Minutes from 4/12/19 were accepted.

The committee discussed the upcoming two-year review of the mid-semester advisory, with Lisa Rosen from Institutional Research joining the committee. The committee briefly discussed some preliminary observations about the program and then reviewed and discussed the types of data and strategies for evaluating the mid-semester advisory. To be able to complete the review in Fall semester, the chair of the UAAC, IR, and Student Affairs agreed to coordinate to some extent over the course of the summer.

The meeting adjourned at approximately 3:00pm.
