

RESIDENTIAL LIVING AGREEMENT for the 2025-2026 Academic Year

Hofstra University Graduate, Law, and Medical Students

Notice: Please read carefully all the provisions of this Agreement before signing and submitting the Student Housing Application; you will be legally bound by these provisions. This AGREEMENT is entered into by Hofstra University ("the University"), through its Office of Residence Life, and the student signing this Agreement.

1. The University grants to the student the right to use certain residence hall space subject to the conditions hereinafter set forth and to the student's continued attendance in good standing as a properly registered full-time student at the University. This Agreement is not a lease. The University reserves the sole and exclusive right to terminate this Agreement in accordance with applicable law.
2. The Residential Living Agreement binds the student for both the fall and spring semesters. Any student who leaves the residence halls at any time after taking occupancy of the room will be charged a \$1,500 cancellation fee. Occupancy of a room begins when the student takes possession of the room key. Occupancy is not based on whether a student is physically in the room. Students are required to complete their ERCR (electronic room condition report), via their portal within 48 hours of taking occupancy of their room and are responsible for ensuring the accuracy of their suite and or room condition report. Students who fail to complete their ERCR (electronic room condition report) within 48 hours or contact the Residence Life Office to report discrepancies are therefore accepting the condition of the room as noted on the original report. This cancellation fee may be waived with written approval for reasons that include but are not limited to graduation, study abroad, student teaching, military service, official University withdrawal, and official leave of absence. Students may incur charges for the January Session where applicable pursuant to paragraph 16 of this Agreement if they maintain occupancy of the room during that session.
3. The \$300 housing deposit is paid prior to the student's first semester living on campus and is required the first time a student completes the housing application. The \$300 housing deposit (a) is not deducted from the housing bill, and (b) will be forfeited by any student who for any reason fails to take occupancy of a room or leaves the residence hall during the first week of classes. If not otherwise forfeited, the \$300 deposit is held in an account by the University during the student's entire residency on campus. The \$300 housing deposit is refunded to the student after their on-campus residency ends, provided that at the time of checkout, there has been no damage to the room or common areas **AND** there are no outstanding balances on the student's account. During the semester, if there has been damage to the room or common areas, charges applied for lost or broken keys, or health and safety violations assessed, the student is responsible for paying those fees in order to maintain a \$300 housing deposit. The \$300 deposit will not be refunded due to failure to receive a preferred style of housing.
4. Where a student withdraws the housing application, the \$300 deposit will be released if the student submits a request in writing postmarked on or before May 1 for the fall semester (May 15 for medical students) and on or before January 1 for the spring semester. No deposit will be released after these dates, regardless of when the student applies for housing.
5. Students who withdraw from housing are entitled to a prorated refund of housing charges through the fourth week of taking occupancy of the room, subject to (a) the cancellation fee described in paragraph 2 of this Agreement; (b) the forfeiture of the deposit as described in paragraph 3(b); and (c) University refund policies. No refunds will be given for housing charges after the fourth week, and no refunds will be provided because a student did not receive a preferred style of housing. Residence hall fees are nonrefundable after the student takes occupancy of the room.
6. If a student is withdrawn from the University for any reason, including lack of attendance, or the student officially withdraws, the student's Residential Living Agreement is immediately terminated, and the student is required to vacate the residence halls within 72 hours of the effective date of their withdrawal.
7. All students who withdraw from housing must complete the ERCR (electronic room condition report) via their portal, return the room key and any suite keys in the Resident Assistant Office of their building/complex, and complete the checkout procedures before any refund will be authorized. If a student fails to comply with these conditions, the student will be considered to be continuously using the residence hall space until the procedures are satisfied and will be held liable and billed on a prorated basis for use of the residence hall beyond the student's last date of attendance.
8. All room and board charges are payable by semester in accordance with the due dates established on invoices sent to the student. In all cases, the student is required to pay the charges due for that semester before being admitted to the residence halls, unless the University Office of Student Financial Services agrees to other arrangements. Unless the invoice is paid in full by the due date, the University reserves the right to void this Agreement and reassign the accommodation while retaining all prepayments. Students who apply for housing after the start of the fall or spring semester will have their room costs prorated and must pay housing charges for the semester before being admitted to the residence halls.
9. The Office of Residence Life has the sole right to determine the occupancy and configuration of any room. The Office of Residence Life has the sole right to make or change assignments in the University residence halls. No unauthorized persons are permitted to reside in the University residence halls except in accordance with University guest policies.

10. When the student is assigned a space in the residence hall prior to the beginning of a semester or as a continuing resident for the following semester, the student must check in no later than the first day of classes, unless prior to the first day of classes the student furnishes written notice to the Office of Residence Life of good cause for the late arrival. If a student does not meet this requirement, the Office of Residence Life may cancel the residence hall assignment, and the student will forfeit the \$300 housing deposit. Students must be registered full time for the upcoming spring semester by the end of the official registration period during the fall semester in order to reside in the residence halls for the January and/or spring term.
11. When vacancies occur in any residence hall, the University reserves the option either to fill the vacancy or, if a double, triple, or quadruple room, to require the remaining occupant or occupants of the vacated room to occupy a like accommodation or accept an additional charge. Students who are assigned to temporary housing are required to move to a permanent assignment when instructed by the Office of Residence Life.
12. In the event that, in the opinion of the University, any portion of the residence halls requires investigation, repair, or temporary closing for health and safety reasons, the student(s) occupying that portion of the residence halls may be required to vacate the area. In the event that other residence hall space is available, comparable space will be offered to such student(s). If appropriate, the University in its sole discretion may adjust housing charges in such situations.
13. Residence Life, authorized University personnel, and the New York state/Nassau County fire marshal and other authorized government or fire/emergency officials may enter a student's room at any time for inspection, cleaning, inventory, maintenance, painting, and repairs, and in the event of building evacuations or emergencies. A student's room may also be entered and searched if there are reasonable grounds to believe that a crime or violation of University policies or Residence Life regulations is being committed.
14. Students are responsible for all damage or loss that is done to their living or study area or any furnishings therein. Vandalism may result in reassignment or termination of this Agreement. Each student is jointly responsible (with the other residents) for damages and may be charged a prorated share of the cost of whatever damages may occur, from any cause, to the public and semipublic areas of the residence hall. In all cases, the University assessment is conclusive. The student must also surrender the room key and any suite keys and complete the checkout procedures upon completion of the Agreement period(s) to fulfill provisions of this Agreement.
15. The University and its officers, employees, and agents assume no responsibility for the loss, damage, or destruction of personal property kept or stored in the residence halls. During vacation periods, the student shall remove all valuables from the residence halls and may be required to remove all property between the fall and spring semesters. Residents are encouraged to insure their belongings.
16. The University may provide a room in one of the residence halls, and board, if available, on an optional extra-fee basis for students during periods other than the fall or spring semester. Students electing this option may be required to move to another residence hall or other University facility for this period, and all the terms and conditions of this Agreement shall apply. This paragraph is not applicable to medical students.
17. Dining dollars contracts are available for all residential students.
18. The following conditions/restrictions shall apply at all times in all areas of the residence halls, and failure to comply may constitute a breach of this Agreement and may result in judicial action being taken. ***The list below is not an exhaustive list of prohibited items, actions, and behaviors and is subject to change as per Residence Life policy and Nassau County and New York state fire codes.***
