TO: THE HOFSTRA COMMUNITY

FROM: PAUL ROMANO
DIRECTOR OF PHYSICAL PLANT

SUBJECT: SNOW REMOVAL/PARKING RESTRICTIONS

December through March are potential snow months. As the snow accumulates, parking fields and roadways must be cleared. This task can be accomplished quickly and easily if vehicles are not scattered throughout the campus. When there is a threat of snow, please make every effort to park near other vehicles.

For parking field locations, please refer to the campus map on the reverse side.

PARKING FIELDS 1 AND 1A HAVE BEEN DESIGNATED SNOW EMERGENCY PARKING AREAS FOR FACULTY, ADMINISTRATION, STAFF AND COMMUTING STUDENTS. THESE AREAS ARE LOCATED EAST OF CALIFORNIA AVENUE, BEHIND MONROE LECTURE CENTER.

RESIDENT STUDENTS (TOWERS, NETHERLANDS, NASSAU-SUFFOLK) ARE REQUESTED TO RESTRICT THEIR PARKING TO FIELD 7, EAST OF OAK STREET AND WEST OF THE TOWERS.

ALL PARKING ALONG COLONIAL DRIVE WILL BE PROHIBITED.
ALL VEHICLES SHOULD BE MOVED TO PARKING FIELDS 6C AND 6D. SIGNS AND BARRICADES WILL BE PUT IN PLACE, AND ALL VEHICLES WILL NEED TO BE MOVED PRIOR TO THE SNOW.

Vehicles parked in areas other than designated snow emergency parking areas will be towed at the owners’ expense and risk. If a student is asked to move his or her vehicle and refuses to do so, that student will face the University judiciary system for disciplinary action and a fine.

Your cooperation in complying with this request will be of great assistance to the Physical Plant Department and will increase the efficiency of snow removal. Thank you.
