

Summer 2021 Literacy Program Registration Information

Welcome to the Reading/Writing Learning Clinic

Hofstra University's Reading/Writing Learning Clinic at the Joan and Arnold Saltzman Community Services Center provides state-of-the-art services for children and adolescents who seek to develop their abilities and confidence as readers and writers. Instructional services are designed to foster literacy growth and allow learners to take risks as they develop their proficiency as readers and writers. All professional services are provided by New York state-certified educators, who offer parents straightforward advice about how to support their children's literacy growth.

Our goals are to:

- Build students' literacy strengths.
- Develop confident readers and writers.
- Support the use of proficient reading and writing strategies.

Literacy Instruction

New York state-certified educators carefully craft unique learning experiences based on the interest of the learners, ensuring that reading and writing remain fun and meaningful. Whether you are looking for an opportunity to develop your child's skills and strategies to successfully address the challenges of the New York State English Language Arts curriculum, to inspire and motivate a reluctant reader or writer, or to explore the joys of reading and writing, there is something for every learner at the Reading/Writing Learning Clinic. Please note that all small group literacy instruction sessions will be held on campus in summer 2021. Remote options are available for individual sessions. We will follow all CDC and New York state guidelines in effect at the time.
