    - i. Motion seconded
    - ii. Motion passes 24-0-0
- III. Chair Andrews motions to table the approval of the Cabinet Minutes until after mid-semester reports
  - a. Motion seconded
  - b. Motion passes 25-0-0
- IV. Rules Committee Minutes
  - a. React to Film
  - b. Secretary Legislation
  - c. Nippon Culture Society
  - d. Senator Marshall motions to pass
    - i. Motion seconded
    - ii. Motion passes 25-0-0
- V. New Business
  - a. Nippon Culture Society
    - i. *Nippon Culture Society*: We have events every week with about 15-20 people for each event. Usually students come to us to learn about Japan before studying abroad or having internships. We talk about Japanese history and culture.
    - ii. Questioning Period
      1. *Chair Engelson*: Are you aware that there are other ways to get funding besides SGA?
        - a. *Nippon Culture Society*: We need specific paper and brushes for an event, but they are expensive. We need the funding and cannot fundraise.
      2. *Chair Harris*: Since you have been around and fundraising, how much money do you use?
        - a. *Nippon Culture Society*: Because we do not have money, we spend a lot by ourselves from the e-board members, but we cannot have the big events that we want because we need more money. We would be able to expand on our events.
      3. *Chair Gitlin*: Why SGA recognition now and not earlier?
        - a. *Nippon Culture Society*: We started in 2013. A professor said he would support our club, but now we are thinking that only being supported by our professor and not by the school is not enough and we cannot do what we want to do.
      4. *Chair Andrews*: Non-financially how do you want SGA to help you?
        - a. *Nippon Culture Society*: The ability to market our clubs with approved flyers may increase our presence on campus.
      5. *Senator Ramdhani*: Have you searched for sponsorships from local or international Japanese organizations? And would your club be interested in being sponsored by said organizations?

- a. *Nippon Culture Society*: I would state that we would be better working with the university because we would be more familiar with the system.
  6. *Senator Esteban*: Would you be willing to co-sponsor events with other clubs?
    - a. *Nippon Culture Society*: HINT allowed us to be in their exhibit of nations and we won the fashion. We would like to collaborate with clubs but HINT is the only one we know right now. We do not know many clubs.
  7. *Senator Ahmedin*: How many members do you have on Collegiate Link?
    - a. *Nippon Culture Society*: 14.
  8. *Chair Engelson*: When did you become a recognized club by the University?
    - a. *Advisor Karl Koepfel*: February 2015.
  9. *Chair Gitlin*: How many members do you have at meetings?
    - a. *Nippon Culture Society*: 16 or 17. Last semester for big events we have had 26 people.
  10. *Comptroller Guarino*: Do you use Collegiate Link and if so how?
    - a. *Nippon Culture Society*: We do use it, but our President monitors it. We have our events on it and it links our Facebook page.

iii. Debate

1. *Chair Gitlin (Speaker For)*: It seems to me that this was a group of students who were interested in starting a club and just met with their professor who runs Study Abroad in Japan. It is clear they have seen where their club can go and they want to branch out.
2. *Senator Ho (Speaker Against)*: They said that they have been active since 2013, without any approval from the University. Right now, they are only asking for funding and fliers from us. Fliers they can get without us and they have been functioning well without our funding.
3. *Senator Beer (Speaker For)*: Realizing that they need funding is a mature thing to want. Just because they are just asking for money, we should not cringe in our seats. They also want to further the club. Yes, they are fine, but they could be doing better.
4. *Chair Harris (Speaker Against)*: They have had 3 years of thriving; unfortunately, I do not think that coming for funding is the sole reason we should approve a club. I want to see them branch out, co-sponsor, and table. I do not think this should be an SGA recognized club right now.
  - a. *Yielded to Senator Ho*: They can ask for funds for a campus wide event whether or not they are SGA recognized.

iv. Chair Engelson motions for a moderated caucus for 2 minutes with 2 speakers.

1. Motion seconded
2. Motion fails 13-14-0

v. Chair Gallagher motions for a 4 minute moderated caucus for 4 speakers with one minute speaking time

1. Motion seconded
2. Motion passes 23-3-0
3. Moderated Caucus
  - a. *Chair Engelson*: I am the biggest advocate for clubs, but I am also an advocate for not passing every club. They have 14 members on Collegiate Link and did not realize it. As SGA, how can we say we are here to help the students if we don't want to approve a club that wants our help and wants to be successful? The Nippon Culture club is a unique club to add to our board.
  - b. *Chair Casey*: This club wants to do better and knows that they can. But I don't know how we can say that they need to do it on their own and then when they do we say that they did fine on their own and don't need us.

e. REACT to Film

- i. *REACT to Film*: We are a non-profit and we work using documentaries to inspire students with ideals of civic engagement. With the funding and relationships through the national organization, we are able to get the licenses for these great films. Alongside our screenings we also have an activity or discussion to respond to the issues in the documentary including trips to local charities and various other things. We want to be involved with SGA in order to coordinate with clubs on campus. We are having our first documentary showing on April 18<sup>th</sup>, we want to work with other clubs such as the Pride Network in the showing of *Matt Shepherd is a Friend of Mine*. Being able to work with SGA we will be able to build relationships with other clubs as well as funding for events. The organization allows many opportunities. We are a unique club on campus because we bridge the gap between entertainment and social justice. I am currently a senior and my other e-board members are sophomores and juniors, and hoping to really get the organization off the ground. There are currently chapters at American University, Boston, as well as Syracuse.
- ii. Questioning Period
  1. Senator Ahmedin: How many students on Collegiate Link?
    - a. *REACT to Film*: We currently have 12, but everything is open to all Hofstra students and we want our events to get as many people.
  2. Chair Gitlin: Have you had any events or viewings?
    - a. *REACT to Film*: No our club was just passed last week by the University.
  3. Senator Ahmedin: Do you have to pay for the screenings?
    - a. *REACT to Film*: No we are going to try keep them free.
  4. Senator Ho: What is the current composition of your clubs in terms of classes?
    - a. *REACT to Film*: It is pretty balanced.
  5. Senator Ho: What is the role of the national organization in your club?
    - a. *REACT to Film*: I reached out to my national coordinator about every 2 weeks and we are always contacting and keeping them in the loop.

Additionally when replacing a leader the national organization is also a part of that.

6. *Senator Blain*: You said that you had a selection system for films; can you speak more about it?
  - a. *REACT to Film*: We get a selection of 12 films that we can use for the whole semester. These films are chosen by a vote by all the national leaders and then we can use those.
7. *Senator Gitlin*: What is the cost for the licensing?
  - a. *REACT to Film*: \$350 each for the main 2 films and then the other 10 films are free.

iii. Debate

1. *Senator Mishkin (Speaker For)*: When they first came on Monday I was confused, but we explained SGA recognition. She has made great changes to the constitution and it is clear that SGA (...). This club is also on comparable campuses including Emerson and Syracuse.
2. *Senator Pollock (Speaker Against)*: Although I agree with Senator Mishkin. We should remember that she is a senior and they have not had one event yet. We do not have much to see how they have flourished. I think we should wait to see how the new e-board steps up and then let them come back to us for recognition. There is a lot of potential now, but she is leaving so we need to see if the same potential exists.
3. *Senator Ahmedin (Speaker For)*: I think students would love this and this would be a great way to start conversation on this campus.
  - a. *Yielded to Senator Mishkin*: This bridges the gap between social issues and film and it will attract many people and can unify those students.
4. *Senator Blain (Speaker Against)*: We have been talking a lot about what we think and what we think students want. However, we do not know because they have not had an event. I know the bar is set at 10 members on Collegiate Link, but for a club that shows documentaries they need more than that.

iv. By a vote of 20-3-3, REACT to Film is now a SGA recognized club.
