How to Access “Deep Links” for Additional Student Information

First, click on a student to get to their profile.

On the right side above the student photo is a menu titled “Links”

<table>
<thead>
<tr>
<th>Links to Additional Student Info (Term: FA 2017)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Links to Additional Student Info (enter ID and Term)</td>
</tr>
<tr>
<td>CARES Form (student affairs)</td>
</tr>
</tbody>
</table>

The first link will take you to the student’s profile in Banner:

From here, you can see more detailed information about the student, and find links to the students’:

- Academic Transcript
- Address and Phone Number
- Degree Works Audit
- FERPA release
- Emergency Contact Info
- List of current registered courses
The second link will take you to an Advisee Search in Banner:

You can use this to look up a different student through Banner.

The third link will take you to the Hofstra University CARES form:

Hofstra University cares about the safety, health, and well-being of its students and community. The Community Assessment Response and Evaluation of Students team (CARES Team) was established to promote and maintain the safety and well-being of the campus community through positive, proactive, and practical risk assessment and intervention. If you have been made aware of a concern about a student, please use this form. We will evaluate the report and determine what follow-up (if any) is necessary to address the concerns. We encourage you to include your name and contact information to allow us to call or email should we need additional information or clarification regarding your report. Please contact the Dean of Students Office at (516) 463-6013 or DeanoofStudents@hofstra.edu, if you have any questions or concerns about this report or process.

If you need to report an emergency, or in cases where a student's behavior poses an imminent threat to you or the community, please contact Public Safety immediately at (516) 463-6789. If you have concerns related solely to academic issues, please complete the REACH report on the Hofstra portal.
