Call to order

Meeting Called to order at 6:36 PM EST

A. Quorum Call
   a. Quorum set at 31
      i. Chair Congdon moves to open the gallery
         1. Motion seconded
         2. Motion passed

B. New Business
   a. Welcome Julie Yindra!
      i. SAS has been growing in the past few years – serving 880 students in the Hofstra community
      ii. Working to accommodate students with all disabilities (apparent and non-apparent), and educate the community on academic ableism
      iii. The pandemic presents the opportunity to adopt a new perspective on living in this community and how we can best make changes
      iv. Wants to work with SGA and student leaders to make changes to accessibility (lower level of student center, wheelchair-accessible rooms, display cases in the student center, “universal design,” etc.)
   v. Questions:
      1. Senator Velasquez: I attended the event last week, would you be interested in attending a programming committee meeting to help brainstorm future events?
1. Julie Yindra: Count me in! There are ways for us to get to the right audiences and we have to work on how we can get people to attend events.

Chair Singh: One thing I am working on is making Hofstra more accessible; would you be interested in setting up a meeting?

a. Julie Yindra: Absolutely. If we partner together, the better the outcomes we can get.

Senator Behm: Could you tell us if there are any plans to save Zoom for accessibility reasons?

a. Julie Yindra: I think going back to normal has presented some problems and some things are good in person, but we don’t want to make students do certain things. We would rather evaluate the benefits and see what we can carry forward and implement into Hofstra long term. A difficult path I am willing to go down. The new administration presents us an opportunity to pitch new ideas.

Chair Congdon: Aside from virtual events, what is one thing that could make our events/meetings/forums more accessible?

a. Julie Yindra: One thing I am working on to give to DSA and other leadership organizations is a set of guidelines for preparing events, a checklist, that can provide information on how to make events as accessible as possible. I think people want to provide a welcoming environment and people just do not know how to do that. There have been events in the past that have excluded people from attending due to accessibility. We are working to make sure that contracts reflect accommodations and instead of creating barriers.

Chair Funk: Do you have concerns about public safety and are there any concerns that students with disabilities may not be having their accommodations met?

a. Julie Yindra: I would love to have the opportunity to have a meeting with the new leadership to discuss disabilities for students.

b. Yoga Club Recognition

i. Sofie Ramirez - President since 2019

ii. Student run organization open to every Hofstra student,
iii. Recognized recreational sport, allows students to take time for themselves and focus on their health and wellness

iv. Bi-weekly practices, co-host events with other club sports in-person before COVID, on zoom, and now back in person

v. Previously recognized - lost recognition due to COVID complications, couldn't transition to an online format and membership went down

vi. Now, able to meet in person, building the membership back and up and need the budget reinstate

1. Questions:
   a. Comptroller Kaludis: Do you guys do any fundraisers?
      i. Sofie Ramirez: I was handed a broken club that was doing the bare minimum. We have done community service events before, but I do plan on holding fundraisers.

   b. Senator Velasquez: Do you know how many active members there were before COVID and then now?
      i. Sofie Ramirez: It reached a peak amount before COVID, about 40–60 people a week. We had to move to a bigger space and it was the biggest the club has ever been. Now, we have about 15 on Sundays and 15 on Wednesdays, and our 4 person e-board. About the same.

   c. Senator Pandit: What does a typical yoga club meeting look like?
      i. Sofie Ramirez: It was great because we would have our normal practice but then incorporate other wellness practices. We spend a lot of time together and working on collaborating with other clubs on campus.

   d. Senator Velasquez: I know you said during the pandemic you struggled with the elections, if there were 40 active members how come you couldn't fill the e-board?
      i. Sofie Ramirez: We knew each other and the e-board reached out to members but then had problems with attendance and people being interested in running. It was the second election of COVID where we had many members graduate and attend school remotely.
e. Chair Doherty: You are graduating in December; do you feel confident the club can sustain itself?
   i. Sofie Ramirez: I feel very confident that they are going to be able to maintain the organization. We all work very closely together and we make decisions together. I know that when I leave they will be able to step up.

1. Chair DeBiso moves to recognize Club Yoga
   a. Motion seconded
   b. Motion passed in a vote of 29-1-1

2. Comptroller Kaludis moves for a 15 min recess
   a. Motion seconded
   b. Motion passed

c. S.A.2021.86.007
   i. Quorum set at 31
      1. Chair DeBiso moves to close the gallery
         a. Motion seconded
         b. Motion passed
      2. Chair Funk moves for a 20 min moderated caucus
         a. Motion seconded
         b. Motion passed
   i. Chair Doherty: Something we discussed, #6 & 7 can be combined into one question. I would propose: What communities on campus do you feel comply well with Community Guidelines regarding COVID-19?
      1. A. Students
      2. B. Faculty and Staff
      3. C. Both
      4. D. Neither
   ii. Chair Funk: This question was made so that students could distinguish between students and staff.
   iii. Chair Germaine: We know there are questions that are very similar. We want to get rid of #2 & 3. We already have a question (8), we can get rid of one.
Questions 10 and 11: We don’t need these questions as they don’t help with initiative. Question 12 doesn’t apply to the data. 13, 14, 15 we plan to get rid of since we can ask during the advocacy forum.

iv. Chair Singh: #17, we want to change from the scale to a ranking (which one is most important to you) so students can identify that. Question they are multi part questions and we should reword:

1. **How best do you agree with the following statement:** It would be beneficial to continue to provide virtual learning options.
   a. Strongly Disagree
   b. Disagree
   c. Neutral
   d. Agree
   e. Strongly Agree

2. We should also strike B, C, and D in Question 19, as well as questions 20, 21, & 22.

ii. Senator Boothe: Friendly change. For question 19, this would help more with initiative so if you are pitching for an initiative then you can have data to back it up.

iii. Senator Annabali: I agree, #19B is a better option. I was wondering what the intention was with the swim center questions

   1. Chair Singh: I agree and for the swim center we just wanted to address hours and lack of awareness.

iv. Chair DeBiso: I want to respond to 20 & 22, I know that for 20 it talks about hours for the fitness center and they are understaffed which is why their hours are shorter and they are working on this.

v. Senator Egolf: Going back to #18, I know the different parts talking about covid guidelines is to put 6 & 7 separate so that we could still get data on
vi. Senator Behm: I agree with the importance of 18A. I think for 21B I don't know if that extends to dorms but I know there have been problems in the past.

vii. Senator Stadeker: For questions 8 & 9, if there is a way to combine those that would be great.

viii. Chair Funk: For 9, I am working on that for an initiative. I need this data for the initiative I am working on. As for 6 & 7, we proposed wording. For 13, what is everyone's opinion?
   1. Comptroller Kaludis: We can only renovate the southside of campus. This may not get the same reach in the advocacy forum.

ix. Senator Wallace: For #18 I agree on what has been said and why it is important, and 19D we want to make sure that Hofstra is making the effort to work on sustainability.

x. Chair Singh: 18A is the one we are keeping. For 19, the reason I wanted to keep A was because after having meetings we found out students didn't know.

xi. Senator Stadeker: For 11, do we need that question? May be able to answer in a different way.

xii. Chair Campbell: We could do a poll.

xiii. Chair Germaine: If we look at 21, RHA also works on initiatives and we could collaborate with them.

xiv. THE Comptroller Kaludis: they have their own budget.

xv. Chair Congdon: Multi-part questions are discouraged. Keep in mind the ones that will be the most efficient in data collection.

xvi. Chair DeBiso: I want to talk about #1. It is two questions in one. Keep it in mind because we want to combine them.

xvii. Chair Funk: Proposed language
   1. How comfortable do you feel using the Ethicspoint reporting system?
a. **Strongly Agree**
b. **Agree**
c. **Neutral**
d. **Disagree**
a. **Strongly Disagree**

b. Chair Germaine: I have brought the point of this question to CDIO and having this data will be important.

c. Senator Seigel: What is the main goal with these specific questions?
   i. Chair Campbell: Mine are about academics (accommodations in classrooms, zoom, etc).
   ii. Chair Germaine: Agreed. For #4, ethics point was a great start but we need data to try and get further with the initiative.
   iii. Chair Singh: My questions were about food on campus, options, sustainability, facilities, etc. There were many cuts from the SA just because they may be better asked in a different setting.
   iv. Chair Funk: #9 I am really interested in. #8, about student health and counseling, I would want to focus on counseling and #16 on student health based on experiences and observations of students and this resource.

2. Chair Doherty moves to extend speaking time by 15 minutes
   a. Motion seconded
   b. Motion passed
      i. Senator DeCrescenzo: For the most recently proposed language (#1) I would suggest changing to:
         1. How comfortable do you feel using the Ethicspoint reporting system?
            e. Very comfortable
            f. Comfortable
            g. Neutral
            h. Uncomfortable
            a. Very uncomfortable
      ii. Senator Stadeker: For #12, I know other students have issues with parking.
iii. Chair Funk: We were thinking:
   1. How would you rate the parking on campus?
      a. Consistently good
      b. Inconsistent
      c. Consistently bad

iv. Senator Egolf: I know we said that # has two questions in one and if there was any proposed language.
   1. Chair Funk:
      a. Do you feel that you have been provided adequate resources for sharing any concerns or issues that you may have?
         i. If yes, has SGA provided those resources?
      b. Yes/No
         i. No
   ii. Senator Egolf: Since we can’t do a drop down, a “Strong agree, agree,...” is better.
   iii. Chair Funk: Do we think “adequate resources is too vague”
      1. Senator Behm: Would it be possible to add another option (yes, no)
      2. Chair Germaine: It wouldn’t help. Having it without the SGA section would make it more vague.
      3. Chair Congdon: Two part questions are not good. For that question, it is just complicated and problematic and may not be worth your time. You may want to strike that question.
      4. Chair Germaine: Seeing that we address counseling and student health, I think it would work to strike this question.
5. Comptroller Kaludis: I think it is a great question because it reaches many people.

6. Chair DeBiso: I do want to agree since SHS and SCS are big on campus but SAS is big too and even though we have questions on health and counseling there are other departments that could be covered by this question.

7. Senator Egolf: “Adequate resources” may be kind of vague so mentioning something more specific would be better. “Do you think SGA has adequately provided resources...”

8. Chair Campbell: Do you think if we combine #4 and 8 that would or just 8? “Does SGA make resources such as SHC, etc available? Strongly agree...”

9. Chair Funk: I think I was thinking that they were originally under the SHACC, and there is some confusion amongst students. Question 4, being that it is too vague, I would be okay not including that.

10. Chair Germaine: We have resource questions already on there, so I don’t think #4 is necessary because there may be a better way to find this data.

11. Chair DeBiso: Can we do “check all that apply?”

12. Chair Congdon: Yes so long as the question does not contain more than 5 options.
Chair Singh: Be mindful it #4 It is vague, but may be better asked in another setting. We have to keep these questions down to what we really need.

Chair Funk: If the check option that applies and check the resources.

Senator Siegel: Since these questions are important, is it possible to have a secondary survey?
   a. VP Aquino: Not usually.

Comptroller Kaludis: In terms of resources, we offer a lot of resources that people know about. The survey will reach those students.

Chair Funk: If we have the drop down with campus offered resources, separate questions with SGA resources in a checklist.

Chair Singh: If we do the check list, we would still have #4. In terms of 8 & 9 would we still have that?

Chair Funk: The separate questions should be combined but 9 would be separate.

Chair DeBiso: If we were to do the check box, if we could incorporate #14 that may be beneficial.

Chair Campbell: I want everyone to keep in mind that this proposal would put us at 12.

Cair Germaine moves for a 5 min unmoderated caucus
   a. Motion seconded
   b. Motion passed
      i. Chair Campbell: Recap of questions
      ii. Chair DeBiso: Combine 14 into 4 with a checklist
iii. Senator Annabili: Is 13 relevant?
iv. Chair Germaine: We want to provide a study space question for later initiatives
v. Chair Funk: Would we need an initiative for the study space
vi. Comptroller Kaludis: It would be tricky and yes.
vii. Senator Behm: #5 “additional” may be problematic, don't want to put accommodations as an afterthought.
viii. Chair Campbell: want to just strike additional?
ix. Chair Funk: Yes, we should agree on the ones we are striking and then work on the language.
x. Chair Germaine: Striking 2, 3, 10, 11, 15, 18B, 18C, 19A, 19B, 19C, 20, 21, 22

Chair Campbell moves to strike 2, 3, 10, 11, 15, 18B, 18C, 19A, 19B, 19C, 20, 21, 22
1. Motion seconded
2. Motion passed

Chair Germaine moves to replace questions 6 and 7 with:
1. What communities on campus do you feel comply well with Community Guidelines regarding COVID-19?
   a. A. Students
   b. B. Faculty and Staff
   c. C. Both
   d. D. Neither
2. Motion seconded
3. Motion passed

Senator Egolf moves to strike 8, 16, & 14 and replace with: Which of the following resources are you aware of? Check box: Student Health Services, Student Counseling Services, Student Access Services, Center for University Advising, none.
1. Motion seconded
2. Motion passed

Chair DeBiso moves to strike question 4
1. Motion seconded
2. Motion passed

vi. Chair Campbell moves to strike “if you are a commuter” from question 12
   1. Motion seconded
   2. Motion passed

vii. Senator Annabali moves to strike “additional” from question 5
    1. Motion seconded
    2. Motion passed

viii. Senator P moves to add the option “does not apply to me” to question 12
     1. Motion seconded
     2. Motion passed

ix. Senator Stadeker moves to change language for question 17 to “rank the following from most to least important, with one being the most important, and four being the least important.”
    1. Motion seconded
    2. Motion

x. Chair Germaine moves to strike the second question in #1
   1. Motion seconded
   2. Motion passed

xi. Chair Germaine moves for a 3 mins moderated caucus
    1. Motion seconded
    2. Motion passed

   a. Chair Germaine: Thank you for the suggestions. We could add “I don’t know.” This would help the data.
   
b. Chair Funk: I would suggest the same. “I don’t know” and “I haven’t used”
   
c. Senator Egolf: I think both options would be good.
   
d. Senator Jackson: should we be more specific
   
e. Senator Annabali: I think yes or no would be too restrictive. “I don’t know what it is” that may be better.
   
f. Chair Doherty: We could change it to an “anonymous ethics point system” to help with comfort.
   
g. Chair Campbell: Only anonymous if you choose to make it anonymous.
3. Chair Funk moves to replace question 1 answer choice to: yes, no, I don’t know what EthicsPoint reporting system is.
   a. Motion seconded
   b. Motion passed

4. Chair Doherty moves to change question 18 to “How best do you agree with the following statement: It would be beneficial to continue to provide virtual learning options.”
   a. Motion seconded
   b. Motion objected
   i. Speaker for Julie: This came out of my committee. The original language was too pointed so the new language would be better. Takes out bias. We changed from zoom to virtual learning, so we didn’t leave anyone out.
      1. Chair Funk: In terms of virtual learning options change, it would be better to not be specific to cover more bases.
   ii. Speaker against Lincoln: I think that the proposed language puts a point onto the question. The term beneficial is opinionated. I would say “teachers should have the ability to provide virtual learning options.”
      1. Senator DeCrescenzo: My only concern is that everything starts with a positive option, so changing the order of the answers would be better.
      2. Chair Campbell: I think the data we’re trying to get is whether or not this should be promoted.
   iii. Speaker for Thomas: I didn’t notice the bias originally. I would propose a new language.
      1. Chair Singh: I agree changing the wording would be a good option.
a. Motion failed

xii. Chair Doherty moves to change the wording of question 18 to “How best do you agree with the following statement: I would like Hofstra to continue to provide virtual learning options (classes, programming, etc) Strongly Agree,...”
   1. Motion seconded
   2. Motion passed

xiii. Chair Funk moves to change the word of question 8 from “know” to “understand”
   1. Motion seconded
   2. Motion passed

xiv. Chair Funk moves to hold a straw poll to gauge favor regarding a question pertaining to SGA resources
   1. Motion seconded
   2. Motion passed

xv. Chair Funk moves for a 5 min moderated caucus
   1. Motion seconded
   2. Motion passed
   a. Chair Funk: This is to gauge how well students are finding these resources. I would like options for this answer.
   b. Comptroller Kaludis: We should include treasurer training and appropriations.
   c. Chair DeBiso: An option should be to include coming to CR.
   d. Chair Congdon: We have 10 questions.
   e. Chair Kaludis: I think this is an important question even if we are one over.
   f. Senator Boothe: This would provide us with a different data point we could use for sustainability. This survey also acts as a promotional tool for services on campus.
   g. Senator Egolf: Do we think a possible option would be the SGA office? Would including that be a good thing?
   h. Chair Funk: I think having this question is extremely important. It will bring the issues to top of mind. We should have no option.
i. Chair Congdon: If it goes over by one we may have to do this again.

3. Chair Funk moves to extend speaking time by 2 mins
   a. Motion seconded
   b. Motion passed
      i. Chair Funk: There is an important distinction between Hofstra resources and SGA resources.
      ii. Comptroller Kaludis: We could replace the question about food because we can agree and we don’t need data on that.
      iii. Chair DeBiso: “Check all that apply: Which of the Student Government Association (SGA) resources are you aware of?"
         1. Plan Van
         2. Appropriations
         3. Club Resources Committee
         4. Pride and Purpose Advocating Workspace
         5. None of the above
      iv. Chair Doherty moves to extend speaking time by three minutes and twenty seven seconds
         1. Motion seconded
         2. Motion passed
            a. Chair Doherty: These are all good points. These could be moved to the forum.
            b. Chair Singh: There is a whole new group of freshmen, and if I could have data that the food is bad then that would be important.
            c. Comptroller Kaludis: We’ve talked about this in every survey and that data wasn’t helpful. Using the question
for something else would be beneficial.

d. Chair Germaine:
Respectfully, the data is old and we need new data.

4. Chair Campbell extend speaking time by 3 mins
   a. Motion objected
      i. Speaking for Chair Campbell: I just wanted to talk about the vendor and the number of questions.
         1. Chair Doherty: I am curious about the vendor.
         2. Senator Annabali: I think this is important.
         3. Chair Funk: We should have Calob explain, since 11 is a debatable number. I do agree that new data is important alongside old trends.
         4. Senator Jackson: I think this is important.
         5. Senator Egolf: I think this question is important.
      ii. Speaking against Chair DeBiso: We have talked in circles. We can just ask Chair Congdon.
      iii. Speaking for Chair Singh: We have been here a long time. But this is important.
          1. Senator Annabali: This is important.
          2. Chair Funk: Let us just hear Calob.
             a. Motion passed
          b. Chair Doherty: We need to cut off at 10. If not the food questions, then we need to find.
          c. Chair Congdon: Yes, 12 has worked in the past, but we shouldn’t try for that. The shorter the better.
          d. Senator Egolf: Maybe something about the study space question and move that under that question.

5. Chair Doherty moves to extend speaking time by 2 mins
   a. Motion seconded
b. Motion passed  
   i. Chair Doherty: I know SGA has a voice on study spaces.  
   ii. Chair Singh: I agree to cut the study space question.  
   iii. Comptroller Kaludis: I respectfully disagree because I am trying to find study space.

6. Senator Stadeker moves to strike study space question from the SA  
   a. Motion seconded  
   b. Motion passed

7. Chair DeBiso moves to add “Check all that apply: Which of the following Student Government Association (SGA) resources are you aware of? Plan Van, Treasurer Trainings, Club Resources, Pride and Purpose Advocating Workspace, None of the above”

   b. Motion passed
