

**UNDERGRADUATE ACADEMIC AFFAIRS COMMITTEE
MEETING MINUTES
DECEMBER 11, 2019**

I. Mid-Semester Advisory Review

Discussion tabled to next meeting.

II. Academic Review Committee

Ling Huang of Chemistry Dept volunteered to be the representative to the committee. In person meetings to be held on January 8, 15, 22 @ 9:30 am. Committee currently lacks the ability to enforce and direct courses for readmitted students to take. The concern is that readmitted students will take courses that dig them into deeper holes. The CARES committee reviews students who may need additional support. One question raised is what are the financial aid implications with limiting student coursework?

Prepared by Kevin Boston-Hill, UAAC Chairman
