Student Government Association  
In the Year Two Thousand and Fifteen  
80<sup>th</sup> Senate  
SGA Resolution #1 – “*Room Selection Assignment Process*”

*“A Resolution on encouraging the Office of Residence Life and Hofstra University to process room assignments once room selection is completed”*

---

*Whereas*, students have expressed concerns about the lack of communication between students and the Office of Residence Life regarding administratively assigned housing on campus.

*Whereas*, administratively assigned housing assignments are given during different times, causing students to believe that there is not enough housing on campus.

*Whereas*, financial aid packages are awarded prior to room assignments, making it difficult to explore financing options for the following semester if housing preferences cannot be granted. However, any student who is submitting a financial aid package should submit his/her financial aid application based on the types of accommodations he/she is requesting to most accurately meet his/her financial needs.

*Let it be resolved*, that the Student Government Association supports the Office of Residence Life in its initiative to assign students who request to be administratively assigned or those who submitted an incomplete housing application, immediately following the completion of the room selection process.

*Let it also be resolved*, that the Student Government Association encourages the Office of Residence Life to continue its practice of reaching out to students as the summer progresses, to honor housing preferences to the best of their ability if rooms become available

Respectfully submitted,
