MEMORANDUM

On March 15, 2016 the Offices of the Grand Chapter issued the following sanctions to the Mu-Mu chapter of Tau Kappa Epsilon International Fraternity at Hofstra University:

The chapter status will be moved to Charter Probation; effective immediately. Charter Probation is defined as; “...the status of a chapter which has been found guilty after trial of a triable offense as described in The Black Book”.

a. The chapter is NOT permitted to recruit, educate, and/or initiate any new members.

b. The chapter is NOT permitted to hold any social events while on Charter Probation. Specifically, the chapter may not host social events and/or functions with another organization, with or without alcohol, until the probation is lifted.

c. ALL chapter operations are suspended and the chapter may NOT in any way represent themselves as active members in Tau Kappa Epsilon until such time as the chapter is removed from Charter Probation and returned to “Active” status by the OGC.

d. ALL active members will be responsible for any individual debts to the OGC they may hold. Any balances owed will be communicated to each member to be paid by May 15, 2016.

e. The chapter will remain on Charter Probation through May of 2017 at which point their status will be evaluated by the OGC.

In partnership with Hofstra University, the Offices of the Grand Chapter has evaluated the chapter’s current status, and has made the following decision:

The Mu-Mu chapter of Tau Kappa Epsilon will remain on a Charter Probation status through the 2017-2018 fiscal year or until all known initiated members have graduated. Items a-d of the original sanctions issued to the chapter on March 15, 2016 will remain in effect until further notice. During this time, the Offices of the Grand Chapter will work with the Office of Student Leadership and Engagement at Hofstra University to decide on an appropriate time for Tau Kappa Epsilon’s return to campus in the future.
