on issue of UNIV001. It was generally agreed that alternative support mechanisms be put in place to replace the current online tutorial module. The logistical difficulties associated with offering UNIV001 as presently structured in the Spring ’18 semester was discussed. The possibility of substituting regular meetings with advisement and/or CAE as a substitute for the online module was discussed. It was agreed that the latter possibility would be pursued and fleshed out in greater detail and discussed at the next UAAC meeting.

Meeting was adjourned at approximately 2:30pm.
