Student Calendar and Guide to Residence Life Policies and Procedures

HOFSTRA UNIVERSITY
Welcome to the Office of Residence Life

Hofstra’s Office of Residence Life offers a variety of living environments designed to meet the diverse needs of students. Six of the residence halls are high-rise buildings; Bill of Rights offers all-female floors as an option for students on floors 6-13. In addition, Enterprise Hall offers an all-female option on its 8th floor. Vander Poel Hall offers a traditional, corridor-style living environment that houses an academic program for Hofstra University Honors College students. There are also four suite-style residence halls. Stuyvesant Hall houses first-year students and those who are part of the Leadership through Engagement, Advocacy and Dedication (L.E.A.D.) and International Exploration living-learning communities. Stuyvesant Hall is a four-story building with two common area lounges and laundry facilities on each floor. The Netherlands Complex also houses first-year students exclusively. There are 11 houses and eight living-learning communities offered in the Netherlands; students live together based on an interest in a common theme. This year’s themes include First Generation Student; Learn, Interact, Visit, and Explore NYC; Pre-Health Professions; Students Aspiring for Greatness in Entertainment; STUDIO; Math, Science, and Engineering; Zarb (business); and Communications. Colonial Square is a suite-style complex similar to the Netherlands, consisting of 12 individual houses. Each house has approximately 16 suites; students may choose suites with or without lounges. Within Colonial Square, Williamsburg House accommodates first-year students. Nassau and Suffolk Halls are six-story buildings, each containing a common area lounge on the main floor, and are reserved exclusively for upper-level students. Nassau Hall is home to our themed living communities – students living together who share educational, social, or extracurricular interests. Themed living communities located on the sixth floor of Nassau Hall include Gender-Inclusive Housing, New to New York, and Fitness. Gender-inclusive housing is also available on the 14th floor of Constitution Hall. The Graduate Residence Hall provides apartment-style accommodations for graduate, law, and medical students. It is located directly across from the Mack Student Center on the North Campus. Undergraduate students can apply for housing in any of the residential buildings except the Graduate Residence Hall.

Residence Hall Opening and Closing
The residence halls open the weekend before classes begin and close at noon on the day following the last scheduled final exam. Students who have not paid their fall bill in full by the end of the fall semester must check out of their rooms by December 20, 2019. At the end of the spring semester, all students are expected to move out 24 HOURS after their last final exam. The last move-out date for non-graduating students is May 16, 2020. During the summer sessions, certain residence halls remain open. You may not leave your belongings in your room or any other area of the residence hall. Students who disregard this policy will be subject to additional charges, disposal of belongings, and/or possible Community Standards sanctions.

Specifics regarding the dates of opening and closing of the residence halls are included in your assignment packet, posted in each building, and placed in mailboxes and on the Office of Residence Life website. Please read these notices. You are responsible for checking in and out according to the specified procedures, especially if you vacate prior to official checkout periods.

Early Arrival Fee
The Office of Residence Life accepts Early Arrival Request applications for students wishing to return early to their fall residential assignment. Interested students should submit an Early Arrival Request application, which can be found on the Documents and Downloads page at hofstra.edu/reslife. The application may be submitted in person to the Office of Residence Life, faxed to 516-463-4107, or emailed to Reslife@hofstra.edu. Students granted an early arrival will be assessed a fee of $50 per night. Please note: Students who arrive before their scheduled check-in date will be assessed this fee even if an Early Arrival Request application was not submitted.

Residence Life Staff
Our resident assistants, senior resident assistants, assistant/graduate resident directors, and resident directors are fully trained and available to assist you during your stay in the residence halls at Hofstra University. You are encouraged to become acquainted with your resident assistant (RA) and resident director (RD), who will answer your questions and make living on campus a positive experience for you.

Common Areas
There are common areas in each of the residence halls. The common areas in the high-rise residence halls are located on the 12th or 13th floor. Stuyvesant Hall has a common area on each floor. The common areas for Nassau/Suffolk, Colonial Square, and the Netherlands are located on the first floor of each house or building. These common areas may be used for study and/or social activities.

Residence Hall or House Kitchen
Cooking is permitted only in the public kitchen areas of each building and in the kitchens located in the Graduate Residence Hall. Kitchens are typically equipped with an oven, stove, and/or microwave. Cooking in rooms and hallways is prohibited because of the dangers of fire from overloaded wiring or faulty appliances. Cooking is restricted to designated areas that can be cleaned and inspected regularly. Please note the following exception: The use of University-approved refrigerator/microwave units and one-cup coffee makers (one per bedroom) in rooms is permitted. For further clarification on possession of appliances, please review the Residential Living Agreement.

Living With a Roommate
While we hope all roommates enjoy a positive experience, it is not guaranteed that you will become best friends, nor is that necessarily expected. When roommates don’t get along, it can make for a challenging year. The key to getting to know your roommate is communication. How do you work through problems with your roommate? Here are some tips:

• Talk to each other and communicate expectations regarding the living environment.
• Communication should be in person, not via text or social media.
• Consider your roommate’s perspective when sharing your feelings.
• Be a good listener.
• Remain constructive.
• When opinions differ, seek an agreeable compromise.
• Advocate for your needs.
• If you need a mediator, contact your RA or RD.

After you begin to get to know each other, you may be able to prevent problems by making a roommate agreement about room expectations. Many residents have great success with informal conversations, while others like to write an actual roommate agreement. Your resident assistant is available to help you negotiate a roommate agreement. Failure to negotiate or abide by an agreed upon roommate contract may result in more formal action. If you and your roommate think that negotiating a formal contract is a good idea, you will want to consider the following issues:

• Study time in the room/apartment.
• Visitation and guest policy.
• Bathroom use schedule for suite living.
• Sharing of food and cost of groceries.
• How you will handle any problems or conflicts.
• Use of one another’s property, including TV, computer, etc.
• Space for clothes, luggage, and storage.
• Cleaning the room, suite, bathroom, and/or apartment.
• Time for sleep/lights out.

Room Assignments and Room Changes
Room assignments/room changes are made pursuant to the Hofstra University Nondiscrimination Policy. Any conflict you may have can usually be resolved through open, honest communication and the help of your resident assistant (RA)/resident director (RD). If this is not possible, room changes generally begin after the second week of each academic semester or as soon as our fall and spring occupancy have been confirmed. See your RD for more information and the appropriate paperwork. Your RD can be found in your residence hall Monday through Friday, 9 a.m.-5 p.m., and by appointment. If you change rooms without written approval from the Office of Residence Life, you risk both a fine and disciplinary action. It is imperative that the Office of Residence Life be aware of your room assignment at all times. You are responsible to inquire as to the difference in room rates when switching rooms, and any additional costs will be noted on your room change form. Students accepting the room change are responsible for the difference in costs. If you are moving to a more expensive room, you will be billed automatically for the higher room rate and must settle any balance with Student Financial Services. For residents wishing to be assigned to a single room when one becomes available, residents must be on the single room waitlist. Residents may add their names to the single room waitlist by visiting the Office of Residence Life starting in September. Graduate/law and undergraduate seniors may sign up starting the first day of classes, then juniors, sophomores, and first-year students on subsequent days.
Residential Policies

Hofstra University has developed policies and procedures to ensure that all contractual relationships, as well as fire, safety, and maintenance standards, are upheld in the residence halls. In most instances, policies relate directly to the health and safety of residents and the condition of facilities. Since the ultimate responsibility for fulfilling these standards lies with the individual residents, all residents must read and abide by the Residential Living Agreement. A copy of the agreement is printed in this publication. If there is anything you need clarified, feel free to contact the Office of Residence Life.

A signed Residential Living Agreement is a binding obligation between the student and Hofstra University. The student is responsible for satisfying the full financial obligation of the contract in a timely manner consistent with published University payment schedules. Failure to meet the financial obligations to the University may result in the student’s required vacancy of their residential space. The student is obligated to reside in the facility stipulated in the contract and abide by the rules of conduct established for the residence hall system. Failure to do so will result in a fine and/or University sanction.

In addition to these regulations, all students are required to abide by University policies and principles as set forth in the Code of Community Standards.

Sanctions for breaking any of these rules range from a fine, warning, or probation to suspension from the residence halls or from the University. These policies are strictly enforced because of our commitment to ensure the health and safety of all members of our community. If you are banned from housing, you cannot enter a residence hall for any reason without permission from the Office of Community Standards; if you are the roommate/suitemate of the banned student and allow the banned student into the room/suite, you can be held responsible through the student conduct process and/or be charged for the entire room bill for having hosted the banned student. Anyone violating these policies may be subject to automatic disciplinary action under the Code of Community Standards.

Health and Safety Inspections

In order to maintain the highest standards of cleanliness and personal safety, maintenance and health and safety inspections are conducted on a regular basis. The University reserves the right to inspect students’ rooms at any time regardless of whether the rooms are occupied at the time of inspection. These health and safety inspections are conducted periodically during each semester by the resident director, graduate assistants, assistant directors, and the director of residential operations in conjunction with the resident assistant staff and Plant Department personnel.

Possession of a prohibited item in a residence hall will result in confiscation of the prohibited item and an automatic fine. If the prohibited item cannot be removed by university personnel or if the resident(s) is being cited for a particular action or behavior, a follow up date will be given for the resident(s) to come into compliance. Failure to pass a follow-up inspection will result in a fine. Although fines are generally the sanction for health and safety violations, any violation could be grounds for student conduct action. Confiscated items must be retrieved from the resident director on a day when you can show you will be taking the item off campus. Unclaimed items will be disposed of or donated to charity on the last day of the semester. Should additional concerns be raised, the Office of Residence Life reserves the right to pursue student conduct action and/or reassignment or removal from the residence halls. All students have a right to live in a residence hall free from disruptions to their daily living, which includes clean, safe environments.

The Following items* are prohibited in the Hofstra residence halls and will result in confiscation of the prohibited item and an automatic fine.

Health and Safety Violation Appeals

If you receive a health and safety violation fine, specific instructions on the appeals process will be provided to you at that time. Appeals of all fines must be made in writing by the deadline to the Health and Safety Violation Committee. The Committee will review the appeal and respond in writing to the student(s).

When it cannot be determined who is responsible for a violation, all occupants of the room, suite, or apartment will be fined the listed amount. Students assuming responsibility for the violation can do so in writing to the Committee (by the scheduled deadline) and have the charges against their suitemates/roommates rescinded. Dropping charges against suitemates/roommates rests with the discretion of the Office of Residence Life. Should you have any questions about the health and safety violation appeals process, you may email the Office of Residence Life at reslife@hofstra.edu.
It is the responsibility of each resident to remain vigilant with regard to the actions of fellow residents and guests. Should a resident observe vandalism being perpetrated, the resident should notify a Residence Life staff member and/or contact Public Safety, so the responsible person(s) can be held accountable. At the end of the academic year, if a student has incurred any additional charges (tuition, housing, etc.), any credit from the damage and vandalism deposit will be applied toward these charges. If there are no outstanding charges, then the damage and vandalism deposit will show up as a credit on the student’s account.

Damage and Vandalism Deposit

All residential students pay a housing deposit when they apply to live on campus. Once a student occupies a residence hall space, the housing deposit is then held for the academic year as a damage and vandalism deposit. This deposit is held in an account by the University and is credited to the student’s account. When room inventories have been made and damages have been assessed at the end of the academic year, costs to repair damage to the room, suite, and/or residence hall common areas will be deducted from the damage and vandalism deposit. If it should occur that the damage and vandalism deposit does not cover the damage charges incurred, the resident(s) will be responsible for the outstanding balance. Residential Operations and the custodial staff make every effort to determine the person(s) who caused the damage. If the University is unable to determine the specific individual(s) responsible, then the costs will be deducted from the damage deposit of all residents of the room, suite, floor or building, as appropriate. It is the responsibility of each resident to remain vigilant with regard to the actions of fellow residents and guests. Should a resident observe vandalism being perpetrated, the resident should notify a Residence Life staff member and/or contact Public Safety, so the responsible person(s) can be held accountable. At the end of the academic year, if a student has incurred any additional charges (tuition, housing, etc.), any credit from the damage and vandalism deposit will be applied toward these charges. If there are no outstanding charges, then the damage and vandalism deposit will show up as a credit on the student’s account.

Insuring Your Belongings

It is imperative that students safeguard their belongings. We encourage all students to have adequate insurance, either through a homeowner policy or by securing renters insurance. Many homeowner policies allow for a rider for renters insurance. Please discuss this matter with your insurance agent prior to your arrival at Hofstra. The University does not reimburse students for lost or damaged items.

Refrigerator/Freezer/Microwave Rental

The Office of Residence Life uses Campus Specialties, Inc. (CSI) as our exclusive provider of refrigerator and microwave rental units. For more information about renting a refrigerator or microwave, visit mymicrofridge.com. Students can purchase refrigerator/freezer units of 5.0 cubic feet or less for use in residential rooms; however, for safety reasons, only those refrigerator/freezer/microwave multi-units rented through a University-sanctioned vendor are permitted in on-campus residence halls. Please note that all units must be plugged directly into a wall outlet. Only one (1) refrigerator is permitted in a traditional room, and two (2) are allowed in a suite.

Community Damage Assessment

Please note that a Hofstra University union employee must fix any damage done to your residence hall room. No outside worker can be brought in, and you may not fix any damage yourself. In the event that an individual floor or other clearly delineated area of the building suffers damage, the Office of Residence Life has the option to limit the liability to the residents of that area. Itemized damage reports will be available periodically upon request in the Office of Residence Life. Excessive damage may lead to students of an area being reassigned or removed from the residence halls.

To prevent a “see no evil” approach to damages perpetrated against University property, we must offer some incentive toward responsible action. The damage and vandalism deposit used for the repair of major damages to common areas serves to increase each student’s investment in the residence halls and promotes a feeling of community pride. It gives each resident the right to object actively to destructive acts by fellow students and increases the probability that the community of students will become self-monitoring and insist on individual responsibility for behavior. This policy is our best attempt to create a system that emphasizes the importance of citizenship and active participation. We make every attempt to administer this policy as fairly as possible. Good citizenship and responsibility by all residents will remove the need to invoke this policy.

All residents of the building will share costs for damage done to community areas (such as lounges, hallways, bathrooms, living rooms, and plate glass) that cannot be assessed to the individual responsible for the damage. When dealing with damages to common areas, the Office of Residence Life considers each building an individual community. Residents will share equally in the cost of repairs that cannot be ascribed to those liable for the damage. It is up to you to let the Office of Residence Life know who has caused the damage in order to avoid everyone in your building sharing the cost.
Quiet and Courtesy Hours

Quiet hours are 11 p.m. to 9 a.m., Sunday through Thursday, and midnight to 10 a.m., Friday and Saturday. Most buildings also offer 24-hour quiet hour options. Courtesy hours are in effect 24 hours a day, seven days a week, 365 days a year. If a student is disturbing another resident because of noise and is asked to quiet down, this request should be honored, regardless of the time of day. Should a resident of a Quiet Floor violate the Quiet and Courtesy Hours policy, the resident may be relocated to another room or residence hall. During finals week, 24-hour quiet hours are in effect in all residence halls. Violation of Quiet and Courtesy Hours by student(s), resident(s), and/or guest(s) may result in a violation of the Student Code of Conduct, and violators may be asked to leave the residence hall immediately.

Overnight Guests

Prior to having overnight guests, please discuss your plans with your roommate(s) and suitemate(s). Although we hope that these matters can be worked out, a roommate’s objection to a guest overrides an individual’s right to have an overnight guest. An overnight guest is defined as a person who is not officially assigned to live in the residential space and typically stays in the space beyond midnight. Guests must be escorted into the residence hall by the residence host. The resident is responsible and accountable for the behavior of their guests. It is the responsibility of the resident to inform guests of residence hall policies and other University policies, and those guests are expected to abide by these policies and standards. Guests of residents may remain overnight for no longer than three consecutive nights and six nights total in a semester but not without prior approval from the resident’s roommate(s) and suitemate(s) (if applicable). Unauthorized persons who occupy housing for longer than three nights may be charged the full cost of the room. Failure to abide by guest policies may result in the host losing visitation rights or residential status and/or being subject to disciplinary action and/or receiving a fine. The right of a student to live in reasonable privacy takes precedence over the right of a roommate/suitemate to entertain guests. In determining when guests should be invited to the room, apartment, or suite, common sense and mutual respect must prevail. All guests must be registered at the building security booth. All overnight guests must sign in/out with the resident safety representative (RSR) each time they enter and egress the building. Students who are asked to vacate the residence hall due to non-registration status may not stay on campus as guests of current residential students. All guests are expected to abide by all University and Office of Residence Life policies, procedures, and regulations. Failure to abide by these policies, procedures, and regulations may result in indefinite denial of guest privileges in Hofstra’s residence halls or housing complexes. During the summer sessions, overnight guests may reside in the halls for a period of 24 hours only. Violation of this policy may result in the resident or guest being billed for the cost of summer housing. Disciplinary action may also be taken. Children under the age of 17 are not allowed to stay overnight or visit in the residence halls unless accompanied by a parent or guardian and approved by the Office of Residence Life.

Custodial Services

The University employs staff whose responsibility is to clean public areas of the residence halls, including lobbies, lounges, hallways, stairwells, common bathrooms, and kitchens. Bathrooms in the high-rises are cleaned seven days a week during the fall and spring semesters. Bathrooms in suite-style areas are cleaned during the winter intersession and spring break. Schedules are posted in the residence halls to notify students of the cleaning schedule. However, maintaining cleanliness in the residence halls is the responsibility of residents as well as custodial staff. To make the job easier, please wrap all trash in bags before you throw it away in the large receptacles in the public areas. This is especially necessary with food. While custodial staff clean the high-rise bathrooms every day, they have only a limited amount of time to do so. Please clean up after yourself so they will have more time to devote to the major work of cleaning the facilities. During the two times per year that suite bathrooms are cleaned, residents are required to remove all their items from the bathroom countertop and shower stall, and allow the cleaning staff to enter. The suite door will be left open while custodians are cleaning the bathroom. Failure to comply with this requirement will result in a health and safety violation fine of $100 for each student sharing the suite. In addition, when a student vacates a room, a custodial team will enter the room to clean the space. Students living in double rooms should be aware that if one roommate moves out, the vacated half of the room will be cleaned. Because of this, it is important to note that the vacant half of the room or apartment must remain clear of any personal belongings. If excessive cleaning is necessary, a monetary fine will be issued. Please consult with the Student Health and Counseling Center about the proper procedure for discarding medical waste.

Recycling

Hofstra University makes significant contributions toward protecting the environment through its comprehensive recycling program. Our efforts include an active recycling program at all dining facilities. Plastics, cans, and bottles are collected in all buildings for recycling. Also removed from the waste stream by Hofstra are the following items: mixed paper, cardboard, cooking grease and oil, lamps, batteries, vehicle used oil, antifreeze, and paint thinners.

Posting Policy

Posting of fliers without approval of the Office of Student Leadership and Engagement or Office of Residence Life, or posting of fliers by persons other than Residence Life staff is a violation of the posting policy. Students or groups wishing to post fliers in the residence halls must obtain a copy of the posting policy at the Office of Residence Life, Room 126 Wellness and Campus Living Center, North Campus.

Solicitation Policy

The conducting of an enterprise for personal profit is prohibited in or around University-operated living units. Residential networks and computer services may not be used for solicitation. Door-to-door solicitation for any purpose is prohibited. Parties that are hosted for the purpose of selling merchandise are prohibited in the residence hall lounges and/or the residence hall rooms. Residence hall rooms/lounges cannot be used for outside lectures, concerts, demonstrations, displays, exhibitions, or in any manner as a means of promoting commercial companies, products, or services. Residence halls are dedicated exclusively to providing a living environment that is conducive to activities associated with student life and academic success. Charitable solicitations not in conflict with this policy may be arranged with your RD. These charitable solicitations must be held in accordance with all University policies. Violation of this policy may result in a violation of the Student Code of Conduct.

Painting

A year-round painting schedule is in effect for all University buildings and residence halls. Should a resident’s room be scheduled for painting, the resident will be notified approximately five to seven working days in advance by an email to the resident’s Hofstra Pride account and with a notice placed in the room. When a room is scheduled to be painted, all items must be removed from the walls and/or ceiling. Residents are encouraged to move all items away from the walls toward the center of the room. Residential students with allergies will be given alternative housing the evening after the painting has occurred. Residence hall rooms may not be painted except by University personnel. Failure to have the room prepared as scheduled and/or violation of this policy may result in a violation of the Student Code of Conduct and/or fines.
Your Safety Is Our No. 1 Priority

Your safety matters most to us. As such, Hofstra University residence halls are equipped with an interior fire alarm system with detection capability throughout the building. This includes smoke detection, heat detectors, and pull-box stations. All residence halls are protected by a sprinkler system. Where required, some residence halls are protected by carbon monoxide detectors. All fire safety and building access systems are monitored by the Department of Public Safety, 24 hours a day, 365 days a year. Additional information about fire safety on campus is available in the Annual Security and Fire Safety Report, which can be accessed at hofstra.edu/campusfiresafety or by calling Public Safety at 516-463-6006. Hofstra University policies relating to fire safety are in accordance with New York state law and Nassau County ordinances. Our primary concern is the safety and well-being of the members of our community, and, as such, new policies have been created and existing policies have been modified to ensure that Hofstra University provides a safe environment and is in compliance with all New York State Fire Codes and those of the Nassau County Fire Marshal’s Office. Students must comply with the specific policies listed below as well as all other policies listed in The Living Factor, Hofstra University’s guide to residential living. In addition, as per the International Fire Code, information and training related to fire safety are presented on an annual basis to all students enrolled in higher education. Any violation of these guidelines is considered a violation of the Student Conduct Code.

1. Door Chocking (Propping): A door leading out to a main hallway (common area), used as fire and/or smoke door, should not be chocked (propped) open, blocked, or obstructed to prevent the normal self-closing operation of said door. [ref; IFC F-703.2]

2. Electric Wall Outlets: All electric cords from devices must be plugged directly into a wall outlet or an approved surge protector strip. All surge protector strips must be plugged directly into the wall outlet. All appliances must be plugged directly into a wall outlet. No extension cords are permitted in residence halls. Furniture should not obstruct a wall outlet as to prevent an electrical plug from easily being removed from the outlet (without first moving the furniture). [ref; IFC F-605.5]

3. Items Suspended from Ceilings and Walls: No items shall be suspended from the ceiling or within 24” of the ceiling as to obstruct or cover lighting, smoke detectors, and/or sprinkler heads. [ref; IFC 901.6 and 805.1 and 315.2.1] No decorative, holiday, or themed lighting shall be placed/hung on or around doors or windows.

4. Decorations: No tapes or fabric items (including flags) shall be placed on the ceilings or walls of any room. Wall coverings may include pictures and posters, but may not exceed 50 percent of total wall space. Tapestries and/or fabric items (including doormats) shall not be placed in common areas. [ref; IFC 304.1] No window curtains or valances are permitted to be hung in rooms/suites/apartments.

5. Natural Cut Trees: No natural cut trees of any sort shall be erected in the common or living space of any residence hall. [ref; IFC 804.1.1]

6. Candles/Incense: No candles (including those used for “decoration only”), incense, or anything that burns are permitted in residence halls.

7. Smoking: Hofstra University is a smoke-free environment. There is no smoking or lighting of smoking-type products, including e-cigarettes, vaporizers, and hookahs, in any residence hall/room or facility on the Hofstra University campus. For more information about Hofstra’s smoke-free policy, please visit hofstra.edu/smokefree.

8. Malicious Damage/False Alarms: The alteration and/or destruction of fire safety equipment affects the safety of all members of the Hofstra community. Malicious damage to any fire safety equipment, including fire extinguishers, exit signs, fire doors, and emergency lighting, and/or the activation of a fire pull station (when the threat of fire is not present) is a crime and is not tolerated at Hofstra University. Violators will be prosecuted to the fullest extent of the law.

9. Refrigerator/Microwave: Residents may bring their own refrigerator for their residence hall room or suite. The size and number of these refrigerators are limited (one per room or two per suite) due to the electrical current they draw and the limited electrical outlets in the residence hall rooms and suites. (All appliances must be plugged directly into a wall outlet.) The refrigerator must be an energy-efficient model and may not exceed 5 cubic feet in size. Any refrigerator larger than 5 cubic feet in a residence hall room and/or suite is a violation of Residence Life policy. Additionally, personal microwaves are prohibited in on-campus residence hall rooms and suites. The University has made arrangements with a vendor to provide both refrigerator and refrigerator/microwave rental units at competitive prices. (Visit the Residence Life website for a contact information.) Students can purchase refrigerator/freezer units of 5.0 cubic feet or less for use in residential rooms, for safety reasons, only those refrigerator/freezer/microwave multi-units rented through a University-sanctioned vendor are permitted in on-campus residence halls. Refrigerators must be plugged directly into the wall electrical socket and not a surge protector.

10. Electrical Appliances Policy: Due to safety issues, the following items are prohibited in the residence halls: hot plates; electric skillets; toaster ovens; toasters; hot oil popcorn poppers; halogen lights; sun lamps; electric heaters; refrigerators larger than 5 cubic feet; microwaves; electric grills; deep fryers; humidifiers; hover boards, similar devices, and their chargers; multiple outlets; extension cords; and any other appliances deemed by the Office of Residence Life as being inappropriate for residence hall use. All permissible appliances must be plugged directly into a wall outlet. Additionally, black light bulbs in University light fixtures are prohibited. Residents of the Graduate Residence Hall are permitted to have one (1) of each of the following per suite: coffee maker, toaster (NOT toaster oven), electric tea kettle, and rice cooker.

11. Cooking Policy: Cooking in student rooms is allowed where kitchen facilities are a standard part of the room’s facilities and in community cooking locations. Various food and beverage vending machines are located in the lounges or residences of the residence halls. For refunds for vending machine purchases, follow the instructions posted on the front of the vending machines. Report malfunctioning kitchen appliances or vending machines to the resident assistant. Stoves for student use are located in each lounge; please use them safely. Barbecues are prohibited but can be contracted from Dining Services for student groups/gatherings. There is a $100 fine, per appliance, for possession of prohibited cooking and/or electrical appliances in the residence halls. Any additional violation of this policy is grounds for further disciplinary action and/or fines. All students must comply fully with all Hofstra University fire safety regulations.

Evacuation/Fire Alarm Procedures: Evacuation is necessary when any building’s fire alarm has been activated or the building becomes uninhabitable because of an event such as a fire, flood, gas leak, contamination, pandemic flu, extreme weather conditions, or the loss of critical services. The response depends on the extent of the emergency. Hofstra community members should familiarize themselves with the evacuation routes posted in the buildings they live in or use frequently. If an evacuation order is issued for a building, cooperate fully with Public Safety/emergency personnel and:

• Don’t panic. Stay calm.
• If possible, take keys, wallets, and essential belongings with you.
• If possible, wear weather-appropriate clothing.
• If your door feels hot, place a wet towel under it and DO NOT OPEN IT. Instead, open your window slightly, if you need air. While you await rescue, call Public Safety at 516-463-6789 or 911 to ascertain that they know your location. Make your presence known by waving something from your window.
• If the hallway is filled with smoke, crouch down as low as possible (smoke rises) and hug the wall. Walls eventually lead to an egress.
• DO NOT USE ELEVATORS. USE ONLY STAIRS; elevators turn into chimneys when there is a fire and may malfunction due to heat/smoke.
• Close, but DO NOT LOCK DOORS.
• Provide assistance to those with physical disabilities.
• Evacuate in a safe and orderly fashion to the nearest evacuation assembly point (as determined by University personnel) and await additional instructions.
• Move away from the building. Do not return to the building until instructed to do so by Public Safety.

General Evacuation Procedures: Public Safety officers will move evacuees to an evacuation assembly point where University personnel will conduct a census to establish that the evacuation is complete. (Each building has been assigned an evacuation assembly point; check with your RA for your building’s assembly point.)

Evacuation of Individuals with Physical Disabilities: Public Safety officers will assist individuals with physical disabilities in an evacuation, making every effort to lead them to safety. Hearing-impaired students have TTY phone capability in their residence hall rooms, and the fire alarm system is connected to strobe lights. If you have a disability that could impair your ability to perform any of the above: Please inform Public Safety or Student Access Services of your circumstances upon arrival at campus and request a meeting to discuss any special emergency response accommodations needed. Please note that a master list of all residential students requiring assistance during a building evacuation is maintained by Student Access Services. Please contact Student Access Services to ensure inclusion on this list. Any student may:

• Call the Department of Public Safety at 516-463-6789 or call 911 and tell them where you are located and what assistance is needed.
• Notify their professors that assistance will be needed if an evacuation of any academic building is deemed necessary.

Continuing students who leave during Week 1 will receive a 100 percent refund of their housing payments, less the residence hall fee, including applicable intersession charges. All students vacating the residence halls during Weeks 2 through 4 will forfeit their residence hall fees and will receive a refund according to the schedule above. After the fourth week of the spring semester, no refund is given. In addition, students who do not return to Hofstra for the spring semester must vacate their rooms at the end of the spring semester. No refunds, including housing, dining, or residence hall fees, will be granted based upon a student not receiving their room/building preference.

Room Selection

Current residents returning for the next academic year are given the privilege of participating in advance room sign-up. Detailed information regarding the room selection process is sent to students’ Hofstra Pride email accounts during the spring semester. Any returning student who wishes to participate in the room selection process for the following semester must be currently registered and in good financial standing with the University. Additionally, any residential student who decides to leave the residence halls prior to the start of the selection process may lose housing priority status for future semesters. Students who are student teaching or participating in internships that require them to live off campus during the spring semester may be pulled into a multiple occupancy room by a current spring resident during the room selection process.

On-Campus Housing Eligibility

Students who enter the University and reside on campus are eligible to continue to reside on campus for a maximum of eight (8) continuous semesters. Those who enter as transfer students are eligible for housing priority based on the credits accepted for transfer. (Note: Eligibility is dependent upon maintaining the necessary residency requirements as outlined in the Residential Living Agreement.) If a student chooses to move off campus at any time, the student will lose eligibility for housing. If the student chooses to return to campus, the request will be considered on a space-available basis. Upper-level students seeking to reside off campus may seek guidance from the Office of Commuting Student Services and Community Outreach.

Intersession/Interim Housing

The residence halls at Hofstra University remain open during the January intersession period between the fall and spring semesters. This option is offered to all students without charge, provided that the residential student is registered for housing during the spring semester. Students are surveyed in October regarding their intentions for spring housing. If your plans regarding spring occupancy change, you must notify the Office of Residence Life as soon as possible. Students who do not intend to return to Hofstra for the spring semester must vacate their rooms at the end of the fall semester.

Students who reside in the residence halls during the intersession and subsequently decide not to live on campus for the spring semester will be charged a $200 room usage fee plus a daily rate for the number of days they remain in University housing and a $1,500 cancellation fee if they remain registered students at the University. If you cancel housing after December 21, 2019, and remain a registered student at the University, you will be held responsible for the costs associated with that room, until you officially check out of your room with a staff member. Checking out requires returning the keys and officially processing your Room Condition Report with a staff member.

Summer Housing

Students interested in summer housing will have the ability to apply online beginning in April. All rules and procedures remain the same during Summer Sessions except that all living areas are coed. Move-in and move-out dates will be published on the Office of Residence Life website (hofstra.edu/reslife). There is an additional cost for summer housing.
**Residence Hall Association**

The Residence Hall Association (RHA) is an elected group of residential students who serve on both the executive board and committees of RHA and serve as the overseers of the Student Activity Fee budget. Each academic year, residential students pay an RHA fee, which provides monetary support to an array of Residence Councils, resident assistant, and campuswide programs. The mission of RHA is to provide educational, social, and philanthropic programs for residential students at Hofstra University throughout the academic year. A few past events include Laser Luau, Glow in the Dark Roller Skating, Siblings Day (co-sponsored with the Office of Parent and Family Programs) and RELAYE (a fundraiser for Hofstra’s Relay For Life). As part of RHA, each residence area has a Residence Council whose executive board and general members are composed of the residential students of each complex. Residence Councils are responsible for assisting with large-scale programs. To find out how you can get involved in RHA or with the Residence Council in your area, please contact your resident director or speak with your own RA.

**National Residence Hall Honorary**

The National Residence Hall Honorary (NRHH) is composed of only the top 1 percent of on-campus residents who exemplify the qualities of an outstanding student leader. Induction into NRHH is by nomination and application only. Admission is based on actions and achievements within the four pillars recognized globally by NRHH: academics, recognition, community service, and leadership. The purpose of NRHH is to maintain and honor these four pillars, as well as recognize those residing in on-campus housing who uphold certain academic standards and who act as leaders within their community. Lastly, NRHH promotes activities that improve the leadership qualities of Hofstra University residents. For more information and/or an application, please send an email to reslife@hofstra.edu.

**Dining Plans: Changing and Canceling**

You may cancel or change your dining plan by completing the required form and returning it to the Office of Residence Life, Room 126 Wellness and Campus Living Center, North Campus. The deadlines to cancel or change your dining plan are August 12, 2019, for medical students and September 18, 2019, for all other students during the fall 2019 semester, and January 13, 2020, for medical students and February 10, 2020, for all other students during the spring 2020 semester. No changes or cancellations will be accepted after these dates, regardless of dining plan usage. Any refunded amount will be sent to Student Financial Services and credited to your account. Additionally, dining plans are activated each semester. Therefore, the dining plan you choose for the fall semester will also be charged to your account for the spring semester unless you notify the Office of Residence Life in writing that you would like to change your dining plan. If applying for a dining plan online, students will be held accountable for the dining plan contracts they sign via their electronic signature. Dining plan conditions are very specific, so please contact the Office of Residence Life should you have any questions about the dining plan. First-year residential students (those with fewer than 30 credits) who do not select a dining plan will automatically be assigned Dining Plan 5, and any other undergraduate residential student will be assigned Plan 2, as it is a condition of residency to purchase a dining plan. Commuting students are not required to sign up for a dining plan.

Any student not residing on campus over the summer should update their mailing address in late April by following the instructions at Hofstra’s new on-campus locker location “Cria” as their delivery address and retrieve their orders at that location by entering a unique pick-up code on the locker touch screen. The new Amazon Locker is located in the lower level of the Student Center, in the hallway between the Pride Den and the Game Room. To access Hofstra’s locker and set this location up as your preferred locker, visit

amazon.com/eduroam

Please provide questions or concerns related to the locker to the 1-(800) number listed on the locker.

Hofstra Vision

Hofstra offers residents a range of great television channels. Televisions with a clear QAM-capable tuner are required to receive the channels. Scanning for channels is necessary, and channels are subject to change without notice. Students will need to bring a coaxial cable or may purchase one at the Hofstra Bookstore. Students can now WATCH LIVE TV AND RECORDED SHOWS ON their MOBILE DEVICES ON CAMPUS via STREAM2. Visit help.mystream2.com and click “STREAM2 Compatibility” to see what features are available on your device or browser.

Residents can find a listing of available channels at hofstra.edu/hofstravision. Setup and troubleshooting steps may be found at hofstra.edu/hofstravisionhelp.

Wired and Wireless Network Access

Hofstra provides students, employees, and University guests with wireless internet access in all University buildings and many outdoor spaces. Details can be found at hofstra.edu/wiresh. A student may request to have the wired network port in their residence hall room activated online; see hofstra.edu/wiresh for details.

Amazon Locker is a self-service delivery service offered by Amazon. Amazon customers can select Hofstra’s new on-campus locker location “Cria” as their delivery address and retrieve their orders at that location by entering a unique pick-up code on the locker touch screen. The new Amazon Locker is located in the lower level of the Student Center, in the hallway between the Pride Den and the Game Room. To access Hofstra’s locker and set this location up as your preferred locker, visit

amazon.com/eduroam

*During peak times, the Locker may be unavailable due to capacity. The Locker will appear greyed-out during check-out; this means the Locker has no available slots to receive your package. Please please questions or concerns related to the locker to the 1-(800) number listed on the locker.

EdTech

EdTech provides technological services and support to assist students in learning. Two open-access labs are available for computer use and general support. Hammer Lab is located across from the Axinn Library and is open 24/7. Calkins Lab is located in Room 106 Calkins Hall. Each lab has all the applications you need to complete your academic work. Telephone and walk-in support is available from the Technical Support Center, Room 125B Axinn Library, located in the back of Hammer Lab. These services are available seven days a week, 8 a.m. to midnight, during the fall and spring semesters (with some exceptions). The Computer Repair Center, Room 125B Axinn Library, also located inside Hammer Lab, offers free warranty repairs for most Apple computers. Diagnostics are always FREE; non-warranty repairs and upgrades are offered at competitive rates. Learning Support is located in Calkins Lab and offers software support for students. Hofstra’s secure wireless network, eduroam, is available in all buildings and many outdoor spaces.

In addition to wireless connectivity, every residential student can request an active network port in their room, which provides a high-speed connection to the internet. Students who choose to use this service can stop by the Technical Support Center for a free Ethernet cable. Students can also sign up for a free Office 365 subscription and download the full version of Microsoft Office (at NO ADDITIONAL COST) via the ‘My Apps’ button on the Hofstra portal. For additional information about EdTech, please call 516-463-7777, option 1, or visit edtech.hofstra.edu.

Mail Forwarding/Change of Address

Effective the day after undergraduate commencement, packages addressed to any residence hall except for the summer residence hall will be returned to sender by the U.S. Postal Service. ONLY first class mail will be forwarded to a student’s address of record. As third class and bulk rate mail is not forwarded, the Office of Residence Life strongly urges you to contact companies with which you have magazine subscriptions to give them your summer address.

Summer residents must use the address for the summer residence hall (typically Bill of Rights or Alliance Hall) to avoid mail disruption. Any student not residing on campus over the summer should update their mailing address in late April by following the instructions at hofstra.edu/reslifeaddresses.
Public Safety
The Department of Public Safety at Hofstra is located in the Mack Public Safety and Information Center at the southeast corner of Hempstead Turnpike and California Avenue. The dedicated members of the department are responsible for ensuring the safety of approximately 13,000 community members and 3,200 residential students, and securing 244 acres of campus property. Public Safety officers are New York state-certified first responders who are trained in first aid, CPR, and other emergency medical care.

The Department of Public Safety is open 24 hours a day, 365 days a year. Detailed information about Public Safety is available at hofstra.edu/publicsafety. Students are encouraged to read the Annual Security and Fire Safety Report, which is also available on the Public Safety website and contains important information regarding emergency policies and procedures, as well as crime and fire safety statistics that have been reported to the University.

Resident Safety Booth
Each residential building has a 24-hour resident safety booth. The resident safety representatives who staff the booths are specifically trained to help you and to enforce the security policy for your living area. Please cooperate and always swipe your HofstraCard when entering the residence halls.

Parking
Parking permits are required for all students, faculty, and staff who have a vehicle on campus. Note: All students, including first-year students, are permitted to have cars on campus, as long as they are registered with Public Safety and adhere to all parking and motor vehicle regulations. Failure to comply with parking regulations may result in fines or towing fees. If students have any questions about parking on campus, they are encouraged to speak with the Department of Public Safety.

University Shuttle Services
University shuttle services are provided to students free of charge. Shuttles transport students to the Mineola and Hempstead Long Island Rail Road stations, local shopping centers, and residential areas surrounding the campus. Schedules for the shuttle are available on the Public Safety webpage.

Residence Hall Room Security and Responsibility
The safety of residential students begins and ends with the students themselves. There is a great deal that residents can do to help support the efforts of the Department of Public Safety in ensuring a safe living environment. Do not leave yourself vulnerable to theft; do not prop your door open when you leave your room. In addition, it is imperative that you monitor your surroundings and report any suspicious behavior to Public Safety. When you enter your residence hall, be sure to comply with all security policies related to presenting identification. Please remember that visiting students and guests must comply with the residence hall’s security policies and be signed in as a guest with the resident safety representative. Finally, although it may be a courtesy to hold a door for someone entering the residence hall, please make sure that individuals use their Hofstra ID card to swipe into the residence hall, especially people with whom you are unfamiliar.

Keys/HofstraCard
Residents must not lend or otherwise permit others to use their keys or HofstraCard at any time. If you misplace your keys, contact Public Safety to gain access to your room. If, after gaining access to your room, you are still unable to locate your keys, file a lost or stolen key report by contacting Residential Operations in the Office of Residence Life, Monday-Friday, 9 a.m.-5 p.m. (or Public Safety after 5 p.m.) to request a lock change. The locksmith will leave a note on your door, and you can pick up your new keys from your resident director or the RA on duty. You will be billed a minimum of $35 per cylinder change and $25 per key.

Policies Regarding Alcohol and Other Drugs
The Policy on Alcohol, Illegal Drugs, and Other Controlled Substances delineates individual and community expectations regarding alcohol and other drugs. Hofstra policies and student conduct codes are thoroughly outlined in the Code of Community Standards within Hofstra’s student handbook, the Guide to Pride (hofstra.edu/guidetopride). All students are responsible for understanding and abiding by the policies of Hofstra University; those violating community standards will be subject to disciplinary action.

Student Health and Counseling Center (SHACC)
The Student Health and Counseling Center (SHACC) offers accessible short-term medical care and counseling services to all enrolled Hofstra University students. Our providers are experienced in addressing health-related concerns commonly seen on college campuses and advocate a wellness approach to health care. Students are encouraged to become partners in managing their physical and psychological health needs through education and knowledge. All health care is confidential, and information is released only at the written request of the student, or where law, regulations, or emergencies require it. Students can call the SHACC in the morning for a medical appointment and most likely be seen that day. Walk-ins are permitted and will be seen as quickly as possible. All patients are requested to arrive 15 minutes prior to their scheduled appointment time to complete or update any paperwork. Students should present their current HofstraCard at each visit. Individual short-term counseling is available to all Hofstra students at no charge. Workshops and psychoeducational groups are provided at no cost. To make an appointment online for health services, students can:

1) Log on to the Hofstra portal
2) Go to My Apps
3) Click on Medicat
4) Go to Appointments
For more information, or to schedule an appointment by phone, please visit the Wellness and Campus Living Center, North Campus, or call 516-463-6745.

Medical Waste Disposal Policy
Medical waste is any biological waste that is capable of releasing or exposing potentially infectious, communicable disease to another person during handling of items, such as sharps or needles contaminated with any bodily fluids. All medical waste must be disposed of in the appropriate container according to University policy.

All sharps must be placed into specialized sharps containers that either you have supplied, or is provided in your residence hall for disposal. Sharps containers must be made of a rigid material (i.e., plastic). Sharps containers must be puncture resistant, leak proof on the sides and bottom, properly labeled, and closable. Each sharps container must either be labeled with the universal biohazard symbol and the word “Hazard” or be color-coded red. Sharps containers must be maintained upright throughout use, replaced routinely, and not be allowed to overfill. Bring your secured sharps container to Student Health and Counseling Center for disposal.

Student Access Services
The Office of Residence Life works closely with Student Access Services to meet the housing needs of students with disabilities. Students with documented disabilities may be assigned to rooms that meet their disability-related needs.

To be considered for special housing accommodations, please contact Student Access Services at 516-463-7075 or sas@hofstra.edu. Students will be asked to apply for services and provide appropriate documentation of their disability before housing accommodations will be considered. If an ADA-compliant room is not being occupied by a student with a disability, it can be assigned to a student without a disability with the agreement that the room may be reassigned if a student with a disability requires the space.

Assistance Animals
Hofstra University recognizes that Assistance Animals can play an important role in facilitating the independence of some individuals with certain types of disabilities. Therefore, per the Fair Housing Act, Hofstra University provides reasonable and appropriate accommodations for a student, documented with a disability, for an Assistance Animal in residence housing.

As per the Guide to Pride, before bringing an assistance animal onto campus, the requesting individual must submit a request and appropriate supporting documentation. A student who is living in on-campus housing (residence halls) must make a formal request to Student Access Services for an accommodation.

The review process may take up to or more than 30 days. New incoming students should submit their request by June 1 for the fall semester and November 1 for the spring semester. When applications submitted after the 30-day deadline will be accepted and considered, there is no guarantee that Hofstra University will be able to meet late applicants’ accommodation request, including any needs that develop during the semester. Student Access Services will review the requests in collaboration with Residence Life.

Code of Community Standards
Hofstra’s Code of Community Standards outlines the rights and responsibilities of all student members of the Hofstra community. The Office of Community Standards works with students who have violated University policy to encourage and support better decision-making skills and personal choices. The office also provides guidance to students who report a violation of their student rights.

Students are expected to take an active role in encouraging all members of the community to maintain Hofstra’s behavioral standards. Residential students in particular are expected to join with the Office of Community Standards in developing behavioral expectations and in monitoring and enforcing these expectations within their floor/house/residence hall.

The Office of Community Standards works closely with Residence Life, Public Safety, and a number of other departments to uphold community standards and carry out the student conduct process in a manner that respects the rights of both the individual and the community at large. If a student violates these standards, Hofstra University may take appropriate disciplinary action.

The Code of Community Standards not only outlines proper conduct, but it also illustrates all the policies and procedures in our student conduct process. Students charged with violating University policy may face sanctions as a result of their actions. A complete version of the Hofstra University Code of Community Standards is available in the Guide to Pride, which can be found at hofstra.edu/guidetopride. Questions regarding these student expectations can be directed to the Office of Community Standards located in Room 240 Mack Student Center (516-463-6913).

Dean of Students
The Dean of Students Office at Hofstra University assists students as they work toward meeting their academic and personal goals. Members of the Dean of Students Office can assist you by serving as a resource on campus, resolving a problem, helping you get involved on campus, supporting your club or organization events, or putting you in contact with the appropriate personnel or department on campus. The Dean of Students has direct oversight of the following areas: Residence Life, Residential Operations, Student Advocacy and Prevention Awareness, Student Leadership and Engagement (including Intercultural Engagement and Inclusion, Interfaith Center, Orientation and New Student Programs), HofstraCard Services, Campus Recreation, Commuting Student Services and Community Outreach, and Community Standards. The office also works closely with Dining Services, Facilities Management, and Public Safety, and provides 24/7 emergency, on-call response for the University. The Dean of Students office is available to all students and is conveniently located in Room 243 Mack Student Center. Please call 516-463-6913 or email DeanoStudents@hofstra.edu if you need assistance. We look forward to getting to know you!

Missing Student Policy
(Residential Students) Rev. May 2013
It is the policy of the Office of Residence Life at Hofstra University to investigate any report of a missing student living in one of the University’s residence halls. All students residing in a campus residence hall are requested to complete a Confidential Contact Information Form, available upon check-in to their residence hall. The residential student is asked to identify the name and contact number of the individual(s) to be contacted in the event the student is determined to be missing, as set forth below. This contact information will be registered confidentially and may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation and authorized Hofstra University officials, including Public Safety officers.

Hofstra understands that students may make arrangements to stay outside of the residential halls, and as such the location of students in the halls is not monitored by resident assistants or other University staff. If a student intends to leave their residence hall for an extended period of time, the student is strongly encouraged to leave the address of their residence hall so that the student cannot be located or has not been assigned, Public Safety will inform the appropriate law enforcement and/or local law enforcement agencies. When a “Confidential Contact” cannot be located or has not been assigned, Public Safety will inform the appropriate law enforcement agency and/or make contact with the resident student’s parent or legal guardian. If you need assistance. We look forward to getting to know you!
