 - i. Motion to Amend Club Relations Category D: Club Leader Training
 1. Motion seconded
 2. Motion objected
 - a. Speaker One in Favor of Motion:
 - i. Would like for club leader training to be mandatory in lieu of Club Congress, to uphold positive sentiments and display a trickle-down precedent of leadership for future leaders.
 - b. Speaker One Opposed to Motion:
 - i. Club Leadership Training should be subject to the discretion of the chair, due to year-by-year specificities that may lead to a lack of need for the meeting.
 - c. Speaker Two in Favor of Motion:
 - i. Due to the differences within Club Relations Chairs, this mandatory nature will allow for less willing Chairs of the future to uphold this relationship; training is efficient means to manage clubs.
 - d. Speaker Two Opposed to Motion:
 - i. Since Chairs will be elected with the utmost confidence, trust should be given to these chairs to act in their own discretion.
 3. Vote to pass amendment:
 - a. With a vote of 15:3:1, the motion to amend has been passed. This section shall now read, "... once an academic year." in place of "... at the discretion of the Chair."
 - ii. Motion to amend amendment, where "... once a year." will be changed to "... at least once a year."

 2. Motion objected
 - a. Speaker One in Favor of Motion:
 - i. To assist clubs to the fullest, Chairs should be allowed to host these events as much as they deem fitting.
 - b. Speaker One Opposed to Motion:

- i. Due to the banality and repetitiveness of the training itself, one meeting should surely be sufficient.
 - c. Speaker Two in Favor of Motion:
 - i. In the event of large changes in clubs between semesters, clubs should be able to meet at these events more than once.
 - 3. Vote to pass amendment:
 - a. With a vote of 13:5:1, this amendment has been passed. This section shall now read, "... *at least* once a year."
 - iii. Motion to Amend Section IV Subsection III, to read "shall" in place of "may".

 - 2. Motion objected
 - a. Speaker One in Favor of Amendment
 - i. Office hours should be explicitly posted and thus enforced, so that this office space can be maximized in a legal manner.
 - b. Speaker One Opposed to Amendment
 - i. Although hours may be enforceable, in the place of shared office spaces, the distribution may still be swayed in favor of one club or the other.
 - c. Speaker Two in Favor of Amendment
 - i. Club Relations Chair plans to further enforce office hours via office checks and further communication. That said, penalties will be allocated accordingly, and not in a swayed manner.
 - d. Speaker Two Opposed to Amendment
 - i. Although this amendment is just in theory, no amendment will bring differences in execution to the issue surrounding office house. Thus, more clauses should be added.
 - 3. Vote to pass amendment:
 - a. With a vote of 7:10:2, the motion to amend Section IV Subsection III will not pass. The clause will remain as "may" in place of "shall."

 - a. Speaker One in Favor of Amendment:

- i. Based on experience that one proposal was delivered in Japanese, featuring statements made in Japanese Yen. This should be clearly delineated to be unable to occur.
 - b. Speaker One Opposed to Amendment:
 - i. By saying “discernable” within the previous section, this applies to language barriers.
 - ii. Clubs may claim that this ban in language reflects a form of discrimination. Verbiage should be changed, but nothing should be distinctly added.
 - c. Speaker Two in Favor of Amendment:
 - i. By using this word “discernable” produces large amounts of proverbial grey area.
 - d. Speaker Two Opposed to Amendment
 - i. Since English is not the official language of the university, this cannot be held as any sort of official barrier to submission.

- viii. Motion to further amend Section. II. B. 4. i.

 - i. In the event that the Appropriations Chair speaks more than one language, to continue this example, this individual can choose to view the document.
 - c. Speaker Two in Favor of Amendment:

Student Appreciation Week Results

Last Semester (Fall 2015) The Student Government Association collected 1,038 polls during Student Appreciation Week. This impressive result was due to the effort and dedication of every member of the Student Government Association. The results of these polls fuel initiatives that SGA works on throughout the school year and the results of those initiatives are what lead to a better campus, increased school spirit, and building a feeling of general community.

A comprehensive report with the results will be released in the near future. The overview of results is as follows:

→67% of the 1,038 undergraduates Hofstra students that were polled believe to improve their experience at Hofstra, a change must occur in one of the following categories:

- Food
- Parking
- Events/Spirit
- Library/Study Space
- Residence Halls

→42% of the Students polled are unhappy with their dining experience but believe it can be improved if prices are lowered, additional food options are provided, or the hours of operation were extended.

SGA is in the process of setting up meetings with various individuals to pass along the information to the appropriate people.

Drive for Initiatives

Last semester (Fall 2015) Vice President Damian Gallagher launched a “Drive for Initiatives”.

The Student Government Association is encouraging each individual senator to take the lead on an initiative that they are passionate about, and to lead the project from beginning to end. As of Spring 2016, two initiatives are still in the research phase.

1. “Extending Library Hours” Initiative has been initiated through Senator David Durand
2. “Emergency Housing for Commuting Students” has been initiated through Senator Jonathan Valerio

Constitutional Convention

SGA’s Rules committee spent over 30 hours over the dates January 29th&30th, February 12th and February 17th, for the Constitutional Convention. SGA’s Constitution and Policy Series was passed through senate on February 25th, 2016. There will be no more scheduled constitutional conventions unless called to order by the senate at large.

Internal Structure

During the Fall 2015 semester, Cabinet transitioned over from the traditional “updates at cabinet” to a more streamlined process of updating via Google Docs. The beginning of the Spring 2016 semester presented difficulties with setting the document up. All issues have been resolved and the shared document is being used. Next semester, if this is something that the new administration chooses to use – I would recommend setting it up after the chairs are elected before the summer begins to avoid any technical difficulties.

Internal Communication – Every Sunday night, I sent an e-mail out called “President Weekly Updates for the week of X” to the entire organization, in an attempt to keep everyone on the same page.

The Student Government Association’s Commitment To The Future

The 2015-2016 members of the Student Government Association intend to advocate and represent the undergraduate student body to the best of their ability.

The Student Government Association aims to develop humble leaders.

The Student Government Association wants every member of the Hofstra pride to be proud that they will some day be a graduate of Hofstra University.

The members of the Student Government are open to feedback, and will continue to do their best to remain humble, professional, and true advocates for the undergraduate student body.

**February 29th, 2016 SGA Progress Meeting with VP of Student Affairs, W. Houston, and Dean
of Students S. Pertuz 9:30am-10:30am**

Executive Summary: This SGA Progress meeting was the second of the Spring 2016 semester.

This meeting included conversation around Student Appreciation Week Data Results, Diversity Talks, and the American College Health Survey.

Immediate Action Required:

SGA President, A. Guarino:

1. Reach out to SGA's PR to explain that we are looking to create 3-4 more Info Graphs with follow up for each category of the top responses
2. Reach out to Residence Life (Beth McGuire and Novia Ramsey) as well as RSA's President Josie Dituri and Vice President Zach Vampola to provide info on the Residential Feedback from Student Appreciation Week
3. Reach out to Joe Barkwill with Plant & Facilities to provide results. Also to set up a meeting once a semester to touch base – Houston and Sofia are both willing to sit in that meeting if we would like.
4. Reach out to Michael Ogazon to schedule a meeting to talk about the feedback from the survey

SGA Vice President, D. Gallagher:

1. Follow up with VP of Admissions to let her know that we are posting Student Appreciation Week Result Flyers in the residence halls, and also to explain how Pride Guides can answer any questions about it.
2. Speak at senate about the link that is coming out and since this is a chance for Hofstra students to really be heard, he will follow up with PR to see if we can do a campaign around “I did it – did you?” in an attempt to increase the amount of people who take the survey.

Next SGA Progress meeting is scheduled for: March 21st, 2016 9:00am

Notes:

I. Student Appreciation Week Data Results

Background: Fall 2015 SGA Polled 1,038 students during a weeklong Student Appreciation week. The results of the data have been processed.

Discussion:

→An Info graph was created and we are having them printed and put up in Residence Halls. VP Houston mentioned us reaching out to the VP of Admissions to warn her that they will be posted in Residence Halls – in order to give the Pride guides enough information about how to answer questions If a potential incoming student has a question. For example, telling the Pride Guides to frame the info graph as “Isn’t it cool that our Student Government Association is interacting with our students?” or “We’re transparent about what our students are thinking

and saying”... or something along the lines of framing it in a positive light that it’s even an option for students to have statistics about satisfaction.

→Big Student Appreciation Week Feedback Topics:

Issue: Commuting Students want more enforcement with Public safety for Residential students who are parking in commuting parking areas as well as more commuter specific parking

Solution Ideas: Can we do a campaign about Residential Students being more mindful about parking?

Issue: Changes in Food on Campus to be healthier, more options, and better quality

Solution Ideas: Bring specific ideas to the food committee meetings. The current dining contract expires Spring 2017 and a new one will come into effect Fall 2017. The contract we enter into will be for 5 or 10 years. This is the time to bring up specific changes we would like to see so they can be included in the Request for Proposals process that is coming up. We can put in things like “hours that are Xam-Xpm” or “30% of options to be organic”, etc. If specific things are not put in the request for proposal – we’re not going to get them. Michael Ogazon is the contact person for this.

Outcome/ Follow up Required:

-SGA Vice President, D. Gallagher, will follow up with VP of Admissions to let her know that we are posting them in the residence halls, and to explain how Pride Guides can answer any questions about it.

-SGA President, A. Guarino, will reach out to PR to explain that we are looking to create 3-4 more Info Graphs with follow up for each category of the top responses

-SGA President, A. Guarino, will reach out to Residence Life (Beth McGuire and Novia Ramsey) as well as RSA's President and Vice President to provide info on the Residential Feedback from Student Appreciation Week

-SGA President, A. Guarino, will reach out to Joe Barkwill with Plant & Facilities to provide results. Also to set up a meeting once a semester to touch base – Houston and Sofia are both willing to sit in that meeting if we would like.

-SGA President, A. Guarino will reach out to Michael Ogazon to schedule a meeting to talk about the feedback from the survey

-SGA President, A. Guarino will reach out to Student Services Committee to give feedback about dining feedback to bring to Food Committee Meetings

II. Diversity Talks

Background: Student Affairs has been working on creating a more diverse environment and opening up conversations focused around diversity and campus community.

Discussion: The Diversity Talk back with the provost last week was a success. There were over 100 students who attended. There is a big push to diversify faculty on campus. Is there anyway Student Affairs can create a campaign about the diversity talks, so that students can have a better understanding about the conversations and changes that are happening? Dean Pertuz liked that idea and will bring it up to Colin Sullivan.

III. American College Health Survey

Background: Hofstra is sending out a very Comprehensive survey on student's mental and physical health to figure out if Hofstra is providing the services students need.

Discussion: Hofstra gave out this survey 4 years ago but hasn't since. This is a really great time to get a better understanding of the total health – mental and physical – of the student body. The purpose is to make sure the services provided at Hofstra are appropriate. "The more we know, the more we can provide". The survey is to help figure out what it is students need. The survey is given through a third party so no one can track the responses back to any individual student. Each survey link is unique so that the company knows who took the survey and who didn't. The survey will be sent out to every single Hofstra student, undergrad and grad and reminders will also be sent out periodically if the student hasn't submitted it yet. The survey opens March 1st and is open until Spring break. The results will be released next semester.

Outcome/ Follow up Required: SGA Vice President, D. Gallagher, will speak at senate about the link that is coming out and since this is a chance for Hofstra students to rally be heard, he will follow up with PR to see if we can do a campaign around "I did it – did you?" in an attempt to increase the amount of people who take the survey.

VI. Lower Level Bookstore Renovations

Discussion: There are no updates regarding ratskeller renovations. Student Affairs is waiting on something from the Vice President for Facilities and Operations, Joseph Barkwill. There were plans to bring in a designer to get a better idea of possible changes to be made.

February 29th, 2016 SGA Progress Meeting

with Associate Director of OSLE and SGA advisor, Karl Koeppel

10:45am – 12:00pm

Executive Summary: This SGA Progress meeting was the third of the Spring 2016 semester. This meeting included a discussion with the Title IX Coordinator, Lara Nochomivitz, as well as discussions surrounding rescheduling the presidential round table, CAA coordination, and SGA @ the corner questions.

Immediate Action Required:

SGA Advisor K. Koeppel:

1. Reserve a room for the Presidential Round Table Event Monday April 11th at 6:00pm
2. Attempt to reserve Uclub conference room for Thursday April 14th 6:00pm-10:00pm
3. Confirm with Athletics we are able to send 9 students on the bus to the CAA tournament.

President A. Guarino

1. Send Karl Questions that pass through senate 3/3/16 to put on GHU

Next SGA Progress meeting is scheduled for: Monday March 21st, 2016 10:30am

Notes:

I. Meeting with Title IX Coordinator, Lara Nochomovitz

Discussion: Lara is creating online modules that break into sections for students to review before the in person trainings. Graduate students that are not attending an in person training will complete the module which will be in 4 20 minute sections. The undergrads who are not completing the in training person will also complete those sections, but if they are attending an in person training – the module will be smaller sections so that it doesn't take as much time. SGA feedback to her was not to make the undergraduate module longer than 15 minutes, and to make it interactive. Lara is also creating a satisfaction survey that will go out after each training. It's on Us Hofstra to know what to do flyers have been posted in all of the residence halls. Lara is working on a resource guide booklet to give to students (including the student bill of rights, as well as information on legal, medical and mental health, etc.) Lara wants to include something in the orientation folders for new students. Lara had a training with public safety back in January and is working with them to train them on how to respond if they are called to a scene in the case of sexual assault.

II. Presidential Round Table (Follow up from SGA progress meeting with Student Affairs)

Background: K. Koeppel, Associate Director of OSLE and SGA advisor, is pursuing an initiative to provide an opportunity for face time between the SGA President and Vice President with Hofstra Club Presidents.

Discussion: This event was originally scheduled for Monday February 22nd, 2016 from 5:30-6:30 but has been rescheduled to April 11th 6:00pm. Location TBD

Outcome/ Follow up Required: Karl will reserve a room for this event. Looking at room 218?
